Natural Resources Management And Livelihood Security Survival Strategies An Sustainable Policies

A. Narayanamoorthy

Natural Resources Management And Livelihood Security Survival Strategies An Sustainable Policies:

Natural Resources Management and Livelihood Security Mrityunjay M. Jha, 2004 This Edited Volume Deals With Earth Its Conservation Management Of Natural Resources Agriculture Livestock And Water Resources Development It Is Divided Into Five Parts Natural Resources Sustainable Livestock Development Sustainable Agriculture Policies Foundation Day Lectures Advocates Strategies Needed To Save Mankind And Our Planet In The New Millennium **Development, Environment and Sustainable Livelihood** Soumyendra Kishore Datta, Atanu Sengupta, 2014-10-16 This book is the outcome of an international conference held in the Department of Economics Burdwan University in 2013 The major part of the conference had been related to development environment and livelihood issues which are also in some way linked to the theme of the ongoing DRS project in the Department pertaining to issues on rural livelihood The achievement of higher economic growth is one of the principal objectives of current government policies and involves intensive resource development programmes with equitable access and distribution of output It is a great challenge for developing countries and the only vehicle which can bring these countries out of poverty India's development path is based on its unique resource endowments As a welfare state its overriding priority lies in generating its citizens wellbeing with the multifarious programmes of eradicating poverty through providing means of earning income for a sustainable livelihood While a number of programmes have been undertaken by the Government with the aim of eliminating poverty the purpose of generating an all round enhanced livelihood opportunity based on the creation of an improved ambience is only partially served by such programmes The recent focus therefore has been on the assets processes activity framework concerned with not only poverty reduction but also promoting sustainable livelihood enhancing strategies and access to assets like human capital physical assets social capital financial capital and natural capital In terms of the sustainable livelihood framework livelihood comprises the activities the assets the capabilities and the access that combine to determine the standard of living attainable for an individual A livelihood is deemed to be sustainable when it can absorb unforeseen shocks and recover from stresses and uncertainties while maintaining or enhancing the capability and asset base both at present and for future periods without distorting the natural resources and creating social unrest This book is composed of seventeen papers covering the socio developmental aspects and natural resources connected with the concept of sustainable livelihood as well as livelihood issues intimately linked with the farm and non farm sectors and impacted by gender aspect **Land Use: Reflection On Spatial Informatics Agriculture And Development** Mrityunjay M. Jha And R.B. Singh, 2008 With reference to India

Sustainable Resource Development Udai Prakash Sinha, 2011 Study conducted in Munger Division India The Irrigation Future of India A. Narayanamoorthy, 2022-02-02 This book aims to bring forth and address the major issues confronting the irrigation sector of India and also to suggest policy pointers to sustain it As the policy and reform canvas is large for a huge and diverse country this book has particular focus on the most important and immediate issues and future

options The chapters not only focus on new research in depth analysis and technical details but also provide a balanced review of the state of irrigation sector and comprehensive presentation of major issues challenges and future options With the presentation of in depth analysis and synthesis of available knowledge the work can act as a handbook for major irrigation water issues actual policy changes and potential reform that could turnaround the sector Given the temporal and spatial data analysis of the irrigation sector this book will be effective and useful as a research and teaching tool to students and researchers both in India and globally Besides its professional audience within the academic research and policy community the non technical format of the book will appeal to a general audience in the media policy and donor circles

Developing Sustainable Digital Libraries: Socio-Technical Perspectives Ashraf, Tariq, Sharma, Jaideep, Gulati, Puja Anand, 2010-03-31 This book provides tools to complement an organization s burgeoning information treasuries exploring new frontiers by looking at social and economic aspects of digital libraries and their sustainability Provided by publisher

Building Resilience for Flood Disaster in Malaka-Timor, Indonesia Apolonia Diana Sherly da Costa, 2024-10-02 This book provides a new and different perspective on human geography as an umbrella understanding of the social science of disaster management but it is simple to understand where disaster affected communities anywhere for example in this study in disaster communities in Malacca Timor eastern Indonesia female customary land can respond to flood disasters with the resilience capacity they have day after day What is presented in this book is very relevant and indicates the concept of resilience to flood disasters from the perspective of the community human geography through the use of applied science along with practical social methods or approaches combined with applied GIS data in the form of nine spatial distribution maps of each resilience capacity asset that flood affected communities have in coping with disaster impacts or risks In the relevance of human geography natural disasters and spatial studies we as readers jointly find a bright spot in this book that natural vulnerability has an impact on physical social cultural economic religious legal and political vulnerabilities where communities experiencing flood hazards need to learn to deal with and or practice the resources they have The resources they have in the scientific trajectory of human geography disaster management and spatial studies are specialized in understanding how effective efficient and adequate the resilience they have in the study of sustainable livelihood development is based on the lens of social ecological integrity This book provides a clear and digestible understanding for all readers from interdisciplinary scientific backgrounds

Perspectives on Knowledge Management K. Madhavan, R.K Bhatt & R. Raman Nair, 2022-01-09 Perspectives on Knowledge Management The unprecedented developments in Information and communication technologies resulted in the speedy transition of the Industrial society into the Knowledge Society Now the efficiency in knowledge Management determines the quality speed and Development in all spheres of human activity Experts from different academic disciplines have contributed to the growth of this innovative domain of knowledge as well as to the methods and techniques for managing it Digital technologies make it possible to transfer or access knowledge

transcending the limitations of space and time Knowledge Management processes have started to get much importance along in the manufacturing processes Knowledge is defined as the remembering of previously learned material This may involve the recall of a wide range of material from specific facts to complete theories but all that is required is bringing to mind the appropriate information Knowledge represents the lowest level of learning outcomes in the cognitive domain Knowledge Management is the broad process of locating organizing transferring and using the information and expertise within an organization The overall knowledge management process is supported by four key enablers leadership culture technology and measurement In his prophetic words Management Guru Peter F Drucker observed that the most important and indeed the truly unique contribution of management in the 20th century was the fifty fold increase in the productivity of the Manual Worker in manufacturing The most important contribution management needs to make in the 21st century is similarly to increase the productivity of Knowledge Work and the Knowledge Worker Drucker 1999 Knowledge Worker Productivity The Biggest Challenge CMR41 2 Considering the importance and relevance of this innovative area that has roots in different subject areas such as information science Decision science Social and economic activities manufacturing health care systems
