Problems With Atonement The Origins Of And Controversy About The Atonement Doctrine:

Problems with Atonement Stephen Finlan, 2005 Examines the origins and outcomes of the Christian doctrine of atonement its biblical foundations development and theological questions surrounding it including questions about its relationship to the Incarnation Provided by publisher *And There Was No Poor Among Them* Ryan D. Ward, 2023-05-16 While The Church of Jesus Christ of Latter day Saints has expanded many fundamental Christian doctrines salvation is still understood as pertaining exclusively to the next life How should we understand salvation and what does the timing of the Restoration reveal about God s vision of salvation for a suffering world To answer these questions author Ryan Ward traces the theological evolution of salvation from the liberation of Israel from oppression to the Western Christian development of salvation as an individualistic transactional atonement This evolution corresponded with the shift of Christianity from a covenant community to an official state religion aligned with imperial power structures Ward also explores the economic and social movements in the centuries leading up to the Industrial Revolution which solidified the power of propertied elites at the expense of the poor plundered entire continents and killed millions Synthesizing these theological and historical threads *And There Was No Poor Among Them* Liberation Salvation and the Meaning of the Restoration asserts that the Restoration is God s explicit rejection of social and economic systems and ideologies that have led to the globalization of misery Instead Ward shows how the Restoration and the gospel of Christ is an invitation to a participatory salvation realized in Zion communities where there are no poor among us **Sacrifice Unveiled** Robert J. Eberhart, 2025-03-15 Can a feminist interpretation of Romans discover anything new In this volume Christian Eberhart pays special attention to the fact that Paul entrusted Phoebe a gentile woman with the task of delivering the letter to Rome There she would have been the person who recited it aloud and by heart in front of various audiences Yet as the leader of a congregation in Corinth Phoebe had likely also been involved in the process of composing the letter as some passages reveal This multifaceted engagement of a woman

film *Love* presents five constructive models that cumulatively affirm God's saving act in the person and work of Christ while letting go the myth of redemptive violence. They affirm redemption but one with a different shape. Instead of exacting the absolute punishment God redeems by making good God's promise to humanity to secure human life. Love argues that God is nonviolent while retaining the core idea presented in the New Testament witnesses that reconciliation occurs in the work of Christ and that the cross plays a role in that divine work.

The Healing Spirit Leo O. Stossich, 2019-02-26 This book traces the journeys of seven victims of childhood sexual abuse who have experienced recovery through the activity of the Holy Spirit within the context of the local church. These recovered victims have been enabled to move beyond the devastation of abuse by others whom they trusted to a place of emotional and psychological stability appropriate sexual intimacy with their spouses and a growing level of spiritual maturity. While the Christian community has been slow to grasp the severity and extent of the problem or to provide the healing resources of the gospel, some victims have found recovery in local churches. The author has undertaken in depth interviews to elicit and explore the narratives of their journeys from woundedness to well-being. These narratives are an important source of information on the activity of the Holy Spirit in healing. While the Spirit is an entity hidden to us, the author has explored the experiences of seven recovered victims to disclose meaning for the work of the Spirit in all areas of Christian ministry.

Film and Redemption David Rankin, 2022-07-22 This book explores the representation of the idea or theme of redemption in contemporary popular film. The discussion focuses primarily on the work of three directors: Clint Eastwood, Martin Scorsese, and Kore-eda Hirokazu, but also considers a few films from other directorial hands. David Rankin divides the notion of personal redemption into transactional and transformational aspects, differentiating between redemption understood as that which is external to the person but impacting on their being and environment and that which is internal to the person. Redemption is viewed broadly as a journey from brokenness to wholeness, from imprisonment to release or from some form of slavery to freedom. Both secular and religious, especially Christian, understandings of the notion are discussed and consideration is given to how the former might inform the latter.

Jesus' Death in New Testament Thought: Two-Volume Complete Edition David A. Brondos, 2018-07-16 *Jesus' Death in New Testament Thought* is unlike anything written on the subject to date. It represents a radical break with the traditional models or theories of atonement based on ideas such as penal substitution, participation in Christ, and the Christus Victor motif, claiming that all of these ideas as commonly understood are foreign to New Testament thought. On the basis of his analysis of second temple Jewish thought, Brondos demonstrates that for Jews in antiquity what atoned for sins and led people to be declared righteous in God's sight was not sacrifice, suffering, or death in themselves, but the renewed commitment to living in accordance with God's will, which they manifested by means of their sacrificial offerings and at times their willingness to endure suffering and death out of faithfulness to that will. According to the thought of Jesus' first followers in accordance with a divine plan conceived of before the ages, in Jesus God had sent his Son in order to establish around him a community of

people fully committed to practicing the love justice solidarity and righteousness associated with God's will for all Jesus dedication to this task led to confrontation and conflict with the powers and authorities of his day who sought to silence him by having him put to death Because he stood firm and remained faithful to that task rather than backing down from it he was crucified on a Roman cross Paradoxically however in this way he laid the basis for the existence of the community God had desired from the start stamping it forever as one to which no one could truly belong without assuming the same firm commitment to Jesus and everything for which he had lived and died Those who form part of this community living out of faith under Jesus as their risen Lord come to practice God's will as redefined through Jesus and on that basis are forgiven and accepted as righteous by God Thus by giving up his life out of love for others in faithfulness to the task his Father had given him Jesus has attained the redemption reconciliation cleansing and justification of those who now live under his lordship as members of the worldwide community of believers from all nations that God has established through him and his death in fulfillment of the promises that God had made of old to his people Israel In Volume 1 Brondos looks to the relevant texts from antiquity to trace the background and development of these ideas His argument will leave the reader with no doubt that Jesus first followers understood the salvific significance of his death or blood in the manner just outlined and therefore that the traditional interpretations of his death that have prevailed from patristic times to the present do not reflect faithfully their thought as we find it in the New Testament In Volume 2 Brondos examines the formulaic allusions to Jesus death that we find scattered throughout the New Testament and other early Christian writings so as to demonstrate that these are precisely the ideas that lie behind those allusions At the same time through his analysis of the writings of Melito of Sardis and Irenaeus of Lyons he provides clear evidence that by the late second century ideas that are foreign to those texts began to be read back into them with the result that the original understandings of Jesus death that had developed among his first followers came to be replaced by other understandings that run contrary to their thought In his Conclusion Brondos argues that only by rejecting the traditional models of atonement and returning to the New Testament teaching on this central doctrine can the Christian church respond effectively to the crisis it faces today and bring about the restoration of the type of communities envisioned by Jesus and his first followers
