Several Deaths Later:

Several Deaths Later Ed Gorman, 2016-09-17 The popular game show Celebrity Circle is something of a graveyard for show biz mediocrities so Tobin the five foot five movie critic with the fiery hair and the equally fiery temper is less than thrilled to accept a guest stint as the show films a week's worth of broadcasts aboard an ocean liner But Tobin's career has hit the skids since he solved his TV partner's murder Murder on the Aisle money is money and besides he gets a free cruise in the bargain But someone on board has more in mind than fabulous prizes and Ken Norris the smarmy emcee of Celebrity Circle turns up with a knife in his back The Captain blames Cindy McBain the young secretary from Kansas City in whose room the victim's body was discovered Although Tobin finds her wearing nothing but a robe covered in Norris blood he thinks she is innocent if less than pure and he swears his belief has nothing to do with her incredible body or her enthusiastically expressed affection for celebrities

Dying and Death in Later Anglo-Saxon England Victoria Thompson, 2012 Study of late Anglo Saxon texts and grave monuments illuminates contemporary attitudes towards dying and the dead Pre Conquest attitudes towards the dying and the dead have major implications for every aspect of culture society and religion of the Anglo Saxon period but death bed and funerary practices have been comparatively and unjustly neglected by historical scholarship In her wide ranging analysis Dr Thompson examines such practices in the context of confessional and penitential literature wills poetry chronicles and homilies to show that complex and ambiguous ideas about death were current at all levels of Anglo Saxon society Her study also takes in grave monuments showing in particular how the Anglo Scandinavian sculpture of the ninth to the eleventh centuries may indicate not only the status but also the religious and cultural alignment of those who commissioned and made them Victoria Thompson is Lecturer in the Centre for Nordic Studies at the University of the Highlands and Islands

Some Remarkable Passages in the Holy Life and Death of the Late Reverend Mr. Edmund Trench Edmund Trench, 1693 *Death in Late Bronze Age Greece* Joanne M. A. Murphy, 2020-01-06 Late Bronze Age tombs in Greece and their attendant mortuary practices have been a topic of scholarly debate for over a century dominated by the idea of a monolithic culture with the same developmental trajectories throughout the region This book contributes to that body of scholarship by exploring both the level of variety and of similarity that we see in the practices at each site and thereby highlights the differences between communities that otherwise look very similar By bringing together an international group of scholars working on tombs and cemeteries on mainland Greece Crete and in the Dodecanese we are afforded a unique view of the development and diversity of these communities The papers provide a penetrative analysis of the related issues by discussing tombs connected with sites ranging in size from palaces to towns to villages and in date from the start to the end of the Late Bronze Age This book contextualizes the mortuary studies in recent debates on diversity at the main palatial and secondary sites and between the economic and political strategies and practices throughout Greece The papers in the volume illustrate the pervasive connection between the mortuary sphere and society

through the creation and expression of cultural narratives and draw attention to the social tensions played out in the mortuary arena
