## Cookery books for young people

They work, we look at three books about cooking for young people.

### My First Cookbook by Leonard Winson

Leonard Winson's last cookery book was a huge success across the world. And now, he has written a cookery book just for children. It has lots of lovely cooking activities, so that children can get to know the names of these unusual foods. It explains in an easy-to-read way how to cook and makes it clear that cooking can be a hobby that young and old can really enjoy.

### Cooking for Students by Carmel O'Duffy

The idea for this book came when Carmel O'Duffy's two sons went away to university. They never cooked and had no idea what to do in the kitchen, so Carmel wrote this book to help them. The photos on the cover of the book show Carmel and her sons laughing and enjoying the food together. Students who use this book won't win prizes for great new food ideas. The meals are very simple, like cheese on toast, but they're easy to prepare and good for you, too.

### Everybody Can Cook by Denise Moran

With its 'look as you cook' photos, you can see the author doing everything that you need to do in this wonderful new book. And, as the title says, you'll soon be able to make tasty meals. Many of them come from all four corners of the world. The author received £4,000 when the book was chosen as Cookbook of the Year in a competition this year.
