Natural Spirituality Joyce Rockwood Hudson, 1998-02-01 *The Living Church*, 2000-07 **A Process Spirituality** Sheri D. Kling, 2020-07-08 American culture is in a state of critical fragmentation The author argues that we will solve neither the ecological crisis nor our social estrangement from each other until we transform our perception of life as embodied and interconnected and rediscover what is sacred through transformative lived experiences of wholeness Using an embodied theological framework supported by comparative hermeneutical and constructive methodologies A Process Spirituality synthesizes theoretical empirical and practical resources to construct a hopeful and holistic understanding of God the world and the self Interweaving Alfred North Whitehead's vision of a relational cosmos with Carl Gustav Jung's integrated relational psyche and a powerful spiritual praxis of dream work creates a generative matrix through which to perceive a God world reality characterized by value relationality and transformation in which individuals matter belong and can experience positive change Such a Christian and transreligious vision of hope offers individuals the possibility and capacity to move from a state of fragmentation to one of psycho spiritual wholeness and flourishing *How I Found God in Everyone and Everywhere* Andrew M. Davis, 2025-01-28 The spiritual journey is interior to each person but not meant to be walked alone Much can be gained from trailing the spiritual narratives of those who have traveled ahead of us for the God they have found we may never have considered How I Found God in Everyone and Everywhere Volume 2 again captures for a general audience the spiritual shift away from popular notions of a God up there and out there and toward immanent and inclusive understandings of a God in our very midst It is built around the fascinating personal journeys of a close knit group of prominent contributors leaders including Christopher M Bache Jude Currivan Amit Goswami Kabir Helminski Karen Johnson with Hameed Ali A H Almaas Sheri Kling Beverly Lanzetta Ervin Laszlo Jay McDaniel Raymond Moody Peter Russell Rupert Spira and Becca Tarnas From dark nights of suffering and despair to the joy of scientific and intellectual discovery to the aesthetic beauty of music and nature and the blissful and at times dreadful shock of psychedelic mystical and near death experience these spiritual memoirs reveal exceptional encounters with the Holy Mystery a universal Mind that exceeds but also includes our very own And unlike the first volume this new book is deliberately catered toward group study with its Questions for Discussion and Sages to Explore sections at the end of each chapter *Rethinking Whitehead's Symbolism* Roland Faber, 2018-11-30 11 essays by leading Whitehead scholars re-examine Whitehead's Barbour Page lectures published as the book *Symbolism Its Meaning and Effect* in 1927 to give you exciting insights into the contemporary implications of Whitehead's symbolism in an era of new scientific cultural and technological developments *Dreaming in Church* Geoffrey G. Vande Kappelle,2021-08-10 Many people today including Christians of deep conviction are deciding for one reason or another to stop attending church They have been swept up by the avalanche in America known simply as the nones thereby joining the ranks of the religiously unaffiliated dubbed the church alumni association or perhaps more accurately believers in exile by Anglican Bishop John Shelby Spong Research shows that during the first two decades of the twenty first century a seismic shift occurred in the U S population away from religious institutions and toward disaffiliation While the causes and effects of this dislocation are varied and numerous by 2015 the phenomenon of shrinking faith communities was so widespread that nones became the third largest religious identity in the world behind Christians and Muslims Today there are more religious nones than Catholics or evangelicals and 36 percent of those born after 1981 do not identify with any religion Does this shift mark a loss of spirituality or do these changes point to a new global religious awakening one that affirms religious pluralism and views faith relationally rather than dogmatically as a way of the heart and not of the head While some Christians are staying put experiencing the current shift in traditional church settings this book proposes a new understanding of the church a new pattern and vision for Christian living and thinking that can transform our understanding of God others nature and ourselves Useful for individual or church study each chapter of The Church Alumni Association concludes with questions for discussion and reflection Heart to Heart—The Journey Outward Robert P. Vande Kappelle,2023-01-20 Whether religiously theists atheists agnostics or simply seekers each of us is on a journey of faith spiraling through stages seasons or phases of spirituality On this journey we discover that spirituality is more caught than taught and that faith enriched more by subtraction than by addition is more about unlearning than learning At the center of Jesus life and message stands the exhortation to receive and share divine love The two volumes of Heart to Heart excerpted from Dr Vande Kappelle s published writings examine the meaning and implications of the biblical Great Commandment to love God and others as oneself Whereas the first volume examines the spiritual journey inward this companion volume examines the journey outward Ultimately there is only one spiritual journey the journey Godward and there is only one commandment Divine love is the key to everything Unloved people misbehave fail to love or fail to change Loved people aren

t concerned with rules regulations or beliefs Rather because they are loved they take proper care of themselves and in so doing care for nature and others as extensions of themselves Heart to Heart is written for those who affirm the value of lifelong spiritual growth realize the limits of logic and embrace the paradoxes in life If you are willing to commit less than ten minutes a day over a seven month period you will undertake a spiritual journey of epic proportions guaranteed to transform you morally and spiritually In addition you will come to embrace Christianity as the transformative movement envisioned by Jesus for humanity a way of life grounded in compassion justice service humility and love of others

