The Art of Sigils Gina Leslie, 2018-05-10 This book grew unintentionally out of my work with sigils which I ve been making for over 10 years Sometimes the sigils start with a specific purpose in mind I want to travel I need to find something I need direction on a decision I have to make And sometimes the sigil comes from the need to simply do something creative One day I decided to make a sigil to generate prosperity through my creativity One thing led to another and that sigil became the image on my business card Other sigil designs followed that became artwork just for the sake of creating artwork Some of the sigils inspired jewelry designs At some point I took stock of all the work I had done and realized I had enough to fill a book That s how this book was born I believe that almost everyone is creative but I think most people equate Creative with Artist and so don t believe they re creative if they re not making art This book shows you how to wake up your dormant creativity to do whatever it is you like to do best cook decorate build models or robots write dance etc If you already create Art but find yourself uninspired by a blank page canvas or otherwise need a boost this book can help you too In *The Art of Sigils* I show you my designs and give you a look inside my process so you too can find inspiration
