Refractions Of Masculinity:

Masculinity and the Paradox of Violence in American Fiction, 1950-75 Maggie McKinley, 2016-10-20 An examination of the relationship between violence and masculinity in works by Richard Wright Norman Mailer Saul Bellow James Baldwin and Philip Roth highlighting the inherent paradox whereby masculinity in this fiction is both asserted and undermined by acts of aggression

Men of Their Words Nigel Harkness, 2017-12-02 Whereas the centrality of femininity to nineteenth century French fiction has been the focus of widespread critical attention masculinity has until recently received little sustained treatment in either the literary or socio historical domains In this book Nigel Harkness uses the fiction of George Sand 1804 1876 the pre eminent woman writer of the period to explore questions of masculinity as they pertain to the nineteenth century French novel and to map out new approaches to the study of literary masculinity Drawing on contemporary theories of gender and narrative Harkness reveals how Sands novels repeatedly focus on a nexus of language masculinity and power in which narrative is both a vehicle for the expression of manhood and a site where masculinity is discursively performed Masculinity is thus reconfigured in Sands fiction as an identity constituted as much through words as through actions Analysis of the performances of masculinity staged in Sands novels opens onto an exploration of gendered processes of literary representation the links between masculinity and the doxa the equation of writing and power the homosocial function of acts of narration and the masculinity of authorship and authority

Politics of Chinese Language and Culture Bob Hodge, Kam Louie, 2012-11-12 An innovative text which adopts the tools of cultural studies to provide a fresh approach to the study of Chinese language culture and society The book tackles areas such as grammar language gender popular culture film and the Chinese diaspora and employs the concepts of social semiotics to extend the ideas of language and reading Covering a range of cultural texts it will help to break down the boundaries around the ideas and identities of East and West and provide a more relevant analysis of the Chinese and China

War-torn Tales Danielle Hipkins, Gill Plain, 2007 This book is the outcome of a successful workshop held in Leeds in September 2003 and explores the effects of World War II on the representation of gender in post war literature film and popular culture juxtaposing Western European experience with US Soviet and Japanese It aims to outline the different ways in which these representations evolved in post war attempts both to re establish social order and reconstruct national identity It gives the reader an overview of the similarities and differences that have emerged in the representation of war and gender in different cultures and media as a result of social expectations political change and individual artistic innovation The essays are linked by their concern with three key questions how are emotion and gender represented in relation to the experience of war what is the impact of war on the dynamic between the genders and as the memory of war recedes is it possible to identify chronological shifts in the artistic response to the conflict

Andy Warhol's Blow Job Roy Grundmann, 2003 In this ground breaking and provocative book Roy Grundmann contends that Andy Warhol's notorious 1964 underground film Blow Job serves as rich allegory as well

as suggestive metaphor for post war American society's relation to homosexuality Arguing that *Blow Job* epitomizes the highly complex position of gay invisibility and visibility Grundmann uses the film to explore the mechanisms that constructed pre Stonewall white gay male identity in popular culture high art science and ethnography Grundmann draws on discourses of art history film theory queer studies and cultural studies to situate Warhol's work at the nexus of Pop art portrait painting avant garde film and mainstream cinema His close textual analysis of the film probes into its ambiguities and the ways in which viewers respond to what is and what is not on screen Presenting rarely reproduced Warhol art and previously unpublished Ed Wallowitch photographs along with now iconic publicity shots of James Dean Grundmann establishes *Blow Job* as a consummate example of Warhol's highly insightful engagement with a broad range of representational codes of gender and sexuality Roy Grundmann is Assistant Professor of Film Studies at Boston University and a contributing editor of *Cineaste* *Jyväskylä studies in the arts*, 1995

