Setting National Priorities

Robert D. Reischauer

Setting National Priorities:

Setting National Priorities Henry J. Aaron, Robert Danton Reischauer, 1997 Examines the nature of challenges confronting federal policymakers options available to address these challenges and the ramifications of these options Looks at issues such as measures to stimulate economic growth reducing discretionary spending restructuring Medicare reshaping national security for the post Cold War world and preparing for *Setting National Priorities* Robert D. Reischauer, 2010-12-01 The federal policy changes that Congress and the President will have to make as we approach the 21st century will be among the most far reaching since the enactment of the New Deal The scope of legislation before policymakers as they continue their efforts to balance the budget will be vast and many of its elements very technical This new highly accessible book examines the nature of the challenges confronting policymakers the options that are available to address these challenges and the ramifications of the various options This new book which continues Brookings highly acclaimed and influential *Setting National Priorities* series will serve as a guide for understanding and evaluating proposals of the next Congress and the new administration It is also designed to inform the policy debate during the presidential election Edited by Robert Reischauer one of the nation's most noted budget experts the book covers such critical issues as prospects for economic growth how to reduce domestic discretionary spending how to restructure Medicare how much to lower the safety net how to reshape national security for the post Cold War world whether to transform the tax system and how to prepare for the retirement of the baby boom generation This book will be extremely useful for citizens anxious to make sense out of the campaign rhetoric journalists attempting to explain the issues at play and students of public policy public health political science and economics In addition to Reischauer the contributors include Henry J Aaron Barry Bosworth Gary Burtless David Cutler William G Gale Thomas E Mann Charles L Schultze John D Steinbruner R Kent Weaver and Joshua M Wiener [Future Survey Annual 1991](#) Michael Marien, 1991-01-01 [Setting National Priorities](#) Henry J. Aaron, 2010-12-01 *Setting National Priorities* continues the highly acclaimed and influential series of books that examine domestic and foreign policy choices confronting the United States Members of the Brookings staff join outside experts to evaluate America's course through the next decade In clear and nontechnical terms the contributors explain and evaluate options for the United States in the 1990s consider whether the federal government's current policies are consistent with long term objectives and explain what action could best achieve those goals Charles L Schultze shows why it is important to solve the problem of the federal budget deficit and how it can be done John D Steinbruner addresses the revolution taking place in American foreign policy and explains how the United States can be more secure with lower defense spending Lawrence J Korb evaluates President Bush's defense budget and suggests possible improvements Robert Z Lawrence describes how the U S government and private industry should respond to the competitive challenge from foreign companies William D Nordhaus explains the risks from global warming and presents a policy to meet them John E Chubb and Eric A

Hanshek chart new directions of American elementary and secondary education Henry J Aaron identifies the major problems with the financing of healthcare and describes how they can be solved and Thomas E Mann considers how political institutions and public preferences constrain our ability to enact needed policy changes and what might be done to overcome those obstacles
