Loving In The War Years Lo Que Nunca Paso Por Sus Labios:

Loving in the War Years Cherríe Moraga, 1983 Weaving together poetry and prose Spanish and English family history and political theory *Loving in the War Years* has been a classic in the feminist and Chicano canon since its 1983 release It remains a testament of Moraga's coming of age as a Chicana and a lesbian at a time when the political merging of those two identities was severely censured *Massacre of the Dreamers* Ana Castillo, 2014-12-01 Gustavus Myers Outstanding Book Award from the Gustavus Myers Center for the Study of Bigotry and Human Rights This new edition of an immensely influential book gives voice to Mexican American women silenced for hundreds of years by the dual censorship of being female and indigenous Castillo replaced the term Chicana feminism with Xicanisma to include mestiza women on both sides of the border In history myth interviews and ethnography Castillo revisits her reflections on Chicana activism spiritual practices sexual attitudes artistic ideology labor struggles and education related battles Her book remains a compelling document enhanced here with a new afterword that reexamines the significance of Our Lady of Guadalupe **Reading Chican@ Like a Queer** Sandra K. Soto, 2010-03-15 A race based oppositional paradigm has informed Chicano studies since its emergence In this work Sandra K Soto replaces that paradigm with a less didactic more flexible framework geared for a queer analysis of the discursive relationship between racialization and sexuality Through rereadings of a diverse range of widely discussed writers from Américo Paredes to Cherríe Moraga Soto demonstrates that representations of racialization actually depend on the sexual and that a racialized sexuality is a heretofore unrecognized organizing principle of Chicana literature even in the most unlikely texts Soto gives us a broader and deeper engagement with Chicana representations of racialization desire and both inter and intracultural social relations While several scholars have begun to take sexuality seriously by invoking the rich terrain of contemporary Chicana feminist literature for its portrayal of culturally specific and historically laden gender and sexual frameworks as well as for its imaginative transgressions against them this is the first study to theorize racialized sexuality as pervasive to and enabling of the canon of Chicana literature Exemplifying the broad usefulness of queer theory by extending its critical tools and anti heteronormative insights to racialization Soto stages a crucial intervention amid a certain loss of optimism that circulates both as a fear that queer theory was a fad whose time has passed and that queer theory is incapable of offering an incisive politically grounded analysis in and of the current historical moment **English Literature and the Other Languages**, 2022-06-08 The thirty essays in *English Literature and the Other Languages* trace how the tangentiality of English and other modes of language affects the production of English literature and investigate how questions of linguistic code can be made accessible to literary analysis This collection studies multilingualism from the Reformation onwards when Latin was an alternative to the emerging vernacular of the Anglican nation the eighteenth century confrontation between English and the languages of the colonies the process whereby the standard British English of the colonizer has lost ground to independent Englishes American Canadian Indian Caribbean

Nigerian or New Zealand English that now consider the original standard British English as the other languages the interaction between English and a range of British language varieties including Welsh Irish and Scots the Lancashire and Dorset dialects as well as working class idiom Chicano literature translation and self translation Ezra Pound s revitalization of English in the Cantos and the psychogrammar and comic dialogics in Joyce s Ulysses As Norman Blake puts it in his Afterword to English Literature and the Other Languages There has been no volume such as this which tries to take stock of the whole area and to put multilingualism in literature on the map It is a subject which has been neglected for too long and this volume is to be welcomed for its brave attempt to fill this lacuna Chicana Leadership Yolanda Flores

Niemann,2002-01-01 Chicana Leadership The Frontiers Reader breaks the stereotypes of Mexican American women and shows how these women shape their lives and communities This collection looks beyond the frequently held perception of Chicanas as passive and submissive and instead examines their roles as dynamic community leaders activists and scholars Chicana Leadership features fifteen essays from the notable women s journal Frontiers A Journal of Women Studies that demonstrate the strength and diversity of Chicanas as well as their continuing struggle to have their voices heard Noted scholars discuss issues ranging from the feminist prototype La Malinche to Chicana writers and national ideology from gender and identity to ideas of culture and romance and from tokenism to the diversity within the Chicana community The essays provide an introduction to an evolving understanding of this diverse community of women and how they interact among themselves with their community and with the world around them **Entiendes?** Emilie L. Bergmann,1995

Entiendes is literally translated as Do you understand Do you get it But those who do get it will also hear within this question a subtler meaning Are you queer Are you one of us The issues of gay and lesbian identity represented by this question are explored for the first time in the context of Spanish and Hispanic literature in this groundbreaking anthology Combining intimate knowledge of Spanish speaking cultures with contemporary queer theory these essays address texts that share both a common language and a concern with lesbian gay and bisexual identities Using a variety of approaches the contributors tease the homoerotic messages out of a wide range of works from chronicles of colonization in the Caribbean to recent Puerto Rican writing from the work of Cervantes to that of the most outrageous contemporary Latina performance artists This volume offers a methodology for examining work by authors and artists whose sexuality is not so much open as an open secret respecting for example the biographical privacy of writers like Gabriela Mistral while responding to the voices that speak in their writing Contributing to an archeology of queer discourses Entiendes also includes important studies of terminology and encoded homosexuality in Argentine literature and Caribbean journalism of the late nineteenth century Whether considering homosexual panic in the stories of Borges performances by Latino AIDS activists in Los Angeles queer lives in turn of the century Havana and Buenos Aires or the mapping of homosexual geographies of 1930s New York in Lorca s Ode to Walt Whitman Entiendes is certain to stir interest at the crossroads of sexual and national identities while proving to

be an invaluable resource *Across Genres, Generations and Borders* Susanna Scarparo, Rita Wilson, 2004 This book examines the processes involved in writing the lives of women both as autobiographies and as biographies Some essays are theoretical discussions about the constructions of self articulation in women's life writing Others are more autobiographical emphasizing the importance of self articulation for creating possibilities for self direction Adopting different theoretical approaches chapters in this collection highlight the connections between subjectivity and history feminist concerns about mothering and the mother daughter relationships autobiography discourse and its framing of the relationship between text and life and the ethics of constructing biographies The book is divided into three parts the first part focuses on the process of writing lives as expressed but also contested in epistolary narratives autobiography and historical fiction The second part considers notions of female genealogy and the relationship with the maternal both biological and symbolic The third part comprises articles which deal with writing outside geographical and metaphorical borders
