Passionate Leadership in Education Brent Davies, Tim Brighouse, 2008-08-21. I recommend the book as an inspiration to those who are looking for the words that express what they may already do or will do in the future for these well-known writers have world-wide experience in recognising and knowing what it is that makes the passionate leader. *International Journal of Educational Management*. This is a very interesting collection of chapters on leadership. Each chapter is written with verve and conviction and it makes quite stimulating reading. *Curriculum Perspectives*. *Passionate Leadership* is a fantastic book by leading thinkers and doers in the education field. It takes moral purpose to new levels and above all it puts passion in perspective. The book shows that it is not passion by itself that counts but in combination with strategies, insights and daily wisdom. Above all this is a book of action not rhetoric. Michael Fullan, Professor Emeritus OISE University of Toronto and Special Adviser on Education to the Premier of Ontario. How opportune that Brent Davies and Tim Brighouse have produced a book on *Passionate Leadership*. As school leaders are becoming increasingly disillusioned with instrumental forms of educational reform, Davies, Brighouse and their contributors offer a new vision of leadership, one that is driven by a belief that teaching is about enabling every child to reach their potential and a conviction that schools should be places filled with joy and optimism in the pursuit of social justice. This inspiration will encourage all our leaders to take their work to a new level. Professor David Hopkins, HSBC iNet Chair of International Leadership. Formerly the Chief Adviser to three Secretaries of State. In this book internationally recognized writers on leadership explore what makes leaders passionate about their role and their schools. The contributors show that leadership must move on from the realm of a role or job towards an energy and commitment for enhancing children's learning and children's lives. They maintain that passion must be the driving force that moves vision into action through a range of chapters from internationally known contributors: Brent Davies, Tim Brighouse, Geoff Southworth, Chris Day, John MacBeath, Andy Hargreaves, John Novak, Brian Caldwell and Alan Flinham. What sustains and drives leaders to achieve in a changing and challenging educational environment? What maintains their passion for education and children's achievement? This book seeks to answer these questions. The book is essential for all students on leadership programs and educational professionals looking to achieve self and organisational improvement.