Adventures in Spirituality Robert P. Vande Kappelle, 2020-02-17 Contrary to popular culture the goal of life is not happiness but meaning Those who seek happiness by trying to avoid or finesse conflict suffering doubt and change will find life increasingly superficial Feeling good is a flawed measure of life but living meaningfully is transformative for then one is living a developmental rather than a regressive agenda The ego does whatever it can to make itself comfortable whereas spirituality is about wholeness Adventures in Spirituality represents the culmination of Dr Vande Kappelle's forty year teaching career incorporating in one volume his views on topics as varied as theology Christology biblical interpretation spirituality ethics world religions religion and science faith and reason and church history Reared in Costa Rica the son of missionary parents Dr Vande Kappelle describes his journey from belief to faith as a transition from precritical to postcritical understanding from evangelical Christianity to what he calls alternative orthodoxy Narrating the shift from first to second half of life experience he introduces readers to core principles that shaped his values thinking and way of life Useful for individual or group study Adventures in Spirituality encourages readers to take risks with their lives and faith affirming that this is how one grows spiritually

Iron Sharpens Iron Robert P. Vande Kappelle, 2013-07-26 Iron Sharpens Iron is grounded in the conviction that humans have the capacity to transcend conventional spirituality to a genuine and wholesome faith that is dynamic rather than static future oriented rather than past oriented and owned rather than passively acquired Classroom tested this discussion guide is an ideal way for thoughtful Christians in individual and group settings to interact with timely topics Like its companion text Beyond Belief Science Faith and the Value of Unknowing 2012 this guide is written for those who affirm the value of lifelong spiritual growth Topics covered include the authority of scripture the uniqueness of Christ faith and reason religion and science biological evolution and morality cosmological evolution and the nature of God and the doctrines of salvation resurrection and the afterlife This guide encourages a high degree of interaction The discussion questions are engaging and appeal to various levels of intellectual and spiritual awareness Sessions follow a fourfold pattern a Getting Started provides an overview of each session b Gaining Momentum provides questions for discussion or further reflection c Going Deeper encourages participants to acquire further perspective and d The Essentials summarizes key points from each chapter of Beyond Belief

Religion and Ecological Crisis Md. Abu Sayem, 2022-09-02 Religion and Ecological Crisis delves into the complex relationship between religions and ecology presenting Christian and Islamic perspectives on

ecological issues through the work of John Boswell Cobb and Seyyed Hossein Nasr. It examines how faith traditions of the world see and respond to our current unprecedented climate change issues. This is the first comparative study of Cobb and Nasr's eco-religious understanding and explores how their prescriptions can contribute alternatively to techno-scientific initiatives in environmental sustainability. Taking Cobb's economism and Nasr's scientism as the key concepts for surveying the roots of the ecological crisis, the book offers interdisciplinary and interreligious insights into the debates about ecological equilibrium, motivational awareness in human mind, and about entanglements between religion and the environment. This will be an insightful resource for policy makers, faith leaders, and for academics working in Environmental Studies and Religious Studies.

Grounding Religion Whitney A. Bauman, Richard Bohannon, Kevin J. O'Brien, 2017-04-11. Now in its second edition, *Grounding Religion* explores relationships between the environment and religious beliefs and practices. Established scholars introduce students to the ways in which religion shapes human-earth relations. Case studies, discussion questions, and further reading enrich students' experience. This edition features updated content, including revisions of every chapter and new material on natural disasters, gender and sexuality, race and ethnicity, climate change, food technology, and hope and despair. I can only conclude that this book will trigger your mind. The assignments for students are appealing, and all the books mentioned will make your book-loving heart sing.

Encyclopedia of Religion and Nature Bron Taylor, 2008-06-10. Refined by Fire Robert P. Vande Kappelle, 2018-08-14. From time immemorial, in every age, a set of questions has persisted, perplexing human beings: Does God exist? Where did the universe come from? Is there any purpose to our lives? Why is there so much suffering? Do we live on after death? How can we find release from suffering and sadness? For what can we hope? These have been called life's big questions; they are the ones that never go away. It is the main business of religion to answer ultimate questions. To accomplish this task, every generation of believers benefits by reexamining its theology, thereby providing society with vision. A stagnant theology reflects a religion that is limited in usefulness and effectiveness. *Refined by Fire* is written for those who affirm the value of lifelong spiritual growth, realize the limits of logic, and embrace the paradoxes in life. This guide provides a mechanism for individuals and small groups to interact with timely theological topics such as the nature of God, Christ, Scripture, truth, faith, evil, sin, salvation, heaven, hell, creation, and evolution, the role of the church, and the future of the human race. Each session/chapter follows a threefold pattern: a) Getting Started provides an initial assignment; b) Gaining Momentum: the central part of the text provides perspective; and c) Going Deeper provides questions for discussion or further reflection.
