Reflections Of An Aspiring Curmudgeon:

Reflections of an Aspiring Curmudgeon Felix Berardo, 2005-10 Why would anyone aspire to be a curmudgeon Because among other things they mock and debunk pretense and hypocrisy they are noted for having high uncompromising standards Curmudgeons disdain mediocrity and fraud and use humor as their principal weapon The topics covered whether dealing with Bottled Water Cats Affluent Consumption Keys Collectors or Fear of Death to name but a few are replete with wit irony and sociological insight In Keys for example Dr Berardo notes The importance of keys in our lives comes abruptly into focus whenever we misplace or lose them Our minds frantically search for the time place where we last saw these guardians of our possessions and keepers of our privacy these protectors of our offices and homes these essentials for starting up our vehicles With regard to women s purses and men s wallets he notes I don t know how much time in a lifetime women spend searching for things in their purses but I bet it is significantly more than that exercised by men In the tradition of Mark Twain Berardo relates his intensely personal experiences and observations on human behavior to larger societal trends and changing values Often hilarious always profound these essays enlighten and entertain *Living is Risky* Felix M Berardo, 2006-07 It has been suggested that the best hope for achieving a longer and healthier life lies in voluntary efforts derived from personal choices This means that individual change must be directed toward the modification of lifestyles and the choices associated with them Every lifestyle is a complex of related attitudes habits and other behaviors that in essence constitute a death style Each death style in turn carries with it various degrees of risk taking Our survival potential both in terms of quality and longevity is significantly enhanced or diminished by certain attitudes and habits and their associated risks This dimension of survivor education is a central focus of this book While it largely concentrates on individual culpability the societal context is also emphasized Indeed threats to our welfare often come from institutional or corporate activities that are beyond our control

The Get-Over-Yourself Self-Help Book and Other Essays Sylvia Shawcross, 2011-11-18 The Get Over Yourself Self Help Book and Other Essays presents a collection of vignettes narratives and rants that detail the often absurd business of getting on with life In an attempt to aspire to a so called higher life many of us fear both death and youth reaching for perfection through the latest technical gadgets that encourage us to cling to preconceived notions of ourselves and to define ourselves through a text message But is that really any way to truly live Baby boomer columnist and curmudgeon Sylvia Shawcross believes that satirists have a purpose in this world to help others to laugh at the absurdity of life In her second compilation of humorous reflections Shawcross begins with a hilarious recounting of the frustrating chain of events that occur when she attempts to replace a broken remote at the electronics store and continues with a series of lighthearted essays where she reveals the unconventional and often wacky behavior of those she encounters daily From the reasons behind rampant consumerism to the forced reprogramming behind ten digit dialing Shawcross contemplates issues of global importance while encouraging all of us to wake up and smell the high priced latte for sadly as she says this is just how it is The
