Mankind in the Making H G Wells,2020-03-19 Toleration to day is becoming a different thing from the toleration of former times The toleration of the past consisted very largely in saying You are utterly wrong and totally accurst there is no truth but my truth and that you deny but it is not my place to destroy you and so I let you go Nowadays there is a real disposition to accept the qualified nature of one s private certainties One may have arrived at very definite views one may have come to beliefs quite binding upon one s self without supposing them to be imperative upon other people To write I believe is not only less presumptuous and aggressive in such matters than to write it is true but it is also nearer the reality of the case **Mankind in the Making (Classic Reprint)** H.
