Private World Selections From The Diario Intimo And Selected Letters 1890 1936

Joseph Harrison, Alan Hoyle

Private World Selections From The Diario Intimo And Selected Letters 1890 1936:

The Private World Miguel de Unamuno, 1984 *Life Embodied* Nicolás Fernández-Medina, 2018-05-30 The concept of vital force the immanent energy that promotes the processes of life in the body and in nature has proved a source of endless fascination and controversy Indeed the question of what vitalizes the body has haunted humanity since antiquity and became even more pressing during the Scientific Revolution and beyond Examining the complexities and theories about vital force in Spanish modernity Nicolás Fernández Medina's *Life Embodied* offers a novel and provocative assessment of the question of bodily life in Spain Starting with Juan de Cabriada's landmark *Carta filosófica místico-chymica* of 1687 and ending with Ramón Gómez de la Serna's avant-gardism of the 1910s Fernández Medina incorporates discussions of anatomy philosophy science critical theory history of medicine and literary studies to argue that concepts of vital force served as powerful vehicles to interrogate the possibilities and limits of corporeality Paying close attention to how the body's capabilities were conceived and strategically woven into critiques of modernity Fernández Medina engages the work of Miguel Boix y Moliner Martín Martínez Diego de Torres Villarroel Sebastián Guerrero Herreros Ignacio María Ruiz de Luzuriaga Gaspar Melchor de Jovellanos Pedro Mata y Fontanet ngela Grassi Julián Sanz del Río Miguel de Unamuno and Pío Baroja among others Drawing on extensive research and analysis *Life Embodied* breaks new ground as the first book to address the question of vital force in Spanish modernity [Selected Works of Miguel de Unamuno, Volume 2](#) Miguel de Unamuno, 2017-03-14 The first English translation of the *Diario Intimo* and a selection of letters Originally published in 1985 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

Treatise on Love of God Miguel de Unamuno, 2007 A newly discovered treatise by a major European writer

Revolutionary Spirit John Nery, 2011 A study of Rizal his works and his influence in Southeast Asia how his contemporaries saw him the role Rizal played in inspiring Indonesian nationalists how the Indonesians and Malaysians appropriated him in the movement for independence and how he figures in the region's intellectual political and literary discourse *Selected Works of Miguel de Unamuno: The private world* Miguel de Unamuno, 1967 *A Companion to Miguel de Unamuno* Julia Biggane, J. J. Macklin, 2016 Surveys the thought and literary work of a towering figure in twentieth century Spanish cultural and political life **Lord, Make Me An Instrument of Your Peace** Jon M. Sweeney, 2020-02-04 The Complete Prayers of St Francis and St Clare with Selections from Brother Juniper St Anthony of Padua and Other Early Franciscans We do not immediately associate Francis and Clare with prayer and praying St Francis according to the most common legends rarely sat still St Clare did more so but that was probably mostly because of the convent and the grille and

the conventions of the time she couldn't be a walkabout friar. However, they did sit still. And they stood. And they danced. And they fasted. And they sang. In all these ways, Francis and Clare prayed for hours each day as did the brothers and sisters who came after them on the Franciscan way. This prayer book gathers the stories and words of the prayer life and prayers of these remarkable Christians.

Three Spanish Philosophers Jose Ferrater Mora, 2012-02-01 This collection provides an excellent introduction to three of the most important names in twentieth-century Spanish philosophy: Miguel de Unamuno (1864-1936), Jos Ortega y Gasset (1883-1955), and Jos Ferrater Mora (1912-1991). The thought-provoking work of these great contemporary philosophers offers a rich and penetrating insight into human existence. Originally written by Ferrater Mora in the middle of the last century, his interpretations of Unamuno and Ortega are considered classics, and the chapter on his own thought reflects his mature thinking about being and death. Each essay is introduced by noted Ferrater Mora scholar J. M. Terricabras and contains updated biographical and bibliographic information.

Spain's 1898 Crisis Joseph Harrison, Alan Hoyle, 2000-08-12 This book examines the significance of probably the most famous year in modern Spanish culture, 1898, which marked her defeat in the Spanish American War. The editors have brought together 21 essays by international specialists in the field.

