**"A Problem from Hell"** Samantha Power, 2013-05-14 From former UN Ambassador and author of the New York Times bestseller *The Education of an Idealist* Samantha Power the Pulitzer Prize winning book on America's repeated failure to stop genocides around the world In her prizewinning examination of the last century of American history Samantha Power asks the haunting question Why do American leaders who vow never again repeatedly fail to stop genocide Power a professor at the Harvard Kennedy School and the former US Ambassador to the United Nations draws upon exclusive interviews with Washington's top policymakers thousands of declassified documents and her own reporting from modern killing fields to provide the answer *A Problem from Hell* shows how decent Americans inside and outside government refused to get involved despite chilling warnings and tells the stories of the courageous Americans who risked their careers and lives in an effort to get the United States to act A modern classic and an angry brilliant fiercely useful absolutely essential book New Republic *A Problem from Hell* has forever reshaped debates about American foreign policy Winner of the Pulitzer Prize Winner of the Robert F Kennedy Book Award Winner of the National Book Critics Circle Award Winner of the J Anthony Lukas Book Prize Winner of the Anisfield Wolf Book Award Winner of the Raphael Lemkin Award **Problem from Hell: America and the**

**Age of Genocide** Samantha Power, 2003-05-01 In this pathbreaking interrogation of the last century of American history Power draws upon her own reporting from the modern killing fields to tell the story of American indifference and American courage in the face of the worst massacres of the 20th century 38 halftones throughout **The Psychology of Genocide, Massacres, and Extreme Violence** Donald G. Dutton, 2007-05-30 Chronicling horrific events that brought the 20th century to witness the largest number of systematic slaughters of human beings in any century across history this work goes beyond historic details and examines contemporary psychological means that leaders use to convince individuals to commit horrific acts in the name of a political or military cause Massacres in Nanking Rwanda El Salvador Vietnam and other countries are reviewed in chilling detail But the core issue is what psychological forces are behind large scale killing what psychology can be used to indoctrinate normal people with a Groupthink that moves individuals to mass murder brutally and without regret even when the victims are innocent children Dutton shows us how individuals are convinced to commit such sadistic acts often preceded by torture after being indoctrinated with beliefs that the target victims are unjust inhuman or viral like a virus that must be destroyed or it will destroy society **The Problems of Genocide** A. Dirk Moses, 2021-02-04 Historically delineates the problems of genocide as a concept in relation to rival categories of mass violence **Controversies in the**

**Field of Genocide Studies** Samuel Totten, Henry Theriault, Elisa von Joeden-Forgey, 2017-09-29 At the heart of the field of Genocide Studies lies an active core of vigorous debate that has led to both heated disagreements and productive disputes This new volume in the *Genocide A Critical Bibliographic Review* series focuses on these as well as other significant issues Chapters in this volume focus on a number of issues Did Peru's Ache suffer genocide What was the role of media propaganda

in the Rwandan Genocide and what more if anything could have been done about it Have Rwanda s post genocide gacaca courts successfully promoted reconciliation How has denial affected governmental recognition around the world of the Armenian Hellenic and Assyrian genocides Why have some left wing progressives engaged in denial of the Rwandan Genocide Has anti genocide activism had a meaningful effect in prevention of or intervention against genocide In the pages of this book readers can explore the various debates that have defined the study of genocide and that are redefining it today This insightful and provocative volume will entice further discussion on the concept of genocide and will be a must read for the field of genocide studies

The Cambridge World History of Genocide: Volume 2, Genocide in the Indigenous, Early Modern and Imperial Worlds, from c.1535 to World War One Ned Blackhawk, Ben Kiernan, Benjamin Madley, Rebe Taylor, 2023-05-04 Volume II documents and analyses genocide and extermination throughout the early modern and modern eras It tracks their global expansion as European and Asian imperialisms and Euroamerican settler colonialism spread across the globe before the Great War forging new frontiers and impacting Indigenous communities in Europe Asia North America Africa and Australia Twenty five historians with expertise on specific regions explore examples on five continents providing comparisons of nine cases of conventional imperialism with nineteen of settler colonialism and offering a substantial basis for assessing the various factors leading to genocide This volume also considers cases where genocide did not occur permitting a global consideration of the role of imperialism and settler Indigenous relations from the sixteenth to the early twentieth centuries It ends with six pre 1918 cases from Australia China the Middle East Africa and Europe that can be seen as premonitions of the major twentieth century genocides in Europe and Asia

