Macro Quantitative Analysis Conflict Development And Democratization:

Macro-quantitative Analysis John V. Gillespie, Betty A. Nesvold, 1971 *Democratization* Tatu Vanhanen, 2004-02-24 This book examines the relationship between indicators of resource distribution and democratization in the group of 170 countries with data ranging from the 1850s to the present day Vanhanen constructs a compelling argument concluding that the emergence of democracy is closely linked to resource distribution **Learning Democracy** Leslie E. Anderson, Lawrence C. Dodd, 2009-11-15 Historically Nicaragua has been mired in poverty and political conflict yet the country has become a model for the successful emergence of democracy in a developing nation Learning Democracy tells the story of how Nicaragua overcame an authoritarian government and American interventionism by engaging in an electoral revolution that solidified its democratic self governance By analyzing nationwide surveys conducted during the 1990 1996 and 2001 Nicaraguan presidential elections Leslie E Anderson and Lawrence C Dodd provide insight into one of the most unexpected and intriguing recent advancements in third world politics They offer a balanced account of the voting patterns and forward thinking decisions that led Nicaraguans to first support the reformist Sandinista revolutionaries only to replace them with a conservative democratic regime a few years later Addressing issues largely unexamined in Latin American studies Learning Democracy is a unique and probing look at how the country s mass electorate moved beyond revolutionary struggle to establish a more stable democratic government by realizing the vital role of citizens in democratization processes

Powers of Theory Robert R. Alford, Roger Friedland, 1985-10-31 An evaluation of different theories of the nature of the state in capitalist democracies Mixed Methods in Comparative Politics D. Berg-Schlosser, 2012-09-26 This book approaches current controversies concerning qualitative and quantitative procedures in the social sciences and incorporates new methods showing how they can supplement each other It is based on a comprehensive international research project that readers can apply to their findings through the data set provided on the author s home page *Determinants of the Death Penalty* Carsten Anckar, 2004-08-02 Determinants of the Death Penalty seeks to explain the phenomenon of capital punishment without recourse to value judgements by identifying those characteristics common to countries that use the death penalty and those that mark countries which do not This global study uses statistical analysis to relate the popularity of the death penalty to physical cultural social economical institutional actor oriented and historical factors Separate studies are conducted for democracies and non democracies and within four regional contexts The book also contains an in depth investigation into determinants of the death penalty in the USA *Policy Analysis in Mexico* Jose Luis Mendez, Mauricio I. Dussauge-Laguna, 2018-03-01 Part of the International Library of Policy Analysis series this book provides the first detailed examination of the practice of policy analysis in Mexico Whilst shaped by the legacy of the Mexican state s colonial history as well as by recent social economic and political developments the study of policy analysis within Mexico provides important comparative lessons for other countries Contributors study the nature of policy analysis at different sectors and levels of

government as well as by non governmental actors such as unions business NGOs and the media promoting the use of evidence based policy analysis leading to better policy results The book is a vital resource for academics and students of policy studies public management political science and comparative policy studies The Conditions of Democracy in Europe 1919-39 D. Berg-Schlosser, J. Mitchell, 2016-01-08 Why did democracy survive in some European countries between the wars while fascism or authoritarianism emerged elsewhere This innovative study approaches this question through the comparative analysis of the inter war experience of eighteen countries within a common comprehensive analytical framework It combines social and economic structure and political actor related aspects to provide detailed historical accounts of each case which serve as background information for the systematic testing of major theories of fascism and democracy

