Beyond Walls: Re-inventing the Canada-United States Borderlands Victor Konrad, Heather Nicol, 2016-12-05 September 11 2001 marked the beginning of a new era of security imperatives for many countries The border between Canada and the United States suddenly emerged from relative obscurity to become a focus of constant attention by media federal and state provincial governments on both sides of the boundary and the public at large This book provides a comprehensive examination of the Canada USA border in its 21st century form placing it within the context of border and borderlands theory globalization and the changing geopolitical dialogue It argues that this border has been reinvented as a state of the art technology steeped crossing system while the image of the border has been engineered to appear consistent with the friendly border of the past It shows how a border can evolve to a heightened level of security and yet continue to function well sustaining the massive flow of trade It argues whether in doing so the US Canada border offers a model for future borderlands Although this model is still evolving and still aspires toward better management practices the template may prove useful not only for North America but also in conflict border zones as well as the meshed border regions of the EU Africa s artificial line boundaries and other global situations

[An Assessment of Natural Hazards and Disasters in Canada](#) David Etkin, C.E. Haque, Gregory R. Brooks, 2003-04-30 The problems and issues of natural hazards and disasters both globally and in Canada are becoming increasingly important since the costs of extreme natural events have been escalating and significant vulnerabilities exist in Canadian society Without thoughtful and effective mitigation these costs and human suffering are likely to continue to increase An assessment of knowledge research and practice in risk hazards and disasters fields is a fundamental step towards the goal of prevention and mitigation This book on natural hazards and disasters in Canada is the first comprehensive interdisciplinary publication on this subject and is the result of a national assessment on this topic A variety of papers from the physical and social sciences explores both the risks associated with these hazards and adaptive strategies that can be used to reduce those risks Audience This excellent collection of papers is

intended for academics professionals and practitioners involved in hazard reduction activities who wish to obtain a better understanding of Canadian natural hazards **Canadian Books in Print** ,2003 **Managing Natural Resources** Gerard George,Simon J.D. Schillebeeckx,2018-01-26 Managing the natural environment is fundamental to many businesses yet management scholars have understudied how natural resources are acquired and deployed how they constrain and challenge strategy and innovation and how they differ from more conventionally studied resources in management This book captures leading and thought provoking conceptual and empirical contributions on how organizations ought to interact with such natural resources The authors apply and extend management theories to the natural resource context thereby opening up multiple avenues for future research Canadian Natural Resource and Environmental Policy Melody Hessing,Michael Howlett,1997 This book examines policy making in one of the most significant areas of activity in the Canadian economy natural resources and the environment It discusses the evolution of resource policies from the early era of exploitation to the present era of resource and environmental management Using an integrated political economy and policy perspective the book provides an analytic framework from which the foundation of ideological perspectives administrative structures and substantive issues are explored The integration of social science perspectives and the combination of theoretical and empirical work make this innovative book one of the most comprehensive analyses of Canadian natural resource and environmental policy to date **Contemporary Management in Canada** Frederick A.
