AB Bookman's Weekly, 1994 **The Madman's Library** Edward Brooke-Hitching, 2021-07-21 This fascinating and bizarre collection compiles the most unusual obscure books from the far reaches of the human imagination throughout history From the author of the critically acclaimed bestsellers *The Phantom Atlas* and *The Sky Atlas* comes a unique and beautifully illustrated journey through the history of literature *The Madman's Library* delves into its darkest territories to hunt down the oddest books and manuscripts ever written uncovering the intriguing stories behind their creation From the Qur'an written in the blood of Saddam Hussein to the gorgeously decorated fifteenth century lawsuit filed by the Devil against Jesus to the most enormous book ever created *The Madman's Library* features many long forgotten eccentric and extraordinary volumes gathered from around the world Books written in blood and books that kill books of the insane and books that hoaxed the globe books invisible to the naked eye and books so long they could destroy the Universe books worn into battle and books of code and cypher whose secrets remain undiscovered Spell books alchemist scrolls wearable books edible books books to summon demons books written by ghosts and more all come together in the most curiously strange library imaginable Featuring hundreds of remarkable images and packed with entertaining facts and stories to discover *The Madman's Library* is a captivating compendium perfect for bibliophiles literature enthusiasts and collectors intrigued by bizarre oddities obscure history and the macabre **MUST HAVE FOR BOOKLOVERS** Anyone who appreciates a good read will love delving into this weird world of books and adding this collection to their own bookshelf **DISCOVER SOMETHING TRULY UNIQUE** *The Madman's Library* will let you in on the secret and obscure histories of the strangest books ever made **EXPERT AUTHOR** Edward Brooke Hitching is the son of an antiquarian book dealer a lifelong rare book collector and a master of taking visual deep dives into unusual historical subjects such as the maps of imaginary geography in *The Phantom Atlas* or ancient pathways through the stars in *The Sky Atlas* [Another Love](#) Asma Abbas, 2018-10-15 In a time when our loves feel conscripted and exhausted by what we often do not remember desiring *Another Love* A Politics of the Unrequited explores the form method imperatives and inflections of love in the global post colony and offers a way to re apprehend and re inscribe love in an anticolonial materialist and nonfascist politics and aesthetics The figure of the unrequited is invoked as a symptom of a brutally loveless yet effusively sentimentalized era and also as an ineluctable yet very concrete political location in the face of both the intensifying external realities of war occupation apartheid austerity and terror as well as the increasingly normalized internalizations of ordinary imperialism nationalism neoliberalism fascism and colonialism all of which seem bent on extinguishing the possibility of relation itself The book asks that we look at practices of love and other material labors that yield and sustain these realities within complex lifeworlds indeed those which sustain entire systems of our subjection extraction and disposability such as colonialism capitalism liberalism and fascism as lifeworlds especially when given dominant forms of recognition affection embrace and belonging are unacceptable or even repulsive Distancing

itself from shortcuts afforded by love's abstract forms deployed in ethical and moral discourses that at once elevate it yet wholly reduce it to a timeless apolitical essence Another Love sees love as a material and political relation to time and space signaling willed and unwilled shifts in historical reality in societies juggling various wars and annihilations It maintains that love is something in and with which we confess our complicities not only with but also against hegemonic notions of belonging devotion martyrdom hospitality publicity collectivity and solidarity nurtured and harvested under capital and colony The longing and the love missed by the pernicious and reactionary politics both of liberal democracy and the incidental fascisms that it claims to set out to fix can give us clues into past present and future moments of rebellion resistance rejection and redemption that are crucial to a liberatory anticolonial and antifascist politic and to rethinking attachment desire and relation itself
