

# RIGHTS VS PRIVILEGES

Rights refer to entitlements determined by law and custom, while privileges refer to special advantages or opportunities granted by power, authority, or circumstance.

## RIGHTS

Rights are legal or moral entitlements that individuals have by virtue of being human. Basic human rights safeguard and empower people serving as an anchor that cannot be tampered with.

Examples of rights include freedom of speech, fair voting procedures, and equitable legal proceedings - all crucial aspects that uphold society's integrity.

## PRIVILEGES

Privileges are benefits or advantages provided to people based on their status or position. They may come from sources such as legislation, societal norms, and personal networks.

Examples of privileges include private education, personal assistants, access to the best parking lot, and (for children) rewards for good behavior in class.

## **Privileging Difference:**

**Privileging Difference** Antony Easthope, 2017-03-14 Difference the key term in deconstruction has broken free of its rigorous philosophical context in the work of Jacques Derrida and turned into an excuse for doing theory the easy way Celebrating variety for its own sake Antony Easthope argues cultural criticism too readily ignores the role of the text itself in addressing the desire of the reader With characteristic directness he takes to task the foremost theorists of the current generation one by one including Edward Said and Homi Bhabha Donna Haraway Rosi Braidotti and Judith Butler In a final tour de force he contrasts what he calls the two Jakes Jacques Lacan and Jacques Derrida to bring out the way their respective theories need each other The book is vintage Easthope wide ranging fearless witty and a radical challenge to complacency wherever it is to be found Reconsidering Difference Todd May, 1997-04-15 French philosophy since World War II has been preoccupied with the issue of difference Specifically it has wanted to promote or to leave room for ways of living and of being that differ from those usually seen in contemporary Western society Given the experience of the Holocaust the motivation for such a preoccupation is not difficult to see For some thinkers especially Jean Luc Nancy Jacques Derrida Emmanuel Levinas and Gilles Deleuze this preoccupation has led to a mode of philosophizing that privileges difference as a philosophical category Nancy privileges difference as a mode of conceiving community Derrida as a mode of conceiving linguistic meaning Levinas as a mode of conceiving ethics and Deleuze as a mode of conceiving ontology Reconsidering Difference has a twofold task the primary one critical and the secondary one reconstructive The critical task is to show that these various privilegings are philosophical failures They wind up for reasons unique to each position endorsing positions that are either incoherent or implausible Todd May considers the incoherencies of each position and offers an alternative approach His reconstructive task which he calls contingent holism takes the phenomena under investigation community language ethics and ontology and sketches a way of reconceiving them that preserves the motivations of the rejected positions without falling into the problems that beset them Privilege vs. Equality Robert P. Wettemann Jr., 2009-09-23 Between 1815 1860 the tiny American army took on many new and often daunting tasks In the face of civil opposition to the very existence of a professional military the first battle officers and supporters had to win after 1815 was that of simply preserving some small professional force As American interests expanded further west and conflict with Native Americans increased the army was charged with the dual responsibility of peacekeeper and conqueror Its most dramatic successes however came during the Mexican War and the conquest of the American Southwest Against this back drop Wetteman crafts a narrative overview of the rivalries personalities and events that defined civil military relations during this era Beginning in 1815 the U S Army struggled for existence within a society that was not convinced that a standing army was worth the expense At the same time many questioned the viability of a professional officer corps citing the innate ability of the American fighting man as demonstrated in earlier conflicts Although efforts were undertaken early on to define the role and

status of a peacetime army issues of national defense domestic security Indian policy and internal improvements shaped civil military relations over the next 4 12 decades While the true position of the citizen soldier in relation to a standing army had not been clearly defined by 1860 the nation had made giant strides towards full acceptance of the idea that the U S Army a standing force commanded by military professionals was a national necessity

**The Poetics of Difference** Mecca Jamilah Sullivan, 2021-10-19 Winner of the Modern Language Association MLA s William Sanders Scarborough Prize From Audre Lorde Ntozake Shange and Bessie Head to Zanele Muholi Suzan Lori Parks and Missy Elliott Black women writers and artists across the African Diaspora have developed nuanced and complex creative forms Mecca Jamilah Sullivan ventures into the unexplored spaces of black women s queer creative theorizing to learn its languages and read the textures of its forms Moving beyond fixed notions Sullivan points to a space of queer imagination where black women invent new languages spaces and genres to speak the many names of difference Black women s literary cultures have long theorized the complexities surrounding nation and class the indeterminacy of gender and race and the multiple meanings of sexuality Yet their ideas and work remain obscure in the face of indifference from Western scholarship Innovative and timely **The Poetics of Difference** illuminates understudied queer contours of black women s writing

**White Privilege Unmasked** Judy Ryde, 2019-03-21 This book explores how white people view cultural differences through a prism of privilege and how this can impact personal and professional interactions The book looks at the history of white privilege the divisive effects it has on the world and how organisations and individuals can practically respond to racism and white privilege

