A Philosophy of Nationhood and the Modern Self Michal Rozynek, 2017-03-23 This book delves into the philosophical presuppositions of modern political agency Michal Rozynek explores the place of nationalism in an increasingly cosmopolitan world by approaching the fundamental questions of modern subjectivity from a new angle Taking as a starting point the transformations of the modern self this volume argues that the project of modernity leads to an unresolvable tension within the self one which seemingly jeopardizes our ability to participate in a public world Rozynek goes on to show how nationhood can offer a resolution to this tension building on the pioneering work of Liah Greenfeld Far from being a defense of tribalism this book attempts to tackle both the questions of

national solidarity and cosmopolitan duties by problematizing the account of nationalism in contemporary political theory and advocating a revised model of universalism

Minorities and Populism – Critical Perspectives from South Asia and Europe

Volker Kaul, Ananya Vajpeyi, 2020-02-28 This volume assembles renowned scholars to address for the first time the relationship between minorities and populism in South Asia and Europe from a critical perspective Despite the very different and to some extent opposite historical and political trajectories there is today a convergence on nationalist affirmation and on majoritarian politics between South Asia and Europe In India the Hindu majority rebels against wide ranging minority rights anchored in the Constitution In Europe the refugee crisis and Islamic radicalization bring to the forefront the postcolonial legacy Despite all rhetoric there are obvious dangers of majoritarianism Populist parties are divisive partisan disregard minority rights engage in lynching social division stigmatization and exclusion turning minorities into second class citizens There is a profound structural connection between minorities and the current rise of populism in India and Europe But there remains a deep perplexity and also anxiety Does the presence of minorities necessarily have to trigger majoritarian policies Are there no solutions to this dilemma Many observers considered multicultural policies and affirmative action programs in India as a possible model for Europe to adopt in order to achieve greater integration But eventually they seem to have failed Why so Are multiculturalism and the recognition of differences still options today On the other hand most scholars in India typically reject the European model of liberal democracy and secularism as impracticable in India and locate the reason for the current malaise in the west But is liberal democracy really so bad in dealing with pluralism This volume collecting a selection of the Reset DOC Venice Padua Delhi dialogue series is going to answer two fundamental questions First what precisely is the nexus between minorities and populism in South Asia and Europe Starting from those case studies the authors will also draw some general theoretical inferences about the nature of populism Secondly given the dangers of populism for minorities the volume will look for the most adequate and feasible solutions
