(Benito Cereno, Bartleby the Scrivener, The Encantadas.) With Critical and Biographical Material by Joseph Schiffman** Herman Melville, Joseph Schiffman, 1962 *Melville's Short Fiction, 1853-1856* William B. Dillingham, 2008 This study treats comprehensively the sixteen short works of fiction that Herman Melville wrote between 1853 and 1856 most of which were published in Harper s and Putnam s magazines Concentrating on the writer s two basic motivations for writing as he did in these stories Dillingham argues that Melville created a surface of almost inane congeniality in many of the works an illusion of vapidty that camouflages a profundity often missed by his readers He sought to to hide disturbing themes because the magazines for which he was writing would almost certainly have rejected his attempts to be more direct Dillingham s method is not however confined to a reading of the texts Melville s stories contain so many allusions to the contemporary scene that they constitute in themselves a cultural study An important contribution of Melville s Short Fiction is its discussion of these allusions Finally Dillingham examines the relationship between the short fiction and Melville s own life Much of the writer s frustration and struggle is concealed in these early works Melville s friendship with Hawthorne for example an intense and yet in some ways disappointing relationship for both men is explored as an important influence on several of the stories *Great Short Works of Herman Melville* Herman Melville, 2009-03-17

Billy Budd Sailor and Bartleby the Scrivener are two of the most revered shorter works of fiction in history Here they are collected along with 19 other stories in a beautifully redesigned collection that represents the best short work of an American master As Warner Berthoff writes in his introduction to this volume It is hard to think of a major novelist or storyteller who is not also a first rate entertainer a master according to choice of high comedy of one or another robust species of expressive humour or of some special variety of the preposterous the grotesque the absurd And Melville certainly is no exception A kind of vigorous supervisory humour is his natural idiom as a writer and one particular attraction of his shorter work is the fresh further display it offers of this prime element in his literary character

Criticism Herman Melville by Virginia Woolf Herman Melville's Moby Dick by D H Lawrence Herman Melville's Typee and Omoo by D H Lawrence Herman Melville 1819-1891 was an American novelist, short story writer and poet of the American Renaissance period. His writing draws on his experience at sea as a common sailor, exploration of literature and philosophy and engagement in the contradictions of American society in a period of rapid change. **Three Short Novels** Herman Melville, 1997-06 Great American Short Novels Herman Melville, Henry James, Stephen Crane, 2014-03-29 This is a new release of the original 1922 edition. Herman Melville Harold Bloom, 2008 Presents a collection of criticism devoted to the work of American author Herman Melville. **The Piazza Tales** Herman Melville, 2017-02-03 The Piazza Tales is a collection of six short stories by American writer Herman Melville published by Dix Edwards in the United States in May 1856 and in Britain in June. Except for the newly written title story The Piazza, all of the stories had appeared in Putnam's Monthly in 1853-1855. The collection includes what has long been regarded as the author's three most important achievements in the genre of short fiction: Bartleby the Scrivener, Benito Cereno, and The Encantadas, his sketches of the Galapagos Islands. Melville had originally intended to entitle the volume Benito Cereno and Other Sketches but settled on the definitive title after he had written the introductory story. The book received largely favorable reviews with reviewers especially praising The Encantadas but did not sell well enough to get Melville out of his financial straits, probably because short fiction for magazines had little appeal to bookbuyers. After Melville was rediscovered until the end of the twentieth century, the short works attracting the most critical attention were Bartleby, Benito Cereno, and The Encantadas, with The Piazza a little behind those. In addition to the five stories, Melville wrote an introductory story for which the volume was titled. Scholar Douglas Robillard believes that this served the purpose of making the stories to appear more closely joined than they actually are. The contract for the book was signed on 17 March 1856; it was advertised on 5 April as in press and should have been available by 15 May, though a copy was deposited for copyright on May 20. The volume was printed by Miller Holman, Printers and Stereotypers of New York, as a duodecimo volume of 431 pages, excluding seven pages of advertisements for other products by the same publishers. Biographer Parker observes that to reach that number of pages the book was padded out by leaving excessive white space. The front and back covers were ornamented by a border of rules and rosettes. The spine displayed the title, names of author and publishers stamped in gold, and the volume was priced at 1.00. In June the book was advertised together with another as TWO GOOD SUMMER BOOKS. In 1922, three years after the centennial of Melville's birth, the first reissue of the collection appeared as part of the Constable collected edition. The Lightning Rod Man was chosen for inclusion in William Evans Burton's Wit and Humor of 1857, with an illustration by Henry Louis Stephens. No other original illustration for one of his works appeared during Melville's lifetime. The Lightning Rod Man, the one Melville tale to be available throughout his lifetime. Herman Melville August 1, 1819–September 28, 1891 was an American novelist, short story writer and poet of the American Renaissance period. His best known works include Typee, 1846, a romantic account of his

experiences in Polynesian life and his whaling novel *Moby Dick* 1851 His work was almost forgotten during his last thirty years His writing draws on his experience at sea as a common sailor exploration of literature and philosophy and engagement in the contradictions of American society in a period of rapid change He developed a complex baroque style the vocabulary is rich and original a strong sense of rhythm infuses the elaborate sentences the imagery is often mystical or ironic and the abundance of allusion extends to Scripture myth philosophy literature and the visual arts Born in New York City as the third child of a merchant in French dry goods Melville's formal education ended abruptly after his father died in 1832 leaving the family in financial straits Melville briefly became a schoolteacher before he took to sea in 1839 as a common sailor on a merchant ship In 1840 he signed aboard the whaler *Acushnet* for his first whaling voyage but jumped ship in the Marquesas Islands
