

5. The problems/hindrances in making of constitution.

➤ The following problems were faced by the politicians of Pakistan to frame a constitution immediately after independence. Following are also the reasons which delayed the constitution making for nine years.

1. The quantum of representation b/w East and West Pakistan
2. Due to racial, linguistic, cultural and other differences the making of the federation became a problem
3. Distribution of powers b/w the central and provincial govt

Problems Constitutional Developments

William Miller Macmillan

Problems Constitutional Developments:

Constitutional Development in China, 1982-2012 Lin Li, Jihong Mo, Guoqiang Zhai, 2019-11-29 This volume presents an overview of the evolution of the current Chinese Constitution 1982 and the characteristics of constitutional studies since 1978 Readers are introduced to the basic principles of constitutional system in China and gain insights into the real state of Chinese law allowing them to form their own opinions It will also aid commercial communications with Chinese legal professionals as well as enterprises The book covers a number of topics including the history of constitutional communication between Chinese constitutionalists and the International Association of Constitutional Law since 1981 the most important academic contributions to international conferences concerning constitutional law by Chinese constitutionalists the main characteristics of the current Chinese Constitution in the field of constitutional studies in China the key issues of constitutional practice and implementation in China the challenges of running the fundamental political system of the People's Representative Congress and the characteristics of rule of law specific to China

The Practice of Constitutional Development Filippo Sabetti, Barbara Allen, Mark Sproule-Jones, 2009-01-01 This edited collection further expands our knowledge about what comprises a successful constitution in both theory and application Building on the research and analysis of Vincent Ostrom who as one of America's leading scholars on constitutions has spent a lifetime writing about constitutions in America and overseas Each chapter shows how particular countries governments and organizations devise constitutions to reflect their visions of governance and sets of rules for their leaders On a higher theoretical level the contributors emphasize the importance of choosing the rules of the political game in order to determine the nature of the game itself Extending Ostrom's intellectual quest to solve constitutional dilemmas the scholars gathered here discuss a wide variety of issues ranging from the problems of water scarcity and local public economies in Africa to the prospect of a new political order in the European North Book jacket

Liberty, Property, and the Future of Constitutional Development Ellen Frankel Paul, Howard Dickman, 1990-07-05 This book is a discussion of current trends in the constitutional protection of economic liberties Since the mid 1930s the Supreme Court has been reluctant to replace legislative judgments on matters of economic regulation with its own While the Court permits wide legislative experimentation in the economic realm it scrutinizes governmental attempts to regulate or abridge other civil liberties quite closely This state of affairs is known as the double standard The question of the appropriateness of this unequal treatment by the Court of these two classes of liberties generates much of the controversy in this volume Other topics dealt with include the current trends in and relevance of constitutional law for welfare rights labor unions and labor law Recent Supreme Court decisions on property rights also receive much attention

The Politics of Constitutional Reform in North America Rainer-Olaf Schultze, 2013-06-29 In October 1999 some fifteen academic experts and government practitioners from Germany and North America gathered for two days at the University of Augsburg to discuss the topic of Constitutional Reform and Constitutional Jurisprudence in

Canada and the United States The present volume documents the results of that conference a collaborative effort of the Department of Political Science University of Erlangen Nuremberg and the Institute for Canadian Studies University of Augsburg In organizing this workshop we were guided by two basic sets of ideas and assumptions First all established democracies are regularly confronted with the need to adjust their constitutional order to changes in their environment lest democratic stability be transformed into rigidity in many western nations including Canada and the United States developments such as the crisis of the Keynesian welfare state or the emergence of increasingly heterogeneous postmodern societies have ushered in an era of heightened yet not always successful constitutional reform activity Secondly however there is no unique path towards or model of an optimal constitutional order however defined rather constitutional reform processes their underlying normative principles and their outcomes are strongly path and context dependent Therefore the participants of the workshop and authors of this volume were asked to examine the specific preconditions context nature and impact of recent constitutional reform processes in the United States and Canada **Problems of Communism**, 1990

Pennsylvania Constitutional Development Rosalind L. Branning, 2017-03-13 Pennsylvania Constitutional Development has proven to be the definitive study of the history of Pennsylvania's constitution in its first four incarnations Rosalind Branning's critique first published in 1960 reflects the movement that led to the constitution of 1968 After tracing the history of the 1776 constitution and its earliest revisions in 1790 and 1838 Branning primarily focuses on the constitutional convention of 1872-73 and the resulting document of 1874 which endured for almost a century She uses the published Debates newspaper files and the observations of contemporary writers and statesmen to provide a detailed and engaging study of the politics and leadership of the time Her analysis demonstrates that this constitutional convention produced an instrument that was designed to meet nineteenth century needs but would need significant revisions by future generations Foreseeing the very issues that would be addressed in the 1967-68 constitutional convention Branning identifies the elements that are necessary for successful constitutional lawmaking The evolution of Pennsylvania's body of laws serves as a cogent example of the opportunities and foibles intrinsic to the process of defining effective governance of a state Pennsylvania Constitutional Development remains an essential resource for students and historians and should be read by anyone interested in the government of the Keystone State **Ghana, Political and Constitutional Developments** Tapan Prasad Biswal, 1992