International Human Rights Michael Haas, 2013-09-05 This book provides a comprehensive introduction to international human rights international human rights law why international human rights have increasingly risen to world prominence what is being done about violations of human rights and what might be done to further promote the cause of international human rights so that everyone may one day have their rights respected regardless of who they are or where they live It explains how the concept of international human rights has developed over time the variety of types of human rights civil political rights economic social rights as well as a delineation of war crimes empirical findings from statistical research on human rights institutional efforts to promote human rights an extensive listing of international human rights agreements identification of recent prosecutions of war criminals in domestic and international tribunals ongoing efforts to promote human rights through international aid programs the newest dimensions in the field of human rights gay rights animal rights environmental rights Richly illustrated throughout with case studies controversies court cases think points historical examples biographical statements and suggestions for further reading International Human Rights is the ideal introduction for all students of human rights The book will also be useful for human rights activists to learn how and where to file human rights complaints in order to bring violators to justice The new edition is fully updated and includes new material on the Obama presidency the Arab Spring and its aftermath the workings of the International Criminal Court quantitative analyses of human rights war crimes **Policy Studies Review Annual** Stuart S. Nagel, 1977-08-01 **Political Violence, Crises**

and Revolutions (Routledge Revivals) Ekkart Zimmermann, 2013-04-15 First published in 1983 this extraordinary study provides a comprehensive systematic evaluation of cross national theorizing and quantitative empirical evidence on four interrelated phenomena Political violence Crises Military Coups D tat Revolutions Findings from social psychological research on aggression are integrated in this outstanding study as well as results reported in social historical studies of revolution The focus of the book is always on analytical perspectives and corresponding empirical evidence The author continually highlights the sociostructural and political conditions of political violence crises and revolutions This exceptionally detailed and systematic inventory of theories and research on a classic triad of political science political

violence crises and revolutions also includes a remarkable bibliography encompassing over 3000 items *Directions Of Change & Modernization Theory, Research, And Realities* Mustafa O Attir, 2019-04-11 After a period of relative confidence about the future of modernizing societies scholars are now questioning with renewed urgency the directions of the modernization trend This book the result of nearly a decade of collaborative efforts by scholars in twelve countries examines the modernization process with particular attention to how it is aff Power Kills R. J. Rummel, 2017-07-12 This volume newly published in paperback is part of a comprehensive effort by R J Rummel to understand and place in historical perspective the entire subject of genocide and mass murder or what he calls democide It is the fifth in a series of volumes in which he offers a detailed analysis of the 120 000 000 people killed as a result of government action or direct intervention In *Power Kills* Rummel offers a realistic and practical solution to war democide and other collective violence As he states it The solution is to foster democratic freedom and to democratize coercive power and force That is mass killing and mass murder carried out by government is a result of indiscriminate irresponsible Power at the center Rummel observes that well established democracies do not make war on and rarely commit lesser violence against each other The more democratic two nations are the less likely is war or smaller scale violence between them The more democratic a nation is the less severe its overall foreign violence the less likely it will have domestic collective violence and the less its democide Rummel argues that the evidence supports overwhelmingly the most important fact of our time democracy is a method of nonviolence

Prospects of Democracy Tatu Vanhanen, 2002-11-01 This book provides the most extensive comparative survey of the state and conditions of democracy ever made It focuses on 172 contemporary states with historical data on the measures of democracy and on explanatory variables extending back to the 1850s It presents a comprehensive exploration of democratization its successes and failures making predictions on the prospects for democracy for single countries and for seven regions of the world As well as presenting empirical analyses of democratization on the basis of Vanhanen's resource distribution theory of democratization and making predictions on the prospects the book includes contributions from five commentators Mitchell A Seligson on Latin America Samuel Decalo and John W Forje on Africa John Henderson on Oceania and Ilter Turan on why some of the countries that pass Vanhanen's democratic threshold cannot in fact be seen as democracies The volume also includes an introductory chapter which examines and compares other theoretical interpretations of democratization *Prospects for Democracy* will be essential reading for all serious students of comparative politics and democracy *Ethnicity, Politics, and Society in Northeast Africa* Mohammed Ali, 1996 This book deals with the dimensions of ethnicity and ethnic interaction in Northeast Africa It proposes a mechanism to establish a condition of peaceful co existence among ethnic groups in the region Contents List of Tables and Diagrams Foreword Preface Acknowledgements Language and Ethnicity Religion and Ethnicity Territory and Ethnicity Conflict History Conflict Management Systems Peace Democracy and Regulation of Conflict References Index **International Labour**
