The New Conspirators Tom Sine, 2009-10-25 If you have faith as small as a mustard seed Jesus says in the Gospel of Matthew nothing will be impossible for you. That sounds good but does it work in a world where seeds are genetically altered by an impatient few and hard to come by for countless others. In a world where the gulf between the very rich and the profoundly poor is constantly growing can a mustard seed faith make any difference. And can such a little bit of faith be sustained in a world whose future is so uncertain on so many fronts. Tom Sine says yes and he has the audacity to try to prove it in his latest book. In *The New Conspirators* Tom surveys the landscape of creative Christianity where streams of renewal are flowing freely from diverse sources. The emerging church. Contemporary monastic movements. The missional church. The mosaic movement. Individuals and communities of faith are coalescing in and drawing energy from these four streams to retrofit the church as it leads, serves and gives witness to the kingdom of God in the turbulent times facing us. Read the book and you'll want to and be prepared to join God's conspiracy to create a better future.

Christian Treasury, 1857 **Pioneering for the Testimony of the Church** Witness Lee, 2025-06-05 In Matthew 13 the Lord Jesus gives a parable concerning a treasure and a parable concerning a pearl. These two parables present the positive condition of the churches in the Lord's recovery. The testimony of the treasure and the pearl is the gospel that we preach and the local churches that we establish bear this testimony. If we truly see the testimony of the treasure and the pearl we will give our all for this. We should stand firm in faith and preach the gospel of the kingdom. May many saints rise up and be burdened by the Lord to preach the high gospel and establish the testimony of the treasure and the pearl in every town and village. May the Lord have mercy on us.

Does America no longer feel like home. Widespread divorce rates, the erosion of traditional marriage, the popular rise of radical ideologies, attacks on faith and government interference are only a few of the factors contributing to the struggles of families in our culture. And because of the importance of healthy families to every part of our national life the breakdown of the family threatens to rob us of the country we love. But it doesn't have to be this way. Like many of us Dr. Ben Carson fears we are losing the country we love. In this provocative and ultimately hopeful book he gives us the facts, inspiration and theory to action answers we need to restore a key foundation of America the family. *The Perilous Fight* equips us to understand the hard data behind the breakdown of the family and its effects on our society including poverty, crime and deteriorating education.
