## **Love Revealed Simeon Solomon And The Preraphaelites:**

**Love Revealed** Colin Cruise, Roberto C. Ferrari, Birmingham Museums and Art Gallery, 2005-01-01 *Love Revealed* is the first major study devoted to the dramatic career of Simeon Solomon 1840 1905 a leading painter of the Pre Raphaelite group that formed around Dante Gabriel Rossetti in the mid nineteenth century Reproducing paintings and drawings rarely seen since their first showing it explores Solomon's work in the contexts of Aestheticism Judaism and modern day studies of masculinity *Love Revealed* Victoria Osborne, 2005 *Offenbarung der Liebe* Jo-Anne Birnie Danzker, Victoria Osborne, Museum Villa Stuck, München, 2006 *Love Revealed* Colin Cruise, Museum Villa Stuck, 2005 This publication marks the centenary of Simeon Solomon 1840 1905 a leading painter of the Pre Raphaelite group that formed around Dante Gabriel Rossetti in the mid nineteenth century A precocious young talent Solomon enjoyed early critical success with his paintings of biblical and classical subjects but his public career was effectively destroyed when his homosexuality became public knowledge in 1873 Solomon is recognized today however as an important and influential figure in the Pre Raphaelite circle *A Liminal Space* Ernest Rubinstein, 2021-09-24 This book takes one step further the long standing debate among scholars of religious antiquity over when and why a parting of the ways happened between Judaism and Christianity in the early centuries of the Common Era It explores three interrelated questions what might have happened to prevent that split how might Western religion have looked had the split not occurred and how might features of that religion which never existed nonetheless manifest in some of the literature and artworks of the past half millennium The book envisions a religion that stands between historical Judaism and Christianity a counterfactual construction that challenges Jews and Christians to rethink their actual identities today *Writing the Pre-Raphaelites* Tim Barringer, 2017-07-05 This vibrant collection of essays claims that a complex network of texts by critics biographers and diarists established the credibility and influence of the Pre Raphaelite movement Throughout the twentieth century Modernist taste failed to acknowledge the achievement of oppositional groupings such as the Pre Raphaelites The essays collected here however reveal that the British group anticipated later avant gardes by using the written word to configure for itself a radical artistic identity Public and critics alike were scandalized by the radicalism of Pre Raphaelite painting its unflinching portrayal of historical figures and of contemporary life and its irreverent attitude to artistic convention Pre Raphaelitism's innovations were not confined to style new forms of artistic identity and behaviour were explored As the contributors interrogate the texts through which Pre Raphaelitism was constructed they demonstrate that the movement's wide influence as a cultural phenomenon derived from the interplay between exhibited works and critical discourse Applying a range of sophisticated methodologies from the fields of literary studies art history and cultural studies these interdisciplinary essays uncover the neglected role of texts in the success of the Pre Raphaelite rebellion and argue in favor of a new centrality for this movement in the history of nineteenth century European culture *After the Pre-Raphaelites* Elizabeth Prettejohn, 1999 Victorian aestheticism is reinterpreted

here as a significant exploration of what it might mean to produce works of art in the modern world This study addresses not only art for art s sake but its links with science and morality

Drawing on recent theoretical developments in gender and men s studies Pre Raphaelite Masculinities shows how the ideas and models of masculinity were constructed in the work of artists and writers associated with the Pre Raphaelite movement Paying particular attention to the representation of non normative or alternative masculinities the contributors take up the multiple versions of masculinity in Dante Gabriel Rossetti s paintings and poetry masculine violence in William Morris s late romances nineteenth century masculinity and the medical narrative in Ford Madox Brown s Cromwell on His Farm accusations of perversion directed at Edward Burne Jones s work performative masculinity and William Bell Scott s frescoes the representations of masculinity in Pre Raphaelite illustration aspects of male chastity in poetry and art Tannaher as a model for Victorian manhood and masculinity and British imperialism in Holman Hunt s The Light of the World Taken together these essays demonstrate the far reaching effects of the plurality of masculinities that pervade the art and literature of the Pre Raphaelite Brotherhood **Victorian Engagements with the Bible and Antiquity** Simon Goldhill,Ruth Jackson Ravenscroft,2023-10-12

The nineteenth century was a period in which ideas of history and time were challenged as never before This is the first book to explore how the study of classical antiquity and the study of the Bible together formed an image of the past which became central to Victorian self understanding These specially commissioned multi disciplinary essays brilliantly reveal the richness of Victorian thinking about the past and how important these models of antiquity were in the expression of modernity In an age of progress cultural anxiety and cultural hope was fuelled by the shock of the old new discoveries about the deep past and new ways of thinking about humanity s place in history The volume provides a rich and readable feast which will be fundamental to all those seeking a greater understanding of the Victorians as well as of the reception of classics and the Bible *The Smells and Senses of Antiquity in the Modern Imagination* Adeline

Grand-Clément,Charlotte Ribeyrol,2021-12-16 This volume tackles the role of smell under explored in relation to the other senses in the modern rejection reappraisal and idealisation of antiquity Among the senses olfaction in particular has often been overlooked in classical reception studies due to its evanescent nature which makes this sense difficult to apprehend in its past instantiations And yet the smells associated with a given figure or social group convey a rich imagery which in turn

connotes specific values perfumes scents and foul odours both reflect and mould the ways in which a society thinks or acts Smells also help to distinguish between male and female citizens and strangers and play an important role during rituals The Smells and Senses of Antiquity in the Modern Imagination focuses on the representation of ancient smells both enticing and repugnant in the visual and performative arts from the late 18th century up to the 21st century The individual contributions explore painting sculpture literature and film but also theatrical performance museum exhibitions advertising television series historical reenactment and graphic novels which have all played a part in reshaping modern audiences perceptions and experiences of the antique
