An Islamic Model for Stabilization and Growth Adama Dieye, 2020-07-16 This book argues that the macroeconomic policy adjustment models recommended by the IMF and the World Bank for implementation in many Muslim countries with substantial donor financial support have not been effective Economic indicators show low economic growth persistent fiscal and external deficits and limited industrialization Also these countries are experiencing increases in unemployment poverty and substantial growth in income and wealth inequalities These facts underline an urgent need to produce an alternative to the failed conventional macroeconomic model in order to address the challenge of macroeconomic and social adjustment policies The project posits and investigates the idea that the Islamic economic model prescribed in the Quran and applied by the Prophet sawa could be the ideal model for Muslim as well as non Muslim countries A Macroeconomics Model and Stabilisation Policies for the OPEC Countries A. Khalik Salman, 2019-06-26 First published in 1999 this book focuses on the macroeconomics issues which directly affect OPEC countries aiming to set them in the context of the overall development effort The most extant theoretical and empirical aspects in macroeconomics are integrated smoothly with institutional issues and policy questions The analysis is illustrated through examples to show how the theories relate to the real world especially to ongoing debates on developing economies as well as debates that encompass both developing and OPEC and developed countries *Dynamic Modelling and Control of National Economies* 1983 T.
