Radical Son A Generational Odyssey Library Edition:

Radical Son David Horowitz, 2011-12-13 Originally a radical socialist the current driving force behind the rise of the Hollywood right recounts how he moved from one set of political convictions to another over the course of thirty years and challenges readers to consider how they came by their own convictions **Hitler, the War, and the Pope, Revised and Expanded** Ronald Rychlak, 2010-05-27 Was Pope Pius XII a Nazi Sympathizer For almost fifty years a controversy has raged about Pope Pius XII Was the Pope who had shepherded the Church through World War II a Nazi sympathizer Was he as some have dared call him Hitler's pope Did he do nothing to help the Jewish people in the grips of the Holocaust In a thoroughly researched and meticulously documented analysis of the historical record Ronald Rychlak has gotten past the anger and emotion and uncovered the truth about Pius XII Not only does he refute the accusations against the Pope but for the first time documents how the slanders against him had their roots in a Soviet Communist campaign to discredit him and by extension the Church Let those who doubt but read Rychlak follow his exquisitely organized courtroom like arguments What Professor Rychlak brings to the forum are facts not rhetoric dates not conjecture evidence not slander The world owes Ronald Rychlak a debt for bringing the truth to light Rabbi Eric A Silver In his well crafted pages the portrait that emerges is one of an extraordinary pastor facing extremely vexing circumstances of a holy man vying against an evil man of a human being trying to save the lives of other human beings of a light shining in the darkness John Cardinal O'Connor 1920-2000 Archbishop of New York from the Foreword to the first edition I have read many books on Pius XII and this is by far the most dispassionate in laying out the context relevant facts accusations and evidence pro and con The book is highly engaging because it is filled with so many little known facts The research has been prodigious Yet the presentation is as down to earth as it would have to be in a courtroom This is a wonderfully realistic book Michael Novak George Frederick Jewett Scholar in Religion Philosophy and Public Policy American Enterprise Institute *Race and Morality* Melvyn L. Fine, 2012-12-06 After I had finished my presentation a colleague and I sat rocking on the hotel porch to discuss its merits It was a picture perfect fall day in Jekyll Island Georgia and he was a friend Yes he explained what I was saying seemed to be true And yes it probably needed to be said but why did I want to be the one to say it Wasn't I after all a tenured professor who didn't need to make a fuss in order to retain his job Didn't it make sense to just kick back and enjoy the easy life I had earned The topic of our tete a tete was my speculations about race relations and he was certain that too much honesty could only get me in trouble Given my lack of political correctness people were sure to assume that I was a racist and not give me a fair hearing This was a prospect I had previously contemplated Long before embarking on this volume I had often asked myself why I wanted to write it The ideological fervor that dominates our public dialogue on race guaranteed that some people would perceive me as a dangerous scoundrel who had to be put in his place Spoofing the Modern Darryl Dickson-Carr, 2015-07-06 An examination of satirical texts from the first major African American literary movement Spoofing the Modern is the first book

devoted solely to studying the role satire played in the movement known as the New Negro or Harlem Renaissance from 1919 to 1940. As the first era in which African American writers and artists enjoyed frequent access to and publicity from major New York based presses the Harlem Renaissance helped the talents, concerns and criticisms of African Americans to reach a wider audience in the 1920s and 1930s. These writers and artists joined a growing chorus of modernity that frequently resonated in the caustic timbre of biting satire and parody. The Harlem Renaissance was simultaneously the first major African American literary movement of the twentieth century and the first major blooming of satire by African Americans. Such authors as folklorist and anthropologist Zora Neale Hurston, poet Langston Hughes, journalist George S. Schuyler, writer, editor, poet Wallace Thurman, physician Rudolph Fisher and artist Richard Bruce Nugent found satire an attractive means to criticize not only American racism but also the trials of American culture careening toward modernity. Frequently they directed their satiric barbs toward each other, lampooning the painful processes through which African American artists struggled with modernity often defined by fads and superficial understandings of culture. Dickson Carr argues that these satirists provided the Harlem Renaissance with much of its most incisive cultural criticism. The book opens by analyzing the historical, political and cultural circumstances that allowed for the New Negro in general and African American satire in particular to flourish in the 1920s. Each subsequent chapter then introduces the major satirists within the larger movement by placing each author's career in a broader cultural context including those authors who shared similar views. *Spoofing the Modern* concludes with an overview that demonstrates how Harlem Renaissance authors influenced later cultural and literary movements.