**Genocide in the Age of the Nation State** Mark Levene, 2005-08-26 How should we understand genocide in the modern world As an aberration from the norms of a dominant liberal international society Or rather as a guide to the very dysfunctional nature of the international system itself The Meaning of Genocide is the first work of its nature to consider the phenomenon within a broad context of world historical development In this book Mark Levene sets out the conceptual issues in the study of genocide addressing the fundamental problems of defining genocide and understanding what we mean by perpetrators and victims before placing the phenomenon in the context of world history In an original and compelling argument Levene seeks to explain how state violence against a range of groups has emerged in tandem with the rise of the West to global dominance and the emergence of increasingly streamlined homogenous states Levene contends that it is in the relationship of these nation states to each other that we will find the well springs of some of the most poisonous tendencies in the modern world Thought provoking and beautifully constructed The Meaning of Genocide is the first of a major four volume survey Genocide in the Age of the Nation State which examines its subject within an extensive global and historical framework and which will become the definitive work on the subject

Referral of Iranian President Ahmadinejad on the Charge of Incitement to Commit Genocide Justus Reid Weiner, 2007 In reaction to Ahmadinejad s statement that Israel should be wiped off the map calls on the international

community to heed the early warning signs of genocide and act to prevent it Examines the various mechanisms available under international law and the national laws of a number of countries focusing on the Convention on the Prevention and Punishment of the Crime of Genocide which came into force in January 1951 *Dissenting Voices in America's Rise to Power* David Mayers, 2007-02-15 This book offers a major rereading of US foreign policy from Thomas Jefferson's purchase of Louisiana to the Korean War This period of one hundred and fifty years saw the expansion of the United States from fragile republic to transcontinental giant David Mayers explores the dissenting voices which accompanied this dramatic ascent focusing on dissenters within the political and military establishment and on the recurrent patterns of dissent that have transcended particular policies and crises The most stubborn of these sprang from anxiety over the material and political costs of empire while other strands of dissent have been rooted in ideas of exigent justice realpolitik and moral duties existing beyond borders Such dissent is evident again in the contemporary world when the US occupies the position of preeminent global power Professor Mayers's study reminds us that America's path to power was not as straightforward as it might now seem

**Genocide and the Europeans** Karen E. Smith, 2010-10-07 Genocide is one of the most heinous abuses of human rights imaginable yet reaction to it by European governments in the post Cold War world has been criticised for not matching the severity of the crime European governments rarely agree on whether to call a situation genocide and their responses to purported genocides have often been limited to delivering humanitarian aid to victims and supporting prosecution of perpetrators in international criminal tribunals More coercive measures including sanctions or military intervention are usually rejected as infeasible or unnecessary This book explores the European approach to genocide reviewing government attitudes towards the negotiation and ratification of the 1948 Genocide Convention and analysing responses to purported genocides since the end of the Second World War Karen E Smith considers why some European governments were hostile to the Genocide Convention and why European governments have been reluctant to use the term genocide to describe atrocities ever since

*International Ethics* Mark R. Amstutz, 2005 This text presents the concepts theories methods and traditions of ethical analysis and then applies them to case studies in the areas of human rights military force foreign intervention economic statecraft and global political justice

**Genocide in the Modern Age** Zachary A. Karazsia, 2025-01-30 This book explores why some episodes of mass political violence and genocide are so much deadlier than others and under what conditions perpetrators in government and society opt for brutality as a means of accomplishing their goals Introducing the new concept of mass political violence to explain genocide and other mass killings in the modern world the author investigates how perpetrators sustain the capacity to enact violence on a large scale irrespective of motives Cases including the Holocaust Soviet Union Rwanda Cambodia the Lord's Resistance Army the Islamic State the Ottoman Empire of the 1890s Mao Zedong's revolutionary violence the Congo Crisis and Darfur are used by the author to identify four types of mass political violence perpetrators state actors state society coalitions state sponsored groups and non state actors

to explain historical trends and identify which perpetrators are most likely to emerge in a given socio political context and sustain violence over time Comparative and grounded in case studies this book will interest policymakers diplomats governmental advisers practitioners and industry researchers It will also be invaluable to students and scholars of Political Science International Affairs Holocaust and Genocide Studies Human Rights Sociology Anthropology Geography Political Psychology Religious Studies Gender Studies Public Policy Media Studies and Criminology Women's Global Health and Human Rights Padmini Murthy, Clyde Lanford Smith, 2010-10-25 Women's Global Health and Human Rights serves as an overview of the challenges faced by women in different regions of the world Ideal as a tool for both professionals and students this book discusses the similarities and differences in health and human rights challenges that are faced by women globally Best practices and success stories are also included in this timely and important text Major Topics include X Globalization X Gender Based Terrorism and Violence X Cultural Practices X Health Problems X Progress and Challenges

