The Handbook of Sexuality in Close Relationships John H.

Harvey, Amy Wenzel, Susan Sprecher, 2004-04-26 Although sexuality is an integral part of close romantic relationships research linking these two constructs has been less systematic than other areas pertaining to close relationships To date researchers in communication sociology family studies psychology and psychiatry have made significant advances in both of these fields The editors goal is to integrate this research into one volume They bring together major scholars from the diversity of fields working on close relationship topics to examine past contributions and new directions in sexuality The emphasis is on theoretical integration and stimulation methodological rigor and critical analysis This volume explores early sexual experiences and their impact on late life sexuality how life stresses impact sexuality and satisfaction with closeness the affect of postpartum depression on sexuality and the relationship between control power anger as well as revenge and sexual processes in couples The Handbook of Sexuality in Close Relationships is intended for students and researchers in the disciplines of social clinical developmental and health psychology family studies counseling and interpersonal family and health communication An excellent reference in advanced courses in close relationships taught in psychology communications sociology anthropology and family studies the material in Part V will also appeal to clinical psychologists health professionals and policymakers The Psychology of Love and Hate in Intimate Relationships Katherine Aumer, 2016-06-23 Social psychology has made great advancements in understanding how our romantic relationships function and to some extent dissolve However the social and behavioral sciences in much of western scholarship often focus exclusively on the more positive aspects of intimate relationships and less so on more controversial or unconventional aspects The goal of this volume is to explore and illuminate some of these underrepresented aspects aspects such as non monogamy female orgasm sadism and hate that often function alongside love in intimate relationships Ultimately by looking at intimate relationships in this way the volume contributes to and advocates for a more holistic and comprehensive view of intimate relationships Throughout the volume contributors from social clinical and evolutionary psychology cover love and hate from a variety of sometimes opposing perspectives The first section covers love and the changing landscape of intimate relationships Its chapters review the current literature and research of understudied topics like non monogamy female orgasm sexual fantasies and the viewpoint of love as something other than positive The second section explores hate and how hate can operate in intimate relationships for example the appearance of sadistic behavior and debates the nature of hate as either a motivation or emotion The volume concludes by looking at ways in which the appearance of hate in relationships can be dealt with and overcome successfully Taken together these two sections reflect the full variety of experiences within intimate relationships With the aim of exploring how love and hate can and frequently do work together The Psychology of Love and Hate in Intimate Relationships is a fascinating psychological exploration of intimate relationships in modern times It is an invaluable resource to academics and students specializing in psychology gender and sociology including clinicians and therapists and all those interested in increasing our knowledge of intimate relationships *The New Psychology of Love*
