Tradition, Modernity, and Postmodernity in Arabic Literature Kamal Abdel-Malek, Wael Hallaq, 2000-07-18 The collection of essays contained in this volume is written by a group of prominent scholars of Arabic literature. They explore various manifestations of traditional as well as modern and postmodern themes and techniques in Arabic literature. This is the first time the tripartite concepts of tradition, modernity and postmodernity in Arabic literary works are explored and analyzed in one volume. It illustrates very clearly the fact that Arabic literature has kept abreast not only of the primarily modern literary movements in the West that is amply illustrated by many studies to date but also of the postmodern condition. Scholars in the fields of Arabic literature, Islamic Studies, Comparative Literature, postmodern studies among others will find this collection of essays of great interest. *International Classification*, 1989. Journal on theory and practice of universal and special classification systems and thesauri. *Canadian Literature Index*, 1991. *A Digest of the Reports of Officers to the Chancellor of the University for the Academic Year ...* New York University, 1914. **Hezbollah** Aurélie Daher, 2019. Indian literature is produced in a wealth of languages but there is an asymmetry in the exposure the writing gets which owes partly to the politics of translation into English. This book represents the first comprehensive political scrutiny of the concerns and attitudes of Indian language literature after 1947 to cover such a wide range including voices from the cultural margins of the nation like Kashmiri and Manipuri that of women alongside those of minority and marginalised communities. In examining the politics of the writing especially in relation to concerns like nationhood, caste, tradition and modernity, postcoloniality, gender issues and religious conflict, the book goes beyond the declared ideology of each writer to get at covert significations pointing to widely shared but often unacknowledged biases. The book is deeply analytical but lucid and jargon free and to those unfamiliar with the writers it introduces a new keenness into Indian literary criticism to make its objects exciting. **Kate Chopin and the City** Heather Ostman, 2023-12-15. This book examines selected short stories and novels by Kate Chopin through the lens of the city of New Orleans. Chopin's depictions of and references to New Orleans celebrate the vibrancy of this unique American city but also illustrate the complex interdependent relationships defined within its coded system of racial, gendered and class designations. These stories feature canny depictions of the complexity of human struggles for freedom as well as love within this nineteenth century southern city. While Chopin has been highly regarded as a local color writer and especially as a feminist literary icon, this book shows how the author's city stories also point to her sophistication as an author who perceived the shifting literary landscape and it identifies the ways many of these stories' protomodernist elements anticipate the advent of the Modern era. *Irish Women Writers* Alexander G. The Fuss that Never Ended Deborah Gare, 2003 It is time to reassess the work of Geoffrey Blainey and consider his role in Australian history politics and public life Geoffrey Blainey has steered Australian history into the nation's conversation No one would dispute that he is a courageous public intellectual a writer of rare grace and a master storyteller And he has indeed provoked a rare fuss both public and professional with some of his comments on Asian immigration and Aboriginal land rights Blainey has challenged the academic history profession not only with his ideas but also by his practice A brilliant student he looked set for Oxford but chose instead the austere west coast of Tasmania for his postgraduate research For the next decade he earned a living with his pen And instead of political history in the traditional academic mould he wrote corporate histories that dispensed with footnotes Always probing and speculative Blainey has dislodged many of the keystones in our understandings of Australia's past He was one of the first to write about the expansive social history of this land before 1788 he questioned whether Botany Bay was founded primarily as a convict colony he argued that the Eureka uprising had economic rather than political causes and he identified sport as a neglected key to the Australian character His controversial views earned such newspaper headlines as Brave Man Set Upon by Thugs for Telling Truth In The Fuss That Never Ended a lively and distinguished assembly of fellow historians and— of various

ages interests and political stancesandmdash take a fresh look at Blainey s remarkable and sometimes controversial career
