The Setting for Black Business Development Roy F. Lee, 1973 Sociological study of the Black manager in the USA with particular reference to obstacles to successful business ownership and problems facing the minority group entrepreneur includes population data on negro executives and covers social mobility poverty educational level etc References and statistical tables

The Business Strategy of Booker T. Washington Michael B. Boston, 2010-08-29 Michael Boston offers a radical departure from other interpretations of Booker T Washington by focusing on the latter's business ideas and practices More specifically Boston examines Washington as an entrepreneur spelling out his business philosophy at great length and discussing the influence it had on black America He analyzes the national and regional economies in which Washington worked and focuses on his advocacy of black business development as the key to economic uplift for African Americans The result is a revisionist book that responds to the skewed literature on Washington even as it offers a new framework for understanding him Based upon a deep reading of the Tuskegee archives it acknowledges Washington not only as a champion of black business development but one who conceived and implemented successful strategies to promote it as well The Business Strategy of Booker T Washington makes abundantly clear that Washington was not an accommodationist it will be required reading for any future discussion of this titan of history

Three Black Generations at the Crossroads Lois Benjamin, 2007-12-07 The 20th century marked by dramatic socioeconomic cultural and technological changes greatly altered the value systems of many Americans Three Black Generations at the Crossroads Community Culture and Consciousness looks at how these values shifted within the black community and asks the question Can African Americans successfully confront the challenges of the continuing color line in the 21st century Exploring generational differences in the black community this second edition contains new chapters on politicians and artists two groups that are symbolic of the new occupations that have emerged since the post civil rights era Benjamin also addresses the necessity for resiliency and survival within the black community to endure continuing transformations as we move into the 21st century
