Autobiography as a Writing Strategy in Postcolonial Literature Benaouda Lebdaï, 2015-02-05 Autobiography a fully recognised genre within mainstream literature today has evolved massively in the last few decades particularly through colonial and postcolonial texts By using autobiography as a means of expression many postcolonial writers were able to describe their experiences in the face of the denial of personal expression for centuries This book is centred around the recounting and analysis of such a phenomenon Literary purists often reject autobiography as a fully fledged literary genre perceiving it rather as a mere life report or a descriptive diary The colonial and postcolonial autobiographical texts analysed in this book refute such perceptions and demonstrate a subtle combination of literary qualities and the recounting of real life experiences This book demonstrates that colonial and postcolonial autobiographical texts have established their literarity The need for postcolonial authors to express themselves through the I and the me as subjects and not as objects is the essence of this book and confirms that self affirmation through autobiographical writing is indeed an art form

Come Ride With Me Lorraine Dube, 2011-02-17 When Lorraine Dube went for her annual mammogram on September 4 1997 she asked the technician for compression films of her upper chest area right front shoulder and underarm areas She explained that for almost a year she had felt a pulling sensation in these areas Although her doctor had assured her many times that it was nothing probably just an after effect of the radiation treatment she had after her lumpectomy seven and a half years earlier she still had a nagging concern about that odd tight feeling in her chest When the technician took the films it was five times more painful than when she did the routine compression shots of the breast Tears were running down Lorraine's face but she not dare move Four

days later her doctor called Lorraine this is Dr V How long have you had that mass in your chest You have to see a surgeon immediately Lorraine asked herself why Dr V had ignored her concerns all those times She reprimanded herself for not seeking a second opinion when she first experienced that pulling sensation and did not feel comfortable with his lack of response to her concern So many things went through her mind yet memories of her own lumpectomy were just the tip of the iceberg She relived the horror of more than thirty years earlier when as a mother of three small children at age 22 she heard those terrible words from Dr DeVillers about her 26 year old husband s cancer condition four to six weeks the doctor had said All of this flashed through her mind at speed warp ten literally in just a few seconds Her life path had taken her through quite a few coaster rides throughout her 57 years but all those were kiddie rides compared to this one And so the mother of all roller coaster rides of life began with that fateful phone call from Dr V Lorraine Dube beat the odds She beat that aggressive Stage 3 sarcoma lodged in her chest wall But the battle was not without many many scars In the process she lost five ribs all her lymph nodes in the right arm area a piece of her clavicle most of the use of her right arm and hand and nearly her life After seven surgeries chemotherapy treatments experimental brachytherapy and countless battles with infection including a flesh eating bacteria inside her chest wall Lorraine Dube was cancer free but left suffering from chronic debilitating pain a souvenir from her ordeal that she would carry for the rest of her life Lorraine was a survivor always had been But this time it was different Why had God spared her from the terrible cancer and its aftermath of surgery infections and lost body parts only to leave her suffering from such unimaginable pain The cancer was gone but at what cost What the heck was she supposed to do with the rest of her life On her way to figuring it out her daughter suggested that she write a book about her life Don t worry about writing a best seller Mom Just write it from the heart Write it for your grandsons Five years later Ms Dube began writing this book the story of her life She tells the story of her life from the earliest recollections of childhood through the sometimes rough years of adulthood all with a few purposes in mind She wants to tell her grandsons about her history their history and to relate all her adult experiences some good some bad some easy some tough all with the purpose of showing them that they too are survivors like their Memere Her message Life may indeed be a roller coaster but nothing is impossible Somewhere along the line writing this book became Lorraine s therapy She began to make peace with and sense of the chronic pain that gripped her and kept her from leading the life she wanted the life she expected After all her golden years were supposed to be her happiest This b The Complete Idiot's Guide to Geocaching, 3rd Edition Editors & Staff Geocaching.com,2012-08-07 Geocaching has steadily grown into a fun and enduring outdoor adventure and with the popularity of GPS units and the development of applications for nearly all of the most popular smartphone platforms it has become an adventure that s available to pretty much anyone In The Complete Idiot s Guide to Geocaching Third Edition the editors and staff of Geocaching com open the world of geocaching up to a much broader audience and take the reader through all of the core essentials for caching including how to play tips and tricks for finding and placing caches variations
