Love Your Enemies Discipleship Pacifism And Just War Theory:

Love Your Enemies Lisa Sowle Cahill, 1994 The author examines the theological bases of just war theory and pacifism especially in the light of the concept of God as that motif illuminates Christian discipleship Differences between the theory of just war and the practice of pacifism are highlighted in the overview of the history of Christian thought on the subject and the inclusiveness of the ideal of the kingdom for pacifism is emphasized Christian Pacifism and Just War Theory Harold Palmer, 2016-05-31 What did Jesus mean when he said to love your enemies and pray for those who persecute you Do these commandments leave room for Christians to serve in militaries or police forces that implement the use of force Or is the Christian to steadfastly reject violence and embrace pacifism Are certain wars justified on the basis of just war theory or are all wars in their brutality and destruction inherently evil In this study Harold Palmer an attorney examines the case that has traditionally been made to justify Christian participation in war The author begins with a historical background of the roots of just war theory as promulgated by Thomas Aquinas He then examines the passages on which just war theorists rely including God's commandments to the Israelites to go to war against their enemies Jesus' praise of the Roman Army centurion for his faith and God's use of the centurion Cornelius to graft Gentiles into the Kingdom of God Arguing that these passages have been misunderstood he concludes that Christianity only permits a single response to evil self-sacrificial love The author makes a cogent case for Christian pacifism by examining the life of Jesus and arguing that His crucifixion was more than a salvific act it also exemplified the ideal of Christian living Being a disciple of Jesus means emulating Him in every way including responding to violence through self-sacrificial love as Jesus did and obeying Jesus' commands to be as harmless as doves to turn the other cheek and pray for those who persecute you Finally this study tackles the difficult question of Old Testament violence by arguing that it falls within a specific context and is not normative for members of the New Covenant of Grace Rather than embrace violence we are to follow the examples set by the early church and its martyrs including the Apostle Stephen who prayed that his persecutors not be charged with their sins and the apostle Paul who taught us to live peaceably with all men Our war is not a physical struggle but a spiritual war to be waged with prayer faith and the gospel of peace Eph 6:12-18

Daniel L. Smith-Christopher, 2008-12-30 Is there a controversial issue in the contemporary world that does not involve religion Whether it is a debate over the beginning of life or on sexuality and family life or on the stewardship of humans over the environment almost all of the most contentious matters that impact today's society involve people's deeply held religious beliefs **Battleground Religion** helps clarify these complex topics by examining how various religious beliefs and practices impact current political social and cultural debates Each of the approximately 100 entries examines a hot button issue from war and peace to the culture wars and discusses in a balanced and objective way the points of view on these topics from all parts of the religious spectrum Students will come away from **Battleground Religion** with a better understanding of the issues that they will be encountering for years to come Each entry includes a bibliography or resources for further information

spirituality of crusading by exploring the biblical imagery and exegetical interpretations which formed its philosophical basis. Medieval authors frequently drew upon scripture when seeking to justify praise or censure the deeds of crusading warriors on many frontiers. After all, as the fundamental written manifestation of God's will for mankind, the Bible was the ultimate authority for contemporary writers when advancing their ideas and framing their world view. This volume explores a broad spectrum of biblically derived themes surrounding crusading and by doing so seeks to better comprehend a thought world in which lethal violence could be deemed justifiable according to Christian theology. Mutuality Dawn M. Nothwehr, 2005-07-25. By selecting as her focus mutuality, Nothwehr brings to the fore an issue of perennial importance in Christian social ethics: that of power. As she shows, feminist theology invites religious ethicists to reconceive normative questions of power from the vantage point of its dynamic, mutual sharing—a sharing that encompasses not only individual relations but society and the natural world. She also demonstrates how attention to relations of mutuality sheds light on the spectrum of classical Christian theological and moral topics, revealing dimensions of our traditions that standard assumptions about power as domination tend to obscure. Christine Firer Hinze, Associate Professor of Theology, Marquette University. This book allows mutuality to take its rightful place along with love and justice in Christian social ethics. Written with great clarity, with excellent scholarship, and with the thinking of key historical figures in mind, this book focuses on the thinking of four contemporary Christian feminists: Beverly Wildung Harrison, Carter Heyward, Elizabeth Johnson, and Rosemary Radford Ruether, to show that mutuality is at the heart of ethics. But it does more. It shows that mutuality is at the heart of the human, at the heart of the divine, and at the heart of the meeting between the two. John J. Shea, visiting Associate Professor of Pastoral Care and Counseling, Boston College. Dawn Nothwehr employs a corrective category: mutuality. At first blush, the term would seem too tender and nebulous to address the splits in our consciousness, but this theologian brings well-informed care to its definition. It becomes in her hands a critical tool which can do healing surgery on many foundational categories of Catholic theology and indeed on much of modern thinking beyond the pale of Catholicism. Mutuality calls attention to the essential interdependency of all that is in our cosmos. Daniel C. Maguire, Professor of Theological Ethics, Marquette University.