Ghana the torch bearer of African Independence from the yoke of colonial bondage has been pushed to the background from its earlier pre eminent position in international as well as African affairs Since independence Ghana has experienced diverse forms of Government and has almost run out of models for governing herself Instead of providing leadership to the underdeveloped countries of Africa Ghana is busy in its quest for evolving a stable and workable political system In its effort to evolve a stable political system and an operational constitution capable of providing steady economic progress and social upliftment Ghana has experimented with minister style parliamentary system a Single Party Republic and many military

regimes following coups and counter coups Like many of the developing states of Africa Ghana has been plagued with post independence political instability Civilians as well as military governments have been installed with initial enthusiasm but so far none has been able to solve the pressing problems In fact the quest for a permanent solution to what appears a persistent governmental crisis has invited many coups and counter coups It addresses and analyses the maladies that has afflicted the Ghanaian body politic *Report on the Problem of Simplification of the Constitution* New York (State). Inter-law School Committee on Constitutional Simplification,1958 *Problems and Prospects of Sustaining Democracy in Nigeria* Bamidele A. Ojo,2001 The past few years have been very traumatic ones for many Nigerians With the exception of those in power or close to the seat of power the changes of 1998 were a welcome relief given the tyranny and repression that the country had suffered under General Abacha With many people in prison and more in exile the death of Abacha was received with a sigh of relief Many observers have seen the resilience that has come to signify the strength and potential of this once giant of Africa as well as the destruction and the socio political and economic decay of the past decades The Nigerian people have endured the exploitation of their rights due to the lack of democratic leadership and with this in mind they have been called to attention to fight for their country **Constitutional Development in the USSR** Aryeh L. Unger,2024-04-12

Constitutional Development in the USSR 1981 looks at the political institutions and practices of the Soviet state through the prism of its own constitutional texts It contains the texts of all four Soviet constitutions and a chapter of commentary precedes each text An overall assessment of Soviet constitutional development is offered in the concluding chapter

Constitutional Reform and the Future of the Republic of China Harvey Feldman,Columbia University. Taiwan Area Studies Program,1991 The conference that forms the basis for this book was held in Taipei in 1989 With contributions by political figures from both the Kuomintang and the opposition Democratic Progressive Party as well as leading scholars from Taiwan and the US this book discusses the critical issues affecting the future of Taiwan The book discusses Taiwan s economic achievements its pathbreaking experiments with political reform its unique patterns of political participation its example as a fully modernized Chinese cultural community its importance in the world trading system and its key role in Pacific Basin international relations It also discusses how these factors have made Taiwan a focus of interest for students of economic development comparative politics and international relations *Pan-Anglican Congress, 1908* ,1908 **Crossing Borders: Constitutional Development and Internationalisation** Florian Grotz,Th. A. J. Toonen,2009-03-13 This book is dedicated to Joachim Jens Hesse a scholar whose multi faceted work may be characterised as an attempt at crossing borders in several respects These primarily include fostering interdisciplinary cooperation between law economics and social sciences analysing public sector developments in an international and intercultural perspective as well as bridging the gap between academia and practical politics Therefore the volume deals with a subject that covers these features in an exemplary manner the interrelationship between nation state constitutions and their international environments In this context ongoing

