Michel Foucault

Problems Of Style Michel Foucaults Epistemology Suny Series In Social And Political Thought:

Problems of Style Walter Privitera,1995-01-17 This is a unification of Michel Foucault s thought as a systematic epistemological project Privitera shows that the method and unity of Foucault s writings can only be seen by examining their origins in the work of Bachelard and Canguilhem Problems of Style Walter Privitera,1995-01-17 Thomas Jefferson High School faced court ordered busing student unrest white flight district sponsored alternative schools high school consolidation budget crises closure threats magnet programs and co existence with a Governor s School Each event impacted the culture of academic excellence that had been painstakingly crafted during the school s first thirty years This book offers a history of Tee Jay from its inception in 1930 through its glory days covers the school s efforts to deal with the challenges of the post integration era and concludes with a discussion of what the Tee Jay story can tell us about the future of academic high schools and integration in the urban areas of the United States Recent Acquisitions Ohio State University. College of Law. Library,1996 **Isis Cumulative Bibliography 1986-1995** John Neu,1997 American Book Publishing Record ,1995 Isis Cumulative Bibliography 1986-1995: Subjects. Time periods: Antiquity through 18th century John Neu,1997 Whitaker's Books in Print ,1998 Bibliografisch Repertorium Van de Wijsbegeerte ,1996 *Répertoire bibliographique de la philosophie* ,1996 **Choice** ,1993 *The Philosopher's Index* ,1995 Vols for 1969 include a section of abstracts **The Political Philosophy of Michel Foucault** Mark G.E. Kelly,2010-06-21 This book is the first to systematically reconstruct Foucault s political and philosophical thought across his career arguing that Foucault had a consistent but ever growing political and philosophical viewpoint The Later Foucault Jeremy Moss,1998-03-06 Why does Foucault s work continue to be of central importance in current debates in sociology political science and philosophy Why do we still read him as a guide to contemporary social and cultural life Foucault s work presents a provocative challenge to orthodox habitual forms of belief and practice The Later Foucault with an impressive interdisciplinary focus argues that one of the keys to understanding Foucault is his political thought It is this which he expressed clearly in his last writings and which pulled together his earlier interests in power agency and subjectivity In this volume a distinguished array of Foucauldian scholars and commentators on politics explore the significance of these last writings They examine such key issues as the question of Foucault and human rights his relationship to ethical thought power and freedom his relationship to feminism and comparisons of his work with Levinas and Rawls Politics, Philosophy, Culture Michel Foucault,2013-07-04 Politics Philosophy Culture contains a rich selection of interviews and other writings by the late Michel Foucault Drawing upon his revolutionary concept of power as well as his critique of the institutions that organize social life Foucault discusses literature music and the power of art while also examining concrete issues such as the Left in contemporary France the social security system the penal system homosexuality madness and the Iranian Revolution Foucault and the Political Jon Simons,1995 Michel Foucault s involvement with politics both as an individual and a writer has been much commented upon

but until now has not been systematically reviewed This is the first major introductory study of Michel Foucault as a political thinker Jonathon Simons explores the importance of the political in all areas of Foucault's work and life including important material only recently made available and the implications of various revelations about his private life Simons relates Foucault's work both to contemporary political thinkers such as Michael Walzer Charles Taylor and Jürgen Habermas and to those challenging conventional political categories especially people who write on feminist and gay theory such as Judith Butler Students of Foucault and of political and social theory as well as those working in lesbian and gay theory and feminist studies will find this book essential

Aesthetics, Method, and Epistemology Michel Foucault, 1998 The definitive edition of Foucault's articles interviews and seminars Few philosophers have had as strong an influence on the twentieth century as Michel Foucault His work has affected the teaching of any number of disciplines and remains twenty years after his death critically important This newly available edition is drawn from the complete collection of all of Foucault's courses articles and interviews and brings his most important work to a new generation of readers *Aesthetics Method and Epistemology* edited by James D Faubion surveys Foucault's diverse but sustained address of the historical forms and interplay of passion experience and truth

[Michel Foucault's Practical Philosophy](#) Maddalena Cerrato, 2025-05-01 Offers a holistic approach to Michel Foucault's thought introducing the idea of practical philosophy as an original interpretative framework Michel Foucault's thought Maddalena Cerrato writes may be understood as practical philosophy In this perspective political analysis philosophy of history epistemology and ethics appear as necessarily cast together in a philosophical project that aims to rethink freedom and emancipation from domination of all kinds The idea of practical philosophy accounts for Foucault's specific approach to the object as well as to the task of philosophy and it identifies the perspective that led him to consider the question of subjectivity as the guiding thread of his work Overall Cerrato shows the deep consistency underlying Foucault's reflection and the substantial coherence of his philosophical itinerary setting aside all the conventional interpretations that pivot on the idea that his thought underwent a radical turn from the political engagement of the question of power toward an ethical retrieval of the question of subjectivity

Aesthetics, Method, and Epistemology Michel Foucault, 2019-11-14 Foucault leaves no reader untouched or unchanged Edward Said *Aesthetics* the second volume of the complete collection of Michel Foucault's courses articles and interviews focuses on the philosophy literature and art which informed his engagement with ethics and power including brilliant commentaries on the work of de Sade Rousseau Marx Magritte Nietzsche Freud and Wagner He also explores a number of avant garde authors who challenge our traditional notions of humanism extends his theories on power relations and looks back over the whole of his extraordinary critical history of thought Edited by James D Faubion Translated by Robert Hurley and Others

Modernity and Crisis in the Thought of Michel Foucault Matan Oram, 2016-07-01 Few studies of Foucault have examined his thought from a sustained interdisciplinary perspective Through the interpretative prism of the concept of the Totality of Reason this book suggests an original analytical reading of Foucault

s thought This book addresses Foucault s characterizations of the Enlightenment asking whether the developmental history of the modern conception of knowledge from the Renaissance to the Enlightenment warrants the conclusion he draws From the perspective of a critical evaluation of Foucault s thesis on the crisis of modernity the book examines whether Foucault the philosophical and social critic truly belongs to those intellectual trends known as a deconstruction and post modernism that advocate a wholesale rejection of the project of modernity demonstrating how a classification of this kind contributes to an impoverishment of our understanding of Foucault s thought This book will attract the attention of readers interested in Foucault and what is broadly perceived to be the crisis of modernity It will appeal to scholars and advanced students of sociology political philosophy and political science psychology philosophy interdisciplinary studies and cultural studies

Power Michel Foucault,2000 Power the third and final volume of the Foucault series draws together Foucault s contributions to what he saw as the still underdeveloped practice of political analysis Includes previously unpublished lectures later writings interviews and letters
