Manifesto Of A Tenured Radical:

Manifesto of a Tenured Radical Cary Nelson, 1997-04-01 In an age when innovative scholarly work is at an all time high the academy itself is being rocked by structural change Funding is plummeting Tenure increasingly seems a prospect for only the elite few Ph D s are going begging for even adjunct work Into this tumult steps Cary Nelson with a no holds barred account of recent developments in higher education Eloquent and witty Manifesto of a Tenured Radical urges academics to apply the theoretical advances of the last twenty years to an analysis of their own practices and standards of behavior In the process Nelson offers a devastating critique of current inequities and a detailed proposal for change in the form of A Twelve Step Program for Academia

Manifestoes Janet Lyon, 2018-09-05 For more than three hundred years manifestoes have defined the aims of radical groups individuals and parties while galvanizing revolutionary movements As Janet Lyon shows the manifesto is both a signal genre of political modernity and one of the defining forms of aesthetic modernism Ranging from the pamphlet wars of seventeenth century England to dyke and ACT UP manifestoes of the 1990s her extraordinarily accomplished book offers the first extended treatment of this influential form of discourse Lyon demonstrates that the manifesto usually perceived as the very model of rhetorical transparency is in fact a complex ideologically inflected genre one that has helped to shape modern consciousness Lyon explores the development of the genre during periods of profound historical crisis The French Revolution generated broadsides that became templates for the texts of Chartism the Commune and late nineteenth century anarchism while in the twentieth century the historical avant garde embraced a revolutionary discourse that sought in the manifesto s polarizing polemics a means for disaggregating and publicizing radical artistic movements More recently in the manifestoes of the 1960s the wretched of the earth called for either the full realization or the final rejection of the idea of the universal subject paving the way for contemporary contestations of identity among second and third wave feminists and queer activists

Academe Degree Zero Jeffrey R. Di Leo, 2015-12-03 Academe Degree Zero brings together ten essays that identify and critically examine the key issues facing professionals in higher education today These include the nature and limits of anonymity in academic discourse the ways in which affiliation and prestige temper academic judgement and the role of collegiality in academic life Through numerous essays edited books and journal issues Jeffrey R Di Leo s cross disciplinary work has consistently been at the edge of current thinking and critical efforts to lay bare the reality of contemporary academic life Academe Degree Zero provides a snapshot of academic identity and relations in a time of major technological and economic transformation and in the context of growing corporatisation of higher education

The Two-fold Thought of Deleuze and Guattari Charles J. Stivale, 1998-06-05 French philosophers Gilles Deleuze and Felix Guattari worked together extensively from the 1960s into the 1990s and the resulting intersections of their different sensibilities and modes of knowing fueled powerful alternatives to Marxian and psychoanalytic orthodoxies Yet readers approaching Deleuze and Guattari s works are often frustrated by the paucity or unfamiliarity of specific examples

that might clarify their complex arguments This timely volume animates key concepts and terminology by applying them to provocative readings of literary texts films and cultural phenomena from *Apocalypse Now* to Cajun music and dance Drawing extensively from primary and critical sources to elucidate Deleuze and Guattari's theoretical contributions Stivale reinvigorates their two fold thought for use as an analytical tool in the humanities and social sciences The book also offers a clear introduction to the precollaborative phase of each thinker's work an interview Stivale conducted with Guattari and the first time English translation of a 1967 essay by Deleuze Winner Board of Governors Faculty Recognition Award Wayne State University **Foucault, Cultural Studies, and Governmentality** Jack Z.
