Made For Each Other Reflections On The O:

The Debates in the Several State Conventions on the Adoption of the Federal Constitution Jonathan Elliot, 1876 The Mahabharata Ramesh Menon, 2006-07 The Mahabharata is the more recent of India's two great epics and by far the longer. First composed by the Maharishi Vyasa in verse it has come down the centuries in the timeless oral tradition of guru and sishya profoundly influencing the history, culture and art of not only the Indian subcontinent but most of south east Asia. At 100 000 couplets it is seven times as long as the Iliad and the Odyssey combined. Far and away the greatest recorded epic known to man. This new rendering brings the epic to the contemporary reader in sparkling modern prose. It brings alive all the excitement, magic and grandeur of the original for our times. The Films of Akira Kurosawa, Third Edition, Expanded and Updated Donald Richie, 2023-12-22 In an epilogue provided for his incomparable study of Akira Kurosawa 1910-1998 Donald Richie reflects on Kurosawa's life, work of thirty feature films and describes his last unfinished project, a film set in the Edo period to be called *The Ocean Was Watching*. Kurosawa remains unchallenged as one of the century's greatest film directors. Through his long and distinguished career he managed, like very few others, in the teeth of a huge and relentless industry to elevate each of his films to a distinctive level of art. His *Rashomon*, one of the best remembered and most talked of films in any language, was a revelation when it appeared in 1950 and did much to bring Japanese cinema to the world's attention. Kurosawa's films display an extraordinary breadth and an astonishing strength, from the philosophic and sexual complexity of *Rashomon* to the moral dedication of *Ikiru*, from the naked violence of *Seven Samurai* to the savage comedy of *Yojimbo*, from the terror-filled feudalism of *Throne of Blood* to the piercing wit of *Sanjuro*. *More Hands-On Science* David Shaw, Kath Kovac, Jasmine Fellows, 2020-10-01 Let's get hands on with 50 fun science activities. The Courtroom as a Space of Resistance Dr. Awol Allo, 2015-08-28 This volume returns to the Rivonia courtroom to engage with Mandela's masterful performance when he stood before Justice de Wet in Pretoria's Palace of Justice and delivered one of the most spectacular and liberating statements ever made from a dock. Cutting across a wide range of critical theories and discourses, contributors reflect on the personal, spatial, temporal, performative, and literary dimensions of that constitutive event. By redefining the spaces, institutions, and discourses of law, contributors present a fresh perspective that re-sets the margins of what can be thought and said in the courtroom.