*Reshaping Women's History* Julie A. Gallagher, Barbara Winslow, 2018-09-25 Award winning women scholars from nontraditional backgrounds have often negotiated an academic track that leads through figurative and sometimes literal minefields Their life stories offer inspiration but also describe heartrending struggles and daunting obstacles Reshaping Women's History presents autobiographical essays by eighteen accomplished scholar activists who persevered through poverty or abuse medical malpractice or family disownment civil war or genocide As they illuminate their own unique circumstances the authors also address issues all too familiar to women in the academy financial instability the need for mentors explaining gaps in resumes caused by outside events and coping with gendered family demands biases and expectations Eye opening and candid Reshaping Women's History shows how adversity and the triumph over it enriches scholarship and spurs extraordinary efforts to affect social change Contributors Frances L Buss Nupur Chaudhuri Lisa DiCaprio Julie R Enszer Catherine Fosl Midori Green La Shonda Mims Stephanie Moore Grey Osterud Barbara Ransby Linda Reese Annette Rodriguez Linda Rupert Kathleen Sheldon Donna Sinclair Rickie Solinger Pamela Stewart Waaseyaa sin Christine Sy and Ann Marie Wilson *The Politics of Leverage in International Relations* H. Friman, 2015-03-18 This unique volume unpacks the concept and practice of naming and shaming by examining how governments NGOs and international organisations attempt to change the behaviour of targeted actors through public exposure of violations of normative standards and legal commitments Women, Politics and the Public Sphere Ann Brooks, 2019-04-24 Women Politics and the Public Sphere is a socio historical analysis of the relationship between women politics and the public sphere It looks at the fault lines established in the eighteenth century for later developments in social and political discourse and considers the implications for the political representation of women in the West and globally highlighting how women public intellectuals now reflect much more social and cultural diversity Covering the legacy of eighteenth century intellectual groupings which were dominated by women such as members of the bluestocking circles and other more radical intellectual and philosophical

thinkers the book focuses on women such as Catherine Macaulay and Mary Wollstonecraft These individuals and groups which emerged in the eighteenth century established intellectual spaces for the emergence of women public intellectuals in subsequent centuries It also examines women public intellectuals in the US including Samantha Power Anne Marie Slaughter Elizabeth Warren Condoleezza Rice Susan Rice Hillary Clinton and Sheryl Sandberg

**Making Human Rights News** John Pollock, Morton Winston, 2018-10-18 Making Human Rights News Balancing Participation and Professionalism explores the impact of new digital technology and activism on the production of human rights messages It is the first collection of studies to combine multidisciplinary approaches citizen witness challenges to journalism ethics and expert assessments of the liberating role of the Internet addressing the following questions 1 What can scholars from a wide range of disciplines including communication studies journalism sociology political science and international relations studies add to traditional legal and political human rights discussions exploring the impact of innovative digital information technologies on the gathering and dissemination of human rights news 2 What questions about journalism ethics and professionalism arise as growing numbers of untrained citizen witnesses use modern mobile technology to document claims of human rights abuses 3 What are the limits of the liberating role of the Internet in challenging traditional sources of authority and credibility such as professional journalists and human rights professionals 4 How do greater Internet access and human rights activism interact with variations in press freedom and government censorship worldwide to promote respect for different categories of human rights such as women's rights and rights to health This book was originally published as a special issue of the Journal of Human Rights

**Political Violence** P. Hollander, 2008-10-27 A collection of original case studies of different types of political violence in the 20th and 21st century inspired by the pioneering work of Robert Conquest It focuses on the origins manifestations and legitimation of such violence and includes the former Soviet Union Mao's China Castro's Cuba and radical militant Islam

**After Evil** Robert Meister, 2011 The way in which mainstream human rights discourse speaks of such evils as the Holocaust slavery or apartheid puts them solidly in the past Its elaborate techniques of transitional justice encourage future generations to move forward by creating a false assumption of closure enabling those who are guilty to elude responsibility This approach to history common to late twentieth century humanitarianism doesn't presuppose that evil ends when justice begins Rather it assumes that a time before justice is the moment to put evil in the past Merging examples from literature and history Robert Meister confronts the problem of closure and the resolution of historical injustice He boldly challenges the empty moral logic of never again or the theoretical reduction of evil to a cycle of violence and counterviolence broken only once evil is remembered for what it was Meister criticizes such methods for their deferral of justice and susceptibility to exploitation and elaborates the flawed moral logic of never again in relation to Auschwitz and its evolution into a twenty first century doctrine of the Responsibility to Protect

**Cinematic Social Studies** William B. Russell, Stewart Waters, 2017-01-01 Action Film is a common and powerful element in the social studies classroom and Cinematic Social

Studies explores teaching and learning social studies with film Teaching with film is a prominent teaching strategy utilized by many teachers on a regular basis Cinematic Social Studies moves readers beyond the traditional perceptions of teaching film and explores the vast array of ideas and strategies related to teaching social studies with film The contributing authors of this volume seek to explain through an array of ideas and visions what cinematic social studies can should look like while providing research and rationales for why teaching social studies with film is valuable and important This volume includes twenty four scholarly chapters discussing relevant topics of importance to cinematic social studies The twenty four chapters are divided into three sections This stellar collection of writings includes contributions from noteworthy scholars like Keith Barton Wayne Journell James Damico Cynthia Tyson and many more