processes of transnationalisation have not only contributed to blurring the formerly clear cut boundaries between these two domains but also provoked a growing interest in and demand for comparative interdisciplinary and applied research on constitutional developments. The authors of this Festschrift include eminent lawyers, economists and political scientists from Europe, the United States and East Asia who worked together with Joachim Jens Hesse in various contexts. *Constitutional Development & National Movement in India* Aggarwal R.C./Bhatnagar Mahesh, 2005. Part I Constitutional Development Of India Part II National Movement Part III Modern Indian Constitution **African Governance, Security, and Development** Wanjala S. Nasong'o, 2021-08-10. African Governance Security and Development explores the political economy of development in Africa. The contributors examine the impact and implications of the democratization process in Africa with particular focus on issues of economic, social and institutional development. Through a variety of critical perspectives and disciplines, contributors analyze topics such as the impact of democratization on governance and institutional development, foreign aid and foreign direct investment, terrorism in Africa, identity politics and the politics of oil extraction. African Governance Security and Development features the voices of scholars from institutions of higher learning in Africa and showcases case studies from the continent bringing much needed African and Africanist perspectives to current discussions about African political development and economy. **The South African Agrarian Problem and Its Historical Development** William Miller Macmillan, 1919. Constitutional Policy in Multilevel Government Arthur Benz, 2016. This volume compares processes of constitutional reform in federal and regionalized states. *Indigenous Peoples and Constitutional Reform in Australia* Bede Harris, 2023-12-01. This book examines whether Australia's constitution should be reformed so as to enable the country to fulfil its obligations under the United Nations Declaration on the Rights of Indigenous Peoples which it ratified in 2009. The book surveys the history of the constitutional status of Australia's Indigenous peoples from the time of colonisation through to the current debate on Indigenous constitutional recognition. However, it argues that the term Indigenous constitutional recognition implying that mere acknowledgement of the existence of Indigenous peoples is sufficient to meet their legitimate expectations misrepresents the nature of the project the country needs to engage in. The book argues that Australia should instead embark upon a reform programme directed towards substantive and not merely symbolic constitutional change. It argues that only by the inclusion in the constitution of enforceable constitutional rights can the power imbalance between Indigenous Australians and the rest of society be addressed. Taking a comparative approach and drawing upon the experience of other jurisdictions, the book proposes a comprehensive constitutional reform programme and includes the text of constitutional amendments designed to achieve the realisation of the rights of Australia's Indigenous peoples. It ends with a call to improve the standard of civics education so as to overcome voter apprehension towards constitutional change. **Institutions, Economic Performance and Sustainable Development** Biman C. Prasad, Clement Allan Tisdell, 2006. Fiji has distinct institutional features that make it an ideal case for examining and

discussing the consequences of institutional arrangements particularly the nature of property rights for national economic performance development prospects and the state of the environment which in turn reflects a nation's ability to achieve sustainable development Furthermore the nature of institutional arrangements in Fiji can be used to illustrate aspects of both the new and the old institutional economics Apart from the fact that Fiji provides considerable scope for the exploration of institutional economics and its applications Fiji is a comparatively important island nation in the south west Pacific that is an important member of the Pacific Island Forum grouping of 14 island nations The recent development of Fiji has been much influenced by its social history particularly by its institutional structures established or codified during British colonial rule Its present racial composition is largely a product of British colonisation of Indians brought to Fiji by the British to produce sugar cane as a contribution to the economic development of the former British Empire In many respects the type of global imperialism that was well established during the nineteenth century was a forerunner to modern economic globalisation which involves a mixture of free trading blocs and multilateralism The current population mixture of Fiji consisting of about equal numbers of Indian Fijians and Indigenous Fijians has its roots in Fiji's colonial history Furthermore the codified systems of property rights which largely excludes Indian Fijians from the ownership of land was established by the British It has been a major source of ethnic tension and of social and political conflict in Fiji We show that this system of property rights has had important negative consequences for economic growth in Fiji for the economic performance of its industries and for the conservation of its natural resources natural resources which may not be equitable and which also does not appear to be efficient administratively This adds to social and political tension in Fiji

Constitutional Reform and Brexit Gary Wilson, 2023-06-30 This book examines the extent to which Brexit has impacted upon the operation of the British Constitution prompting in turn consideration of how some of the factors which contributed to the outcome of the 2016 referendum as well as the event of Brexit itself might inform debates surrounding constitutional reform moving forward The work seeks to make sense of the constitutional implications of Brexit and to revisit some of the key debates that have taken place in respect of particular constitutional reform proposals in order to assess the extent to which recent Brexit related developments inform the perspectives which are taken upon their merits and prospects The book is divided into two parts The first provides some context for the substantive treatment of the potential impact of Brexit on constitutional reform debates which forms the focus of Part II Part II centres on various specific constitutional reform themes or issues which are explored further within the context of Brexit For each such issue the main parameters of the debates which have taken place are sketched out before moving on to consider how it has informed or may come to be informed by the phenomenon of Brexit By so doing it looks to some future directions for constitutional reform which take account of the factors driving the discourses which gave rise to the referendum outcome and subsequent developments as well as offering meaningful responses to these The book will be of interest to academics researchers and policy makers working in the areas of

constitutional law constitutional politics philosophy and history

Problems Constitutional Developments: Bestsellers in 2023 The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous engrossing novels captivating the hearts of readers worldwide. Lets delve into the realm of bestselling books, exploring the captivating narratives that have enthralled audiences this year. Problems Constitutional Developments : Colleen Hoover's "It Ends with Us" This touching tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover masterfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can prevail. Uncover the Best : Taylor Jenkins Reid's "The Seven Husbands of Evelyn Hugo" This intriguing historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reid's compelling storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens' "Where the Crawdads Sing" This evocative coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens weaves a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These top-selling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of engaging stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a masterful and suspenseful novel that will keep you speculating until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
