Explaining Political Judgement Perri 6,2011-09-22 What is political judgement Why do politicians exhibit such contrasting thought styles in making decisions even when they agree ideologically What happens when governments with contrasting thought styles have to deal with each other In this book Perri 6 presents a fresh rigorous explanatory theory of judgement its varieties and its consequences drawing upon Durkheim and Douglas He argues that policy makers will understand and misunderstand their problems and choices in ways that reproduce their own social organisation This theory is developed by using the Cuban Missile Crisis of 1962 as an extended case study examining the decision making of the Kennedy Castro and Khrushchev regimes Explaining Political Judgement is the first comprehensive study to show what a neo Durkheimian institutional approach can offer to political science and to the social sciences generally **Defence**

Cold War N. Ashton,2002-09-18 Nigel J Ashton analyses Anglo American relations during a crucial phase of the Cold War He argues that although policy makers on both sides of the Atlantic used the term interdependence to describe their relationship this concept had different meanings in London and Washington The Kennedy Administration sought more centralized control of the Western alliance whereas the Macmillan Government envisaged an Anglo American partnership This gap in perception gave rise to a crisis of interdependence during the winter of 1962 3 encompassing issues as diverse as the collapse of the British EEC application the civil war in the Yemen the denouement of the Congo crisis and the fate of the British independent nuclear deterrent **The Prime Minister: The Office and Its Holders Since 1945** Peter Hennessy,2001-10-05 He

illuminates often for the first time precise Prime Ministerial attitudes toward and authority over nuclear weapons policy the planning and waging of war and the secret services as well as dealing with governmental overload the Suez crisis and the Soviet threat He concludes with a controversial assessment of the relative performance of each Prime Minister since 1945 and a new specification for the premiership as it meets its fourth century **BOOK JACKET** **Our Documents** The National

Blight,Bruce J. Allyn,David A. Welch,2002 With the disintegration of the Soviet Union and international socialism Cuba now finds itself isolated as the United States continues to press for its economic and political collapse How Fidel Castro sees Cuba s plight and what he hopes to do about it emerge from this account of a unique conference held in Havana in 1992 The meeting brought together participants in the Cuban missile crisis from the former Soviet Union Cuba and the U S to discuss its causes and course This account is now available for the first time in paperback on the 40th anniversary of the Cuban Missile Crisis This first meeting between Castro his ex Soviet allies and his American foes produced startling revelations about his dealings with the Soviets chilling details of the number and kind of Soviet nuclear arms that Cuba possessed in 1962 and an illuminating account of

Castro's view of the American threat then and now The dramatic exchanges between Castro and such conference participants as Anatoly I Gribkov former head of the Warsaw Pact former U S Secretary of Defense Robert McNamara and Arthur Schlesinger Jr Special Assistant to John Kennedy reveal misperceptions on all sides that led us to the brink of nuclear war An extraordinary examination of an international crisis Cuba on the Brink illustrates the ongoing Cuba problem and will help guide our actions toward other countries deemed hostile to our national interest

All the Way with JFK? Peter Busch, 2003 In *All the Way with JFK* Peter Busch shatters many a myth about Anglo American relations and the Vietnam War Demolishing the scholarly consensus that Britain was in constant pursuit of peace in Indochina he shows that the British government ruled out a negotiated settlement advised John F Kennedy to conceal the American military build up and helped to put the blame for the escalating conflict squarely on the communist regime in Hanoi Simultaneously Britain increased its own involvement in the conflict by sending Robert Thompson as the head of a team of counter insurgency experts to South Vietnam The detailed analysis of the British Advisory Mission disproves the oft repeated view that Thompson was the brain behind the strategic hamlet programme in which Kennedy and his administration put so much faith However the British experts were convinced of the programme's eventual success and Thompson told Kennedy in 1963 that the South Vietnamese were winning the war Drawing on newly released documents from archives in Britain the United States Canada Australia New Zealand and East Germany the compelling story of Britain's involvement in Vietnam is set in the context of the Cold War in South East Asia While Britain was en route to getting more deeply involved in Vietnam Indonesia's confrontation policy refocused London's attention to the Malayan area in 1963 Britain wanted to demonstrate to the world and particularly to President Kennedy the Australians and the New Zealanders that it was still willing and able to safeguard Commonwealth interests in South East Asia Indeed Whitehall's unequivocal defence commitment to Malaysia coupled with the British military build up in the area was completely consistent with Britain's Vietnam policy *All the Way with JFK* proves that the British could not think of a viable alternative to Kennedy's Vietnam policy that might have helped the US avoid the quagmire Far from playing the role of peacemaker Britain supported Kennedy's policy of seeking a decisive military victory in Vietnam
