The New Medical Astrology Mario Kertscher, 2025-02-25 The teaching of a New Medical Astrology is an attempt to bring medicine and astrology closer together again. While medicine has continued to develop and gain new insights into the organs, classical medical astrology has hardly developed at all in the last 2000 years, since the doctrine that Aries begins with the head and Pisces ends with the feet. After 40 years of thorough research, the New Medical Astrology is now based on 12 vital organ systems within the head and torso, which correspond to the 12 signs of the zodiac. Unlike in Hippocrates' time, more than 2000 years ago, the arms and legs do not play a major role in the new classification, as they do not represent vital organs.