Love's Refraction Jillian Deri, 2015-03-27 Popular wisdom might suggest

that jealousy is an inevitable outcome of non monogamous relationships In *Love's Refraction* Jillian Deri explores the distinctive question of how and why polyamorists people who practice consensual non monogamy manage jealousy Her focus is on the polyamorist concept of compersion taking pleasure in a lover's other romantic and sexual encounters By discussing the experiences of queer lesbian and bisexual polyamorous women Deri highlights the social and structural context that surrounds jealousy Her analysis making use of the sociology of emotion and feminist intersectionality theory shows how polyamory challenges traditional emotional and sexual norms Clear and concise *Love's Refraction* speaks to both the academic and the polyamorous community Deri lets her interviewees speak for themselves linking academic theory and personal experiences in a sophisticated engaging and accessible way [The RoutledgeFalmer Reader in Gender & Education](#) Madeleine Arnot, Mairtin Mac An Ghaill, 2006-09-27 This new Reader brings together classic pieces of gender theory as well as examples of the sophistication of contemporary gender theory and research methodologies in the field of education Leading international gender researchers address current debates about gender power identity and culture and concerns about boys and girls schooling gender achievement patterns the boys education debate and gender relationships in the curriculum the classroom and youth cultures The Reader is divided into six sections which reflect contemporary concerns about Gender and Education Gender and Educational Theory Difference and Power Identity Work Knowledge and Pedagogy Reflexivity and Risk Gender and Citizenship A specially written Introduction from the editors both experts in feminist and masculinity research provides a much needed context to the current educational climate Undergraduates postgraduates and academics interested in education gender studies and women's studies will find this a stimulating and important resource The analysis of the gender dimensions of the curriculum teaching and alternative pedagogies also provide important insights for practitioners wishing to promote gender equality **Philip Roth in Context** Maggie McKinley, 2021-07-22 Written by leading scholars on Philip Roth from around the globe this book offers new insight into the various contexts that inform his body of work It opens with an overview of Roth's life and literary influences before turning to important critical geographical theoretical cultural and historical contexts It closes with focused meditations on the various iterations of Roth's legacy from the screen to international translations of his work to his signature stylistic imprint on American letters Together all of these chapters reveal Roth's range as a writer as he interrogates American national identity and history and explores the dimensions of the individual self [Masculinity in the Modern West](#) Christopher E. Forth, 2008-09-16 Across the Western world crisis is the word most commonly used to describe the state of masculinity today but how new is this idea Can we identify a time when masculinity was actually stable and secure Masculinity in the Modern West engages with these questions by examining how traditional ideals about male physical prowess have clashed with the lifestyle changes that accompanied the rise of modern civilization since 1700 In countries like America Britain France Germany and Russia modernity bolstered male dominance in commerce politics technology and the world of ideas yet images of masculinity have

continued to be haunted by the negative effects that polite cerebral consumerist and sedentary lifestyles might have on the minds and bodies of men. Modernity thus exercises a double logic that supports male privilege while diminishing the physical difference used to legitimate that privilege. By focusing on the male body, this wide-ranging study proposes that crises of masculinity may be structural and thus inescapable features of life in our world. Manhood in America Michael S. Kimmel, 2018. For more than three decades, the women's movement and its scholars have exhaustively studied women's complex history, roles, and struggles. In Manhood in America: A Cultural History, Fourth Edition, author Michael Kimmel argues that it is time for men to rediscover their own evolution. Drawing on a myriad of sources, he demonstrates that American men have been eternally frustrated by their efforts to keep up with constantly changing standards. Kimmel contends that men must follow the lead of the women's movement; it is only by mining their past for its best qualities and worst excesses that men will free themselves from the constraints of the masculine ideal. **Young Black Street Masculinities** Brendan King, 2022-02-12. This book describes how young Black men on a disadvantaged housing estate in London navigate the estate's expectations for their behaviour as they operate within a street code that endorses violence, knife carrying, and challenging masculinity. This street code informs the men's masculine identities by promoting values of misogyny, violence, and the possession of expensive material objects while subduing any performance or features deemed as weak or feminine. Chapters detail the daily pressure on young men to gain respect and perform the estate's street code while also providing examples of young men who have escaped or rejected its influence. King also outlines how youth workers can support those trapped by the estate's street code by embodying personalised or caring masculinity features that seek to transform the dominant masculinity. Cultural Psychology Uwe Wolfradt, Lars Allolio-Näcke, Paul Sebastian Ruppel, 2024-12-17. The introductory book presents the current state of cultural psychology in terms of theoretical approaches and methods comprehensively. It also demonstrates how deeply it is anchored in various fields of action. Cultural psychology is an interdisciplinary field of research that aims less to objectively and causally explain human behavior and experience but rather seeks to understand psychological phenomena in their respective sociocultural context. In doing so, it follows a theoretical understanding of humans as actively acting beings. Compared to the prevailing nomothetic-oriented psychology, it emphasizes different theoretical and methodological approaches, particularly highlighting intentionality, meaning, structuring, and ultimately the cultural aspects of human existence. Cultural psychology incorporates both hermeneutic approaches from psychology, philosophy, sociology, and ethnology, as well as qualitative methods for studying human behavior and experience. Killing Spanish L. Sandin, 2016-02-19. In this intelligent monograph for women's studies, literature, and Latin American studies, Lyn Di Iorio Sandin asserts that there is a significant ambivalence surrounding identity that is present in the works of Latino writers such as Cristina Garcia, Edward Rivera, and Abraham Rodriguez. Sandin incorporates the theories of allegory and double identity to talk about fragmentation of the Latino psyche. What Sandin finds compelling is that in all of the works of this

diverse group of writers there is a common theme of anxiety about origins that manifests itself through the symbols of dead women ghosts or madwomen Using specific examples from literature ranging from Cuban American Cristina Garcia s *The Aguero Sisters* to Puerto Rican Rosario Ferre s *Maldito amor* Sandin finds that fragmented ethnic identification is an area that is just beginning to be explored within the analysis of U S Latino fiction [Routledge Handbook of Street Culture](#)
