Made In New York Case Studies In Metropo:

Made in New York Max Hall,1959 *Atlantic Metropolis* Aaron Gurwitz,2019-06-13 This book applies the contents of a working economist s tool kit to explain clearly and intuitively when and why over the course of four centuries individuals families and enterprises decided to locate in or around the lower Hudson River Valley Collectively those millions of decisions have made New York one of the twenty first century s few truly global cities A recurrent analytic theme of this work is that the ups and downs of New York s trajectory are best understood in the context of what was happening elsewhere in the broader Atlantic world Readers will find that the Atlantic perspective viewed through an economic lens goes a long way toward clarifying otherwise quite perplexing historical events and trends *Made in New York* Roy B. Helfgott,1959

Timing the Future Metropolis Peter Ekman,2024-11-15 Timing the Future Metropolis an intellectual history of planning urbanism design and social science explores the network of postwar institutions formed amid specters of urban crisis and renewal that set out to envision the future of the American city Peter Ekman focuses on one decisive node in the network the Joint Center for Urban Studies founded in 1959 by scholars at Harvard and MIT Through its sprawling programs of organized research its manifold connections to universities foundations publishers and policymakers and its years of consultation on the planning of a new city in Venezuela Ciudad Guayana the Joint Center became preoccupied with the question of how to conceptualize the urban future as an object of knowledge Timing the Future Metropolis ultimately compels a broader reflection on temporality in urban planning rethinking how we might imagine cities yet to come and the consequences of deciding not to *Monthly Labor Review* ,1960 Publishes in depth articles on labor subjects current labor statistics information about current labor contracts and book reviews Urban Mass Transportation Abstracts ,1980-07

Made in New York Max Hall,1959 Working Cities Howard Davis,2019-12-12 Cities have historically supported production commerce and consumption all central to urban life But in the contemporary Western city production has been hidden or removed and commerce and consumption have dominated This book is about the importance of production in the life of the city and the relationships between production architecture and urban form It answers the question What will cities be like when they become once again places of production and not only of consumption Through theoretical arguments historical analysis and descriptions of new initiatives Working Cities Architecture Place and Production argues that contemporary cities can regain their historic role as places of material production places where food is processed and things are made The book looks toward a future that builds on this revival providing architectural and urban examples and current strategies within the framework of a strong set of historically based arguments The book is illustrated in full colour with archival and contemporary photographs maps and diagrams especially developed for the book The diagrams help illustrate the different variables of architectural space urban location and production in different historical eras and in different kinds of industries providing a compelling visual understanding for the reader UMTA Abstracts ,1981 **Labor Divided**

Robert Asher, Charles Stephenson, 1990-01-01 *Labor Divided* is the first anthology on race ethnicity and the history of American working class struggles to give substantial attention to the experiences of African American Asian and Hispanic workers as well as to the experiences of workers from European backgrounds The essays in *Labor Divided* cover a time period of more than a century They focus on the experiences of service workers as well as factory workers women as well as men Because the American labor force presently is absorbing significant numbers of workers from abroad and especially Asian and Hispanic workers this volume will be of great interest to readers seeking historical perspectives on contemporary economic developments **Urban Transportation Abstracts** ,1982 Metropolis and Beyond Hans Blumenfeld,1979

Work, Wages, and Welfare in a Developing, Metropolis Rakesh Mohan,1986 Examining five key urban sectors of Bogata Columbia housing transport employment location labor markets and public finance this book provides a well written and concise summary of one of the largest research projects undertaken on a major city in a developing country

Consideration of the 15 Factors in the Metropolitan Planning Process Thomas F. Humphrey,1995 This synthesis will be of immediate interest to land use and transportation planning officials with special interest to state regional and local planners and administrators who must respond to the requirements of the Intermodal Surface Transportation Efficiency Act of 1991
