My Bloody Valentine:

My Bloody Valentine Jo Gibson, 2000-09 It's Valentine's Day at Hamilton High Everyone's excited about this year's big dance especially the six girls competing to be Queen of Hearts One student is paying extra close attention to the contest She doesn't believe a girl has the right to be queen if her heart isn't pure Five girls down One to go *MY Bloody Valentine*, 2003 My Bloody Valentine's Loveless Mike McGonigal, 2007-01-10 Loveless remains an enigma 15 years after its release

an album so influential and groundbreaking that its chief creator Kevin Shields has been unable or unwilling to release an official follow up In his book Mike McGonigal talks to all the members of My Bloody Valentine in an almost certainly futile attempt to get at the essence of this extraordinary record **My bloody Valentine**, 2019 **Horror That Haunts Us** Karrà Shimabukuro, Wickham Clayton, 2024-02-06 Horror's pleasures fundamentally hinge on looking backward either on destabilising trauma or as a period of comfort and happiness which is undermined by threat However this stretches beyond the scares on our screens to the consumption and criticism of the monsters of our past The horror films of our youth can be locations of psychological and social trauma or the happy place we go back to for comfort when our lives become unsettled Horror That Haunts Us Nostalgia Revisionism and Trauma in Contemporary American Horror is a collection of essays that brings together multiple theoretical and critical approaches to consider the way popular horror films from the last fifty years communicate embody and rework our view of the past Whether we look at our current relationship to the scary movies of decades ago as personal or cultural memory the way historical and sociopolitical events and frameworks especially traumas reframe the way we look at our pasts or even the way recent horror films and video games look back at our past and the past of the genre itself through a filter of experience and history this collection will show the close relationship between nostalgia and popular horror These essays also demonstrate a range of unique and diverse points of view from both established and emerging scholars on the subject of horror and the past Edited by seasoned horror experts Karr Shimabukuro and Wickham Clayton Horror That Haunts Us is a book with the aim of examining why we return again and again to certain popular horror films either as remakes or reboots or as the basis for pastiche and homage **My Bloody Valentine** Eva

Hyperobjects Timothy Morton,2013-10-01 Having set global warming in irreversible motion we are facing the possibility of ecological catastrophe But the environmental emergency is also a crisis for our philosophical habits of thought confronting us with a problem that seems to defy not only our control but also our understanding Global warming is perhaps the most dramatic example of what Timothy Morton calls hyperobjects entities of such vast temporal and spatial dimensions that they defeat traditional ideas about what a thing is in the first place In this book Morton explains what hyperobjects are and their impact on how we think how we coexist with one another and with nonhumans and how we experience our politics ethics and art Moving fluidly between philosophy science literature visual and conceptual art and popular culture the book argues that hyperobjects show that the end of the world has already occurred in the sense that concepts such as world nature and even environment are no longer a meaningful horizon against which human events take place Instead of inhabiting a world we find ourselves inside a number of hyperobjects such as climate nuclear weapons evolution or relativity Such objects put unbearable strains on our normal ways of reasoning Insisting that we have to reinvent how we think to even begin to comprehend the world we now live in *Hyperobjects* takes the first steps outlining a genuinely postmodern ecological approach to thought and action