Incomparable Empires Gayle Rogers, 2016-11-01 The Spanish American War of 1898 seems to mark a turning point in both geopolitical and literary histories. The victorious American empire ascended and began its cultural domination of the globe in the twentieth century, while the once mighty Spanish empire declined and became a minor state in the world republic of letters. But what if this narrative relies on several faulty assumptions, and what if key modernist figures in both America and Spain radically rewrote these histories at a foundational moment of modern literary studies? Following networks of American and Spanish writers, translators, and movements, Gayle Rogers uncovers the arguments that forged the politics and aesthetics of modernism. He revisits the role of empire from its institutions to its cognitive effects in shaping a nation's literature and culture. Ranging from universities to comparative practices, from Ezra Pound's failed ambitions as a Hispanist to Juan Ramón Jiménez's multilingual maps of modernismo, Rogers illuminates modernists' profound engagements with the formative dynamics of exceptionalist American and Spanish literary studies. He reads the provocative, often counterintuitive arguments of John Dos Passos, who held that American literature could only flourish if the expanding U.S. empire collapsed like Spain's did. And he also details both a controversial theorization of a Harlem-Havana-Madrid nexus for black modernist writing and Ernest Hemingway's unorthodox development of a version of cubist Spanglish in *For Whom the Bell Tolls*. Bringing together revisionary literary historiography and rich textual analyses, Rogers offers a striking account of why foreign literatures mattered so much to two dramatically changing countries at a pivotal moment in history.

Suicide in Modern Literature Josefa Ros Velasco, 2022-01-01 This book analyzes the social and contextual causes of suicide, the existential and philosophical reasons for committing suicide, and the prevention strategies that modern fictional literature places at our disposal. They go through the review of Modern fictional literature in the American and European

geographical framework following the rationales that modern literature based on fiction can serve the purpose of understanding better the phenomenon of suicide its most inaccessible impulses and that has the potential to prevent suicide From the turn of the 20th century to the present debates over the meaning of suicide became a privileged site for efforts to discover the reasons why people commit suicide and how to prevent this behavior Since the French sociologist and philosopher mile Durkheim published his study *Suicide A Study in Sociology* in 1897 a reframing of suicide took place giving rise to a flourishing group of researchers and authors devoting their efforts to understand better the causes of suicide and to the formation of suicide prevention organizations A century later we still keep on trying to reach such an understanding of suicide the nature and nuances of its modern conceptualization to prevent suicidal behaviors The question of what suicide means in and for modernity is not an overcome one Suicide is an act that touches all of our lives and engages with the incomprehensible and unsayable Since the turn of the millennium a fierce debate about the state s role in assisted suicide has been adopted Beyond the discussion as to whether physicians should assist in the suicide of patients with unbearable and hopeless suffering the scope of the suicidal agency is much broader concerning general people wanting to die [I Am Put Here for the Defense of the Gospel](#) Terry L. Miethe,2016-04-19 Dr Norman L Geisler has been called the father of evangelical Christian philosophy He has written more than one hundred books and taught at universities and top seminaries for some fifty six years He was the first president of the Evangelical Philosophical Society and the founder and first president of the International Society of Christian Apologetics He has spoken or debated in more than two dozen countries and held pastoral pulpit ministries in four states Many view him as a cross between Thomas Aquinas and Billy Graham No one has done more to communicate the modern challenges of the Faith to the average Christian to the church and to the academy This volume offers creative and constructive essays from twenty three contributors all notable in their own right who preserve and propagate Dr Geisler s ideas and express appreciation for his influence Those who know him best say he is true faithful and blessed by God **Reference Guide to World Literature** Lesley Henderson,Sarah M. Hall,1995 Overviews of writers and works from the ancient Greeks through the 20th century written by subject experts Each author entry provides a detailed overview of the writer s life and works Work entries cover a particular piece of world literature in detail **American Book Publishing Record** ,1984 [Library Journal](#) ,1985-05 Includes beginning Sept 15 1954 and on the 15th of each month Sept May a special section School library journal ISSN 0000 0035 called Junior libraries 1954 May 1961 Also issued separately *Books for College Libraries: Language and literature* ,1988 **Historical Abstracts** ,1986 **The Tragic Pursuit of Being** Robert Richmond Ellis,1988 **Reference Guide to Short Fiction** Noelle Watson,1994 Devoted to those practitioners of the art of short fiction this new 2nd edition offers thorough coverage of approximately 375 authors and 400 of their works In a single volume Reference Guide to Short Fiction features often studied authors from around the world and throughout history all selected for inclusion by a board of experts in the field Reference Guide to Short Fiction is divided into

two sections for easy study The first section profiles the authors and offers personal and career details as well as complete bibliographical information A signed essay helps readers understand more about the author These authors are covered Sandra Cisneros Nikolai Gogol Ernest Hemingway Langston Hughes Gabriel Garcia Marquez Salman Rushdie Jean Paul Sartre Edith Somerville Eudora Welty And others Section two helps readers gain deeper understanding of the authors and the genre with critical essays discussing 400 important works including The Hitchhiking Game Milan Kundera The Swimmer John Cheever The Dead James Joyce A Hunger Artist Franz Kafka How I Met My Husband Alice Munro Kew Gardens Virginia Woolf This one stop guide also provides easy access to works through the title index