**Places of Privilege**, 2018-07-19 Places of Privilege examines dynamics of privilege and power in the construction of place in a period of the rapid social transformation of places borders and boundaries Drawing on inter disciplinary perspectives the book examines place as a site for the making and re making of privilege while considering new meanings of community and examining spaces for cultural identity and resistance Chapters point to a range of conceptual resources that can be utilised to produce critical analyses of place making As the authors point out power and privilege shape place but these dynamics are in turn shaped by the specific place based histories and social dynamics within which they are located Contributors are Lutfiye Ali Alison M Baker Paola Bilbrough Tony Birch Jora Broerse Sally Clark Josephine Cornell Yon Hsu Lou Iaquinto Karen Jackson Shose Kessi Rebecca Lyons Chris McConville Nicole Oke Amy Quayle Alexandra Ramirez Kopano Ratele Christopher C Sonn and Ram n Spaaij

**Differences at Work: Practicing Critical Diversity Literacy** Melissa Steyn, Scott Burnett, Nceba Ndzwayiba, 2021-04-21 This handbook provides practical tools and concepts forged from international best practice and sharpened in the context of post apartheid South Africa that can be used to build critical diversity literate organizations Organizations the world over from nonprofits to large corporations and secondary schools to massive intergovernmental institutions increasingly tip into crisis as they fail to meet the challenges of diverse and complex societies Their durability is tested by how they deal with difference and whether they break out of dominant ways of thinking

about culture merit and success This book is thus designed to contribute to the ongoing conversation between the strategic imperatives of organizational leaders and the day management of diversity interventions by diversity practitioners and human resources specialists The authors present the CDL model in an easily understandable and practically implementable format that is grounded as much in rigorous academic research as it is in thousands of hours of industry experience Six prominent active critical diversity literacy practitioners offer concrete advice and insights into addressing racism sexism homophobia ableism and other oppressive dynamics The text offers guidance on Analyzing what has changed in the local and global environment of the contemporary organization and how to read these challenges Identifying the warning signs of crisis and addressing issues before they arise by building a responsive and flexible style of leadership Using the Critical Diversity Literacy framework to secure organizational alignment Theorizing how change happens within organizations Meeting and overcoming resistance from entrenched power interests Designing training and organizational development interventions

**Undoing Privilege** Professor Bob Pease, 2021-11-18 For every group that is oppressed another group is privileged Here Bob Pease argues that privilege as the other side of oppression has received insufficient attention in both critical theories and in the practices of social change As a result dominant groups have been allowed to reinforce their dominance The second edition of *Undoing Privilege* extensively revises the six sites of privilege from the first edition Western dominance class elitism white and patriarchal privilege and heterosexual and able bodied privilege to reflect policy shifts and new social movement initiatives as well as the latest research and resources This edition also includes four new chapters on anthropocentrism cisgender privilege adultism and Christian privilege Pease points out that while the vast majority of people may be oppressed on one level many are also privileged on another He demonstrates how members of privileged groups can engage critically with their own dominant position and explores the potential and limitations of them forming relations of solidarity against oppression and their unearned privilege The second edition includes new theoretical developments in privilege theory collective responsibility complicity in systemic injustice and allyship It is an essential book for all who are concerned about developing theories and practices for a socially just world **Newsmen's Privilege** United States.

Dwight Turner, 2021-02-02 *Intersections of Privilege and Otherness in Counselling and Psychotherapy* presents an in depth understanding of the role of privilege and of the unconscious experience of privilege and difference within the world of counselling and psychotherapy To address the absence of the exploration of the unconscious experience of privilege within counselling and psychotherapy the book not only presents an exploration of intersectional difference but also discusses the deeper unconscious understanding of difference and how privilege plays a role in the construction of otherness It does so by utilising material from both within the world of psychotherapy and from the fields of post colonial theory feminist discourse

and other theoretical areas of relevance The book also offers an exploration and understanding of intersectionality and how this impacts upon our conscious and unconscious exploration of privilege and otherness With theoretically underpinned and inherently practical psychotherapeutic case studies this book will serve as a guidebook for counsellors and psychotherapists

**The Attorney-client Privilege and the Work-product Doctrine** Edna Selan Epstein,2001 This third edition has been greatly expanded There is more practical guidance including for example precautions that can help ensure as far as possible protection of documents from forced discovery

**Theory vs. Anti-Theory in Ethics** Nick Fotion,2014-05-16 This book presents a broad and new theory of theory formation in ethics There are many existing theories and more could be generated but most thinkers of theory formation have a narrow view of what a theory of ethics should be like They favor certain kinds of grand theories that generate various ethical rules and principles In fact these grand theories allegedly do so much work that they give the appearance of being super theories or strong theories Many theory creators think that it is possible to create strong theories and that they themselves have created such a theory Anti theorists scoff at these claims In effect then the argument between the two sides is not one of theory versus anti theory but of grand or strong theory versus anti grand or strong theory Nick Fotion argues that once a broader view of theory is accepted it is easier to see that there really is no serious conflict between theorists and anti theorists In principle both sides if they overcome their addiction to thinking in terms of grand strong theory formation can accept a role for theories in ethics Theories in ethics can be either grand or local in nature Provided theory creators and users don't expect theories to perform all kinds of impossible tasks e.g. to deal with all of our ethical problems and be so fully justified that only one theory can be accepted as being correct it is easier to accept them It is also easier to accept the idea that a theorist might very well appeal to more than one theory to help him or her deal with whatever ethical issues bother

