Little Texas Nancy Jean,2022-02-14 This is the fictional story of three young women who are raised on the Great Plains of eastern New Mexico during the Great Depression era and are best friends in their high school senior year when the US enters WWII These young women already know hardship and patience they will learn about love and loss when their childhood abruptly ends It can't happen here does not save Akiko from internment with her family as enemy aliens Thereafter Susan's and Clovie's experiences create opportunities to learn empathy generosity and unbiased thinking Little Texas gave them clean air wide horizons the security of a small community But the bigoted beliefs they learned as children in Little Texas a term given 100 years ago to New Mexico counties that border Texas lose their authoritative influence Susan and Clovie challenge these beliefs and boundaries I created characters and scenarios that unveil those prevalent in 1930s 1940s Little Texas Though this is a work of fiction its characters and their stories are fiction I sincerely tried to accurately represent and fairly analyze the setting When I first learned in 2019 about the forced removal of Clovis Japanese residents in 1942 to prison conditions at Fort Stanton I was immediately appalled Writing this novel helped me understand how it could happen here

Fatal Voyage Dan Kurzman,2008-12-24 Shortly after midnight on July 30 1945 the Navy cruiser USS Indianapolis was torpedoed by a Japanese submarine in the Philippine Sea The ship had just left the island of Tinian delivering components of the atomic bomb destined for Hiroshima As the torpedoes hit the Indianapolis erupted into a fiery coffin sinking in less than fifteen minutes and leaving nine hundred crewmen fighting for life in shark infested waters They expected a swift routine rescue unaware that the Navy high command didn't even realize that the Indianapolis was missing Help would not arrive for another five days Drawn from definitive interviews with key figures Fatal Voyage recounts the horrific events endured as the number of water treading survivors dwindled to just 316 Each gruesome day brought more madness and slow death from explosion related injuries dehydration and most terrifying of all shark attacks But the pain did not end when the men finally returned home The Indianapolis's commander Captain Charles B McVay III was court martialed for causing the clearly unavoidable disaster With a new afterword chronicling the fifty five year campaign by Indianapolis survivors and their supporters to win public vindication for Captain McVay this classic is restored along with memories of the Indianapolis crew
