### **Problem In Modern Ethics Limited Edition:**

**New York Herald Tribune Books** ,1927      **Saturday Review of Literature** ,1928      **The Quality of Life** Richard Pine,2021-06-09 These essays represent a selection of 40 years commentary on the political dimensions of cultural life They address the entire spectrum of culture from theories of international communication to the provision of cultural and leisure facilities at local level As a former consultant to the Council of Europe the author has developed a penetrating insight into the decision making process between local authorities and citizens groups which is discussed in two seminal papers from the 1980s which pioneered the concept of Cultural Democracy In addition the book s close readings of novels and plays by Irish and Greek writers explore the way that all writing and forms of self expression have a political message and repercussions

**Sexology in Culture** Lucy Bland,Laura Doan,1998 The key founders of sexology the science of desire were Havelock Ellis Richard von Krafft Ebing and Magnus Hirschfeld This volume examines the impact of their writings on English speaking culture from the 1880s to the early 1940s How influential a field was sexology during this period and how much power did sexologists wield What was the impact of their work on popular and official attitudes to sex Lucy Bland and Laura Doan have brought together leading historians of sex cultural and literary critics and scholars in gay lesbian and queer studies to reassess current debates on sexology in light of its history They address issues such as the relation of sexual science to the law government policy journalism eugenics programs marriage and sex manuals and literary representation They also map out new readings of transsexuality and bisexuality and the centrality of race within sexology Sexology in Culture and its companion Sexology Uncensored will interest all those concerned with understanding modern sexual discourse in its historical context      *Auction Catalogues* Scott and O'Shaughnessy,1918      **Greek Epigram in Reception** Gideon

Nisbet,2013-10 Tracing the evolution and reception history of a collection of ancient Greek epigrams from the early nineteenth to twentieth century the volume analyses the rhetoric which writers and translators brought to the text highlighting the after effects of this cultural war on the interpretations of Ancient Greece in British print culture      **Deep Classics** Shane Butler,2016-05-05 Fragmented buried and largely lost the classical past presents formidable obstacles to anyone who would seek to know it Deep Classics is the study of these obstacles and in particular of the way in which the contemplation of the classical past resembles and has even provided a model for other kinds of human endeavor This volume offers a new way to understand the modalities and aims of Classics itself through the ages Its individual chapters draw fruitful connections between the reception of the classical and current concerns in philosophy of mind cognitive theory epistemology media studies sense studies aesthetics queer theory and eco criticism What does the study of the ancient past teach us about our encounters with our own more recent but still elusive memories What do our always partial reconstructions of ancient sites tell us about the limits of our ability to know our own world or to imagine our future What does the reader of the lacunose and corrupted literatures of antiquity learn thereby about literature and language themselves

What does a shattered statue reveal about art matter sensation experience life Does the way in which these vestiges of the past are encountered sitting in a library standing in a gallery moving through a ruin condition our responses to them and alter their significance And finally how has the contemplation of antiquity helped to shape seemingly unrelated disciplines including not only other humanistic and scientific epistemologies but also non scholarly modes and practices In asking these and similar questions Deep Classics makes a pointed intervention in the study of the classical tradition now more widely known as reception studies

Democratising Beauty in Nineteenth-Century Britain Lucy Hartley,2017-08-03 Could the self interested pursuit of beauty actually help to establish the moral and political norms that enable democratic society to flourish In this book Lucy Hartley identifies a new language for speaking about beauty which begins to be articulated from the 1830s in a climate of political reform and becomes linked to emerging ideals of equality liberty and individuality Examining British art and art writing by Charles Lock Eastlake John Ruskin Walter Pater Edward Poynter William Morris and John Addington Symonds Hartley traces a debate about what it means to be interested in beauty and whether this preoccupation is necessary to public political life Drawing together political history art history and theories of society and supplemented by numerous illustrations Democratising Beauty in Nineteenth Century Britain offers a fresh interdisciplinary understanding of the relation of art to its publics