**Charlotte Perkins Gilman** Gillian Niebrugge-Brantley,2018-12-13 Charlotte Perkins Gilman 1860-1935 is one of the most important women contributors to classical sociology primarily because of the originality and significance of her theoretical work Although well known to her contemporaries in both the United States and Europe Gilman's legacy was not fully acknowledged by sociologists until her work was recently rediscovered under the impetus of second wave feminist scholarship Gilman's overarching accomplishment as a sociologist was to formulate a still unparalleled conception of gender She was both the first theorist to separate gender as socially constructed behavior from biological sex and to treat it as a significant variable in social analysis and the first to create a general theory of society in which gender stratification serves as the foundational principle She also offered important ideas for the sociological subfields of economy work culture and family presenting her arguments in a variety of forms formal theory verse essays public lectures novels and short stories The essays selected for this volume feature essays of interest to sociologists from across a spectrum of disciplines economics literature women's studies philosophy and history as well as sociology The essays are arranged thematically with sections on gender and society economy and society methodology the public role of the sociologist towards

a sociology of women and race class and gender      Privilege, Agency and Affect C. Maxwell,P. Aggleton,2013-10-22  
Drawing on a range of theoretical perspectives and engaging with new empirical evidence from around the world this collection examines how privilege agency and affect are linked and where possibilities for social change might lie      Power and Privilege Gerhard Emmanuel Lenski,1984 Using a dialectical view of the development of thought in the discipline  
Gerhard Lenski describes the outlines of an emerging synthesis of theories      Capital, Privilege and Political Participation Joe Greenwood-Hau,2025-08-15 This book will be available open access upon publication Capital Privilege and Political Participation examines how privilege and people s perceptions of it relate to their involvement in politics It treats people s stocks of economic social and cultural capital as indicators of privilege as well as resources that help them engage with politics It also argues that how people perceive privilege in society their own lives and politics matters for their political participation Using survey interview and focus group evidence the book shows that capital and perceptions of privilege do indeed relate to involvement in a host of political activities Whilst political participation is a normal if not daily feature of many people s lives having more economic and cultural capital is associated with being more politically active Perceiving the role of privilege in society is also linked to higher levels of participation whilst perceiving privilege in politics is unsurprisingly associated with being less politically active Questions abound about how if at all capital and perceptions of privilege are causally related to political participation but the book concludes that getting involved in politics is a distinguished activity Efforts to tackle these inequalities in participation should according to the people who participated in the research centre on outreach activities by political institutions more extensive and consistent citizenship education and the active opening up of politics to the population      **Approaches to Human Geography** Stuart Aitken,Gill Valentine,2006-01-27 Approaches to Human Geography is the essential student primer on theory and practice in Human Geography It is a systematic review of the key ideas and debates informing post war geography explaining how those ideas work in practice Avoiding jargon while attentive to the rigor and complexity of the ideas that underlie geographic knowledge the text is written for students who have not met philosophical or theoretical approaches before This is a beginning guide to geographic research and practice      **Negotiating Privilege and Identity in Educational Contexts** Adam Howard,Brianne Wheeler,Aimee Polimeno,2014-06-05 Recent efforts emphasize the roles that privilege and elite education play in shaping affluent youths identities Despite various backgrounds the common qualities shared among the eight adolescents showcased in this book lead them to form particular understandings of self others and the world around them that serve as means for them to negotiate their privilege These self understandings are crucial for them to feel more at ease with being privileged foster a positive sense of self and reduce the negative feelings associated with their advantages thus managing expectations for future success Offering an intimate and comprehensive view of affluent adolescents inner lives and understandings Negotiating Privilege and Identity in Educational Contexts explores these qualities and provides an

important alternative perspective on privilege and how privilege works The case studies in this volume explore different settings and lived experiences of eight privileged adolescents who influenced by various sources actively construct and cultivate their own privilege Their stories address a wide range of issues relevant to the study of adolescence and the various social class factors that mediate adolescents educational experiences and identities      **Decoding Privilege** D. Scott Tharp, 2021-12-29 This book explores how White students understand the concept of privilege so that educators can more effectively teach students about social power and inequality Specially the text examines three elements that influence how White college students understand privilege Ideas beliefs and feelings As this volume demonstrates examining all three aspects of students understanding is critical for educators who wish to effectively educate White students about the nature of social inequality and specific manifestations of privilege The book concludes with curricular and pedagogical considerations that educators may incorporate into their teaching practice
