and Macs and what's missing in them. This book is a friendly but comprehensive guide to screen sharing, screen mirroring, network file sharing, and cloud file sharing using Apple devices. The software and data we need is often not right in front of us. Take Control of Apple Screen and File Sharing provides a fully up-to-date guide to the many resources for accessing stuff we don't have within reach. You learn how to access your own screens nearby over a network and over the internet, share your screens with others for remote control or viewing, and mirror screens to larger displays and into group chats. You also become an expert on local file sharing with Macs and sharing from cloud-based storage like iCloud Drive and Google Drive. With the help of this book, you'll get to know the Mac Screen Sharing app to connect to view and control the screens of other Macs, access other people's screens to help them troubleshoot problems or share what they're working on for work or fun, understand where third-party screen sharing systems improve on Apple's offerings, learn the difference between screen sharing and mirroring and where the two intersect and even overlap, use screen sharing over FaceTime and Messages with one person or dozens using Macs, iPhones, or iPads, mirror your iPhone's screen and optionally its notifications on your Mac, find out how and why mirroring an Apple Watch to an iPhone could be useful, set up and use networked file sharing on your Mac, turn to cloud services like iCloud Drive, Dropbox, Google Drive, and Microsoft OneDrive to share files securely with others and impose limits on what they can do, enable secure remote access among all your devices and with other people using a virtual local area networking (VLAN) system, get to understand Virtual Network Computing (VNC) screen sharing, its standardization, its limitations, and its security weaknesses.