A Study of Erotic Literature in England W. v. Murat,2019-09-24 The present work fills a gap as it attempts to offer a history of erotic literature published in the United Kingdom The word Study in the title is perhaps a bit exaggerated as the material is largely taken from the now well known bibliographies by Pisanus Fraxi Henry Spencer Ashbee and quotations from the books themselves The time line is WW II Who was the author He may have been Charles Reginald Dawes 1879 1964 who is supposed to have written but not published a text of this or a similar title His profession or his activities are not known he once called himself a writer but library catalogues credit him only with two publications The Marquis de Sade Paris 1927 and Retif de la Bretonne London 1946 privately printed He may have been a popular writer under pseudonyms though Dawes owned a good erotica collection which he willed to the British

Museum Library that would explain why the author of this Study if he was Dawes could quote freely from erotic texts which only few of his contemporaries would have had available The main merits of this book are that the author was thoroughly familiar with English and French erotic literature and that he put his material in chronological order and in context The editor added a number of references illustrations and indices of personal names and titles to facilitate navigation

**Scents and Sensibility** Catherine Maxwell,2017-10-20 This lively accessible book is the first to explore Victorian literature through scent and perfume presenting an extensive range of well known and unfamiliar texts in intriguing and imaginative new ways that make us re think literature s relation with the senses Concentrating on aesthetic and decadent authors Scents and Sensibility introduces a rich selection of poems essays and fiction exploring these texts with reference to both the little known cultural history of perfume use and the appreciation of natural fragrance in Victorian Britain It shows how scent and perfume are used to convey not merely moods and atmospheres but the nuances of the aesthete or decadent s carefully cultivated identity personality or sensibility A key theme is the emergence of the olfactif the cultivated individual with a refined sense of smell influentially represented by the poet and critic Algernon Charles Swinburne who is emulated by a host of canonical and less well known aesthetic and decadent successors such as Walter Pater Edmund Gosse John Addington Symonds Lafcadio Hearn Michael Field Oscar Wilde Arthur Symons Mark Andr Raffalovich Theodore Wratislaw and A Mary F Robinson This book explores how scent and perfume pervade the work of these authors in many different ways signifying such diverse things as style atmosphere influence sexuality sensibility spirituality refinement individuality the expression of love and poetic creativity and the aura of personality dandyism modernity and memory A coda explores the contrasting twentieth century responses of Virginia Woolf and Compton Mackenzie to the scent of Victorian literature

Nietzsche and Contemporary Ethics Simon Robertson,2020-06-19 Nietzsche is one of the most subversive thinkers of the western philosophical canon Yet until recently his ethics has been sidelined within Anglophone moral philosophy Simon Robertson offers the first sustained single authored critical assessment of his ethical thought and its significance arguing that Nietzsche raises well motivated challenges to morality s objectivity authority and value Nietzsche and Contemporary Ethics develops insightful arguments about ethical objectivity the pitfalls of internalising moral values and the relation between good and bad Robertson concludes by considering Nietzsche s broader import how he challenges our usual views of what ethics itself is and what it and we should be doing

debate on the issues presented      **Bookseller's catalogues** Myers and co, ltd,1891      Sex Daniel Orrells,2015-04-30 Sex is fundamental to society We cannot think about politics power identity or culture without also thinking about sexuality Despite this the scientific study of sexual behaviour is a relatively recent phenomenon Doctors legal experts and other intellectuals have all pondered challenging questions in an attempt to stay abreast of the latest sexual research How might we separate talking about sex scientifically from discussing and consuming pornography How do we speak objectively about desire and pleasure And how do the words that we use to talk about sex affect what we are able to say about it Such questions increasingly inform public discourse across a variety of media Showing how ancient words and ideas have left a significant imprint on present day ideas about sex Daniel Orrells offers a bold new narrative of how the scientific study of sexuality came into being Uncovering the intriguing story of how the obscene and erotic verse of Roman epigram and love poetry became the sanitised language of nineteenth century sexual science this divertingly readable book demonstrates how the reception of both Latin and Greek texts was central to the development of modernmsexology and psychoanalysis Ranging from Sappho Catullus and Martial to Michel Foucault Richard von Krafft Ebing and Sigmund Freud the author reveals just how profoundly classics has shaped the landscape of sexual identity that we inhabit today
