Service-Learning in the Computer and Information Sciences Brian A. Nejme, 2012-06-07 Offering a truly global perspective this book serves as a road map for service learning partnerships between information science and nonprofit organizations It introduces for the first time an essential framework for service learning in CIS addressing both the

challenges and opportunities of this approach for all stakeholders involved faculty students and community nonprofit organizations NPOs both domestic and abroad This volume outlines numerous examples of successful programs from around the world presenting practical working models for implementing joint projects between NPOs and academia **Research Anthology on Service Learning and Community Engagement Teaching Practices** Management Association, Information Resources,2021-12-30 The need for more empathetic and community focused students must begin with educators as service learning has begun to grow in popularity throughout the years By implementing service and community aspects into the classroom at an early age educators have a greater chance of influencing students and creating a new generation of service minded individuals who care about their communities Teachers must have the necessary skills and current information available to them to provide students with quality service learning and community engagement curricula The Research Anthology on Service Learning and Community Engagement Teaching Practices provides a thorough investigation of the current trends best practices and challenges of teaching practices for service learning and community engagement Using innovative research it outlines the struggles frameworks and recommendations necessary for educators to engage students and provide them with a comprehensive education in service learning Covering topics such as lesson planning teacher education and cultural humility it is a crucial reference for educators administrators universities lesson planners researchers academicians and students **Service-Learning in Higher Education** Phylis Lan Lin,2010-10-14 This book emerges from the discourse of the Third International Symposium on Service Learning held at the University of Indianapolis in Athens Greece in November 2009 as part of the biennial collection of papers on service learning This fourth collection highlights service learning SL theories and methods in higher education presents selected case studies of local projects that exemplify the theories and methods in action and points the way toward future possibilities for international partnerships Part One demonstrates how practitioners have translated SL theory into model programs of best practices Part Two examines nationally based SL experiences that enrich indigenous local communities national communities and teaching institutions Part Three explores international SL ISL programs with their unique reciprocal national relationships hybrid methodologies and site specific challenges Part Four covers networking national SL settings to international venues while forecasting SL concepts that span academic disciplines and geographic distances The selected papers in this collection were contributed by educators in twenty three universities in four countries **Social Work and Service Learning** Meryl Nadel, Virginia Majewski, Marilyn Sullivan-Cosetti,2007 Service learning and social work education comprise an exciting yet underutilized partnership This book represents the first comprehensive overview of this active and empowering approach to learning in social work Both educators and practitioners will discover conceptual and practical guidance for developing productive community based projects Often envisioned as located at the midpoint on a continuum from volunteer work to internship service learning combines the opportunity to serve with the opportunity to learn It offers community agencies a

chance to collaborate with academic colleagues to meet identified community needs frequently with an explicit social justice dimension The contributors illustrate how service learning facilitates students understanding and interacting with community members as partners not clients Service learning encourages students to use critical thinking skills to reflect on their work and its implications This combination of study action reflection in conjunction with course content is highly effective The book explores its subject from several perspectives The first section serves as a conceptual and theoretical orientation to service learning in social work The second section offers models that illustrate many ways of implementing service learning across the components of the social work curriculum The final two parts of the book focus on evaluation and service learning in the broader context of civic engagement

International Service Learning Robert G. Bringle, Julie A. Hatcher, Steven G. Jones, 2023-07-03 International Service Learning ISL borrows from the domains of service learning study abroad and international education to create a new pedagogy that adds new and unique value from this combination It is a high impact pedagogy with the potential to improve students academic attainment contribute to their personal growth and develop global civic outcomes The international service experience provides opportunities for additional learning goals activities and relationships that are not available in a domestic service learning course or in a traditional study abroad course The service experience develops reflection while shedding light on and providing an added dimension to the curricular component of the study abroad course The international education component further broadens students perspectives by providing opportunities to compare and contrast North American and international perspectives on course content This book focuses on conducting research on ISL which includes developing and evaluating hypotheses about ISL outcomes and measuring its impact on students faculty and communities The book argues that rigorous research is essential to improving the quality of ISL s implementation and delivery and providing the evidence that will lead to wider support and adoption by the academy funders and partners It is intended for both practitioners and scholars providing guidance and commentary on good practice The volume provides a pioneering analysis of and understanding of why and under what conditions ISL is an effective pedagogy Individual chapters discuss conceptual frameworks research design issues and measurement strategies related to student learning outcomes the importance of ISL course and program design the need for faculty development activities to familiarize faculty with the component pedagogical strategies the need for resources and collaboration across campus units to develop institutional capacity for ISL and the role that community constituencies should assume as co creators of the curriculum co educators in the delivery of the curriculum and co investigators in the evaluation of and study of ISL The contributors demonstrate sensitivity to ethical implications of ISL to issues of power and privilege to the integrity of partnerships to reflection reciprocity and community benefits

Service-Learning for Disaster Resilience Lucia Velotti, Rebecca Morgenstern Brenner, Elizabeth A. Dunn, 2022-11-30 This book is the first to discuss in practical and theoretical terms the pedagogical approach of service learning to establish partnerships for social good that build disaster

resilience Across 12 chapters a collection of academics and practitioners provide insights on the benefits of utilizing service learning to address existing needs build community capacity and strengthen social networks while enhancing student learning Key features Discuss how sustainable service learning partnerships can contribute to building disaster resilient communities Provide practical tools to cultivate and manage collaborative partnerships and engage in reflective practices Integrate disciplines to create innovative approaches to complex problems Share best practices lessons learned and case examples that identify strategies for integrating service learning and research into course design Offer considerations for ethical decision making and for the development of equitable solutions when engaging with stakeholders Identify strategies to bridge the gap between academia and practice while highlighting resources that institutions of higher education can contribute toward disaster preparedness response recovery and mitigation Service Learning for Disaster Resilience will serve as a user friendly guide for universities local government agencies emergency management professionals community leaders and grassroots initiatives in affected communities

Service-Learning Mac Bellner,2005-12-30 This volume is an important and timely contribution to the field for it captures the rewards and challenges of service learning from the varied perspectives of faculty dedicated to this type of teaching and at the same time illuminates strategies for campuses and non profit organizations to adopt to solidify institutional commitment Increasingly service learning is valued as a teaching and learning strategy consistent with the democratic ideals of education and to this end a better understanding of the faculty role is essential to advancing practice and improving society
