Services In Switzerland Structure Performance And Implications Of European Economic Integration:

Services in Switzerland Peter Zweifel, 2012-12-06 by Rolf M Jeker Federal Office for Foreign Economic Affairs Services have only quite recently become an important issue in foreign economic policy and particularly in international trade negotiations Trade policy was traditionally perceived to deal almost exclusively with exports and imports of goods The increasing importance of services both nationally and internationally is mainly due to the gains in agricultural and industrial productivity freeing resources for services activities and the progress in communication technology facilitating trade in invisibles Notable examples of contractual and legal frameworks for services in international trade relations are the internal market program of the European Community extended by the Agreement on the European Economic Area EEA to EFTA countries the multi lateral Uruguay Round negotiations under the auspices of the GATT on a General Agreement on Trade in Services GATS and the North American Free Trade Agreement NAFTA signed by the United States Canada and Mexico This trend is of particular significance to Switzerland a country where services contribute about 65% to the value added of the economy a share which will probably still increase somewhat Services also contribute to an important extent to the traditional surplus in the current account of the Swiss balance of payments Switzerland clearly has comparative advantages in the field of services as is well demonstrated by its long and successful tradition in key services sectors like banking insurance tourism consulting and engineering

Economic Impact of EU Membership on Entrants Richard E. Baldwin, Aymo Brunetti, 2013-03-09 As part of its EU strategy the Swiss government commissioned several research projects covering the most important aspects of economic integration Given the interesting results and the wealth of methods used in these studies we decided to organize a conference on the topic of The Economic Impact of EU Membership on Entrants New Methods and Issues The idea was to use the work on Switzerland as a case study for discussing modern approaches on how to assess the economic effects of joining an integration zone This seemed to us to be a topic of considerable interest for the rising number of prospective EU member countries The response was very favourable with many eminent scholars agreeing to contribute The conference took place in Lausanne Switzerland in October 1999 and the papers submitted together with the discussions are published in this volume We would like to acknowledge the financial support of the Swiss State Secretariat for Economic Affairs and to thank the University of Lausanne for providing the venue facilities for the conference Many persons helped in the preparation of the conference and this volume but we would like to especially mention Marc Surchat who provided substantial input for the conference and Walter Brodmann who very efficiently reviewed and finalized the manuscript The Editors RICHARD E BALDWIN AND A YMO BRUNETTI THE ECONOMIC IMPACT OF EU MEMBERSHIP ON ENTRANTS NEW METHODS AND ISSUES INTRODUCTION What a transformation Europe has witnessed in the past 15 years

Patterns of a Network Economy Börje Johansson, Charlie Karlsson, Lars Westin, 2012-12-06 Network economics is a new rapidly developing field In this volume theoretical and empirical contributions are collected each deals with different

aspects of the network economy The book assesses networks as a complement to pure market relations and studies innovation networks and strategic alliances among innovative corporations Product differentiation and specialization in reciprocal networks are emphasised as a strategy of sustainable development The book presents econometric methods of barrier and network analysis including communication and trade patterns International Bibliography of Economics 1994 British Library of Political and Economic Science at the London School of Economics,1995 The IBSS is the essential tool for librarians university departments research institutions and any public or private institutions whose work requires access to up to date and comprehensive knowledge of the social sciences Journal of Common Market Studies University Association for Contemporary European Studies,1994 **Bibliographie Mensuelle. Partie I, Livres, Documents Officiels, Publications en Série** United Nations Library (Geneva, Switzerland),1995 Outsiders' Response to European Integration Seev Hirsch,Tamar Almor,1996 An examination of the industrial restructuring in small countries facing increased competition after European economic integration It focuses on four countries and argues that Europe 1992 will benefit insiders more than outsiders **International Trade in Financial Services:The NAFTA Provisions** K. Schefer,1999 This book examines the new and rapidly developing area of law relating to trade in financial services with a particular focus on the rules contained in Chapter 14 of the North American Free Trade Agreement NAFTA After a detailed analysis of the relevant provisions and their effect on financial institutions in Canada Mexico and the United States the author examines the impact of the NAFTA rules on the legal position of banks operating in countries outside NAFTA particularly in the context of the WTO financial services provisions The book concludes with a chapter on the effects of a potential NAFTA expansion The book aims to contribute to the development of a new legal and regulatory framework distinct from those of trade and financial services law and offers a valuable insight into how trade in financial services within a regional trade agreement develops its own legal dynamic Although the financial services provisions are seen as the cornerstone of NAFTA until now there has been very little in depth analysis of these provisions or of the effects on those not party to NAFTA in the literature in general This book s unique approach will make it of considerable interest to practitioners and researchers in international banking trade and economic law **GATT-Uruguay Round** Richard Eglin,1995 **Forthcoming Books** Rose Arny,1994-02