Radical Son David Horowitz, 2020-03-03

One of the most compelling and important political memoirs in recent American history, republished after more than twenty years with a new introduction by the author. In a narrative that possesses both remarkable political importance and extraordinary literary power, David Horowitz tells the story of his startling political odyssey from sixties radical to nineties conservative. A political document of our times, *Radical Son* traces three generations of one American family's infatuation with the radical left from the Bolshevik Revolution of 1917 to the collapse of the Marxist empire six decades later. David Horowitz was one of the founders of the New Left and an editor of *Ramparts*, the magazine that set the intellectual and revolutionary tone for the movement. From his vantage point at the center of the action, he populates *Radical Son* with vivid portraits of people who made the radical decade while unmaking America at the same time. We are introduced to an aged Bertrand Russell, the world famous philosopher and godson of John Stuart Mill, who in his nineties became America's scourge, organizing a War Crimes Tribunal over the war in Vietnam. There is Tom Hayden, the radical everyman who promoted guerrilla warfare in America's cities in the sixties, married film legend Jane Fonda and became a Democratic state senator when his revolutions failed. We meet Huey Newton, a street hustler and murderer who founded a black militia that became the Sixties' most resonant symbol of black power and black militance. Horowitz's encounter with Newton and his Black Panthers, the most celebrated radical group of the Sixties, becomes the focal

point of the story when a brutal murder committed by the Panthers changes his life forever prompting the profound second thoughts that eventually led him to become an intellectual leader of conservatism and its most prominent activist in Hollywood

Black Resonance Emily J. Lordi, 2013-11-08 Ever since Bessie Smith's powerful voice conspired with the race records industry to make her a star in the 1920s African American writers have memorialized the sounds and theorized the politics of black women's singing In *Black Resonance* Emily J. Lordi analyzes writings by Richard Wright Ralph Ellison James Baldwin Gayl Jones and Nikki Giovanni that engage such iconic singers as Bessie Smith Billie Holiday Mahalia Jackson and Aretha Franklin Focusing on two generations of artists from the 1920s to the 1970s *Black Resonance* reveals a musical literary tradition in which singers and writers faced with similar challenges and harboring similar aims developed comparable expressive techniques Drawing together such seemingly disparate works as Bessie Smith's blues and Richard Wright's neglected film of *Native Son* Mahalia Jackson's gospel music and Ralph Ellison's *Invisible Man* each chapter pairs one writer with one singer to crystallize the artistic practice they share lyricism sincerity understatement haunting and the creation of a signature voice In the process Lordi demonstrates that popular female singers are not passive muses with raw natural or ineffable talent Rather they are experimental artists who innovate black expressive possibilities right alongside their literary peers The first study of black music and literature to centralize the music of black women *Black Resonance* offers new ways of reading and hearing some of the twentieth century's most beloved and challenging voices [Sotheran's Price Current of Literature](#) Henry Sotheran Ltd, 1938

New York Magazine, 1989-08-07 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea [The Volume Library](#), 1937

A Dictionary of the Ancient Greek World David Sacks, 1995 More than four thousand years ago a warrior people invaded the rugged hills and fertile plains of the Balkan Peninsula These people were the ancient Greeks and their legacy to modern global society is immense The Greeks invented democracy narrative history writing stage tragedy and comedy philosophy biological study and political theory They introduced the alphabet to European languages and they developed monumental styles of architecture still used throughout the United States for museums courthouses and other public buildings They created a system of sports competitions and a cult of physical fitness both of which we have inherited In sculpture they perfected the representation of the human body In geometry they developed theorems and terminology that are still taught in schools They created the idea of national literature with its recognized great writers and the libraries to preserve their work And perhaps what most people would think of first the Greeks bequeathed to us their treasure trove of myths including a hero who remains a favorite today Hercules A Dictionary of the Ancient Greek World assembles the people places events and ideas of this spectacular

civilization in one easy to use source With over five hundred entries and more than seventy line drawings this essential A Z reference covers every aspect of Greek civilization from the beginning of Minoan civilization in the third millennium B C to the Roman annexation of mainland Greece in 146 B C Detailing not only the loftiest achievements of the Greeks but also the ordinary facets of their everyday life from the philosophy of Plato to Greek sexual attitudes this extraordinary compendium illuminates the vitality and genius of that influential culture **Johnson's Universal Cyclopaedia** ,1886 Johnson's (revised) Universal Cyclopaedia ,1886 Outlook Alfred Emanuel Smith,Francis Walton,1880 *The Graphic* ,1884
