Reflections On Canadian Character:

Reflections on Canadian Character Bob Couchman, 2014-10-01 In *Reflections on Canadian Character* From Monarch Park to Monarch Mountain Bob Couchman offers a critical examination of Canada's social welfare state and its evolution. The story begins in the 1940s in Monarch Park, a working class neighbourhood where the community provided assistance and care when people were in need and government programs were viewed as a temporary helping hand for those who were destitute or suffering. In the 1950s and 1960s government expanded its social welfare agenda and Canadian attitudes began to change. Social programs that were intended to provide short term aid came to be viewed as a universal right something all Canadians were entitled to regardless of need or financial situation. Couchman witnessed first hand the effects of this shift away from collective responsibility and toward individual entitlement. While Canadians increasingly depend on government for aid many programs fail to provide adequate support. Such failures combined with the fundamental change in the character of Canadians threaten our very future as a caring society.

Reflections on Canada's Past, Present and Future in International Law/Réflexions sur le passé, le présent et l'avenir du Canada en droit international Oonagh E. Fitzgerald, Valerie Hughes, Mark Jewett, 2018-06-30 Marking 150 years since Confederation provides an opportunity for Canadian international law practitioners and scholars to reflect on Canada's rich history in international law and governance where we find ourselves today in the community of nations and how we might help shape a future in which Canada's rules based and progressive approach to international law gains ascendancy. This collection of essays each written in the official language chosen by the authors provides a thoughtful perspective on Canada's past and present in international law, surveys the challenges that lie before us and offers renewed focus for Canada's pursuit of global justice and the rule of law. Part I explores the history and practice of international law including sources of international law, Indigenous treaties, international treaty diplomacy, domestic reception of international law and Parliament's role in international law. Part II explores Canada's role in international law governance and innovation in the broad fields of economic, environmental and intellectual property law. Part III explores Canadian perspectives on developments in international human rights and humanitarian law including judicial implementation of these obligations, international labour law, business and human rights, international criminal law, war crimes, child soldiers and gender. *Reflections on Canada's Past, Present and Future in International Law* *Réflexions sur le passé, le présent et l'avenir du Canada en droit international* demonstrates the pivotal role that Canada has played in the development of international law and signals the essential contributions the country is poised to make in the future.
