Mobile Lifeworlds Christopher A. Howard, 2016-07-15 Mobile Lifeworlds illustrates how the imaginaries and ideals of Western travellers especially those of untouched nature and spiritual enlightenment are consistent with media representations of the Himalayan region romanticism and modernity at large Blending tourism and pilgrimage travel across Nepal Tibet Bhutan and Northern India is often inspired and oriented by a search for authenticity adventure and Otherness Such valued ideals are shown however to be contested by the very forces and configurations that enable global mobility The role ubiquitous media and mobile technologies now play in framing travel experiences are explored revealing a situation in which actors are neither here nor there but increasingly are inter placed across planetary landscapes Beyond institutionalised religious contexts and the visiting of sacred sites the author shows how a secular religiosity manifests in practical bodily encounters with foreign environments This book is unique in that it draws on a dynamic and innovative set of disciplinary and theoretical perspectives especially phenomenology the mobilities paradigm and philosophical anthropology The volume breaks fresh ground in pilgrimage tourism and travel studies by unfolding the complex relationships between the virtual imaginary and corporeal dynamics of contemporary mobile lifeworlds

Toward Equity and Social Justice in Mathematics Education

Tonya Gau Bartell, 2018-08-14 This critical volume responds to the enduring challenge in mathematics education of addressing the needs of marginalized students in school mathematics and stems from the 2015 Annual Meeting of the North American Group of the Psychology of Mathematics Education PME NA This timely analysis brings greater clarity and support to such challenges by narrowing in on four foci theoretical and political perspectives toward equity and justice in mathematics

education identifying and connecting to family and community funds of knowledge student learning and engagement in preK 12 mathematics classrooms and supporting teachers in addressing the needs of marginalized learners Each of these areas examines how race class culture power justice and mathematics teaching and learning intersect in mathematics education to sustain or disrupt inequities and include contributions from scholars writing about mathematics education in diverse contexts Included in the coverage Disrupting policies and reforms to address the needs of marginalized learners A socio spatial framework for urban mathematics education Linking literature on allywork to the work of mathematics teacher educators Transnational families mathematical funds of knowledge Multilingual and technological contexts for supporting learners mathematical discourse Preservice teachers strategies for teaching mathematics with English learners Toward Equity and Social Justice in Mathematics Education is of significant interest to mathematics teacher educators and mathematics education researchers currently addressing the needs of marginalized students in school mathematics It is also relevant to teachers of related disciplines administrators and instructional designers interested in pushing our thinking and work toward equity and justice in mathematics education *Guided Inquiry* Carol C. Kuhlthau, Leslie K. Maniotes, Ann K.

Caspari, 2015-10-13 This dynamic approach to an exciting form of teaching and learning will inspire students to gain insights and complex thinking skills from the school library their community and the wider world Guided inquiry is a way of thinking learning and teaching that changes the culture of a school into a collaborative inquiry community Global interconnectedness calls for new skills new knowledge and new ways of learning to prepare students with the abilities and competencies they need to meet the challenges of a changing world The challenge for the information age school is to educate students for living and working in this information rich technological environment At the core of being educated today is knowing how to learn and innovate from a variety of sources Through guided inquiry students see school learning and real life meshed in meaningful ways They develop higher order thinking and strategies for seeking meaning creating and innovating Today s schools are challenged to develop student talent coupling the rich resources of the school library with those of the community and wider world How well are you preparing your students to draw on the knowledge and wisdom of the past while using today s technology to advance new discoveries in the future This book is the introduction to guided inquiry It is the place to begin to consider and plan how to develop an inquiry learning program for your students *Journal of Public Service & Outreach* ,1997 **Self+Culture+Writing** Rebecca Jackson, Jackie Grutsch McKinney, 2021-09-21 Literally
