Ideologies and the Corruption of Thought Joseph Gabel, 2018-01-16 Edited and with an introduction by Alan Sica In 1975 Joseph Gabel published a modern masterpiece which appeared in English as *False Consciousness An Essay on Reification* Combining his special knowledge of existential psychiatry axiology Marxism and political history Gabel proposed the utterly novel idea that victims of serious mental disturbances especially paranoia and schizophrenia reproduce those distorted thought patterns commonly associated with ideological beliefs at the collective level Such beliefs initially had been laid bare in the 1920s by Gabel s intellectual progenitors Karl Mannheim and George Lukacs Gabel s remarkable innovation was to transfer the private crisis of mental collapse into the analytic framework previously reserved for ideological critique making him an expert on what was later called the micro macro problem *Ideologies and the Corruption of Thought* includes Gabel s essays over the last 40 years characteristically treating micro and macro theoretical matters simultaneously Originally written in French and German they have been recast in idiomatic English and bibliographically updated Using a unique mode and vocabulary of analysis Gabel offers theoretical investigations of McCarthyism and Stalinism original and more recent

types as well as Althusser Orwell and Jonathan Swift in his capacity as a psychiatric theorist He also explores anti Zionism anti Semitism and a fascinating case study of a paranoid who regarded himself as the pope In addition this volume includes a range of general commentaries on ideological thought utopianism and false consciousness This rich feast of social and political analysis and theory illuminates a range of contemporary concerns racism utopian fantasy ethnocentrism anti Semitism the interplay of social structure and mental illness and ideological transformations of social life which only Gabel s unique mixture of the clinical and the political could achieve It will be studied with interest by all theorists and politically alert readers in the social sciences philosophy and related fields of study **Current Catalog** National Library of Medicine (U.S.),1982 First multi year cumulation covers six years 1965 70 *Highest Stage Of The Development Of Capitalism In The United States And Its Effects On The American Family, Volume III, Book II, 1960 To 1980* Lionel D.
