Nabokov, 1968 **Understanding Vladimir Nabokov** Stephen Jan Parker, 1987 Nabokov's Congeries Vladimir Vladimirovich Nabokov, 1968 **Vladimir Nabokov** Paul Duncan Morris, 2011-09-03 Morris re-evaluates Nabokov's poetry and demonstrates that poetry was in fact central to his identity as an author and was the source of his distinctive authorial lyric voice **Robert Smithson** Ann Reynolds, 2004-10-01 An examination of the interplay between cultural context and artistic practice in the work of Robert Smithson Robert Smithson 1938-1973 produced his best known work during the 1960s and early 1970s a period in which the boundaries of the art world and the objectives of art making were questioned perhaps more consistently and thoroughly than any time before or since In Robert Smithson Ann Reynolds elucidates the complexity of Smithson's work and thought by placing them in their historical context a context greatly enhanced by the vast archival materials that Smithson's widow Nancy Holt donated to the Archives of American Art in 1987 The archive provides Reynolds with the remnants of Smithson's working life magazines postcards from other artists notebooks and perhaps most important his library from which she reconstructs the physical and conceptual world that Smithson inhabited Reynolds explores the relation of Smithson's art making thinking about art making writing and interaction with other artists to the articulated ideology and discreet assumptions that determined the parameters of artistic practice of the time A central focus of Reynolds's analysis is Smithson's fascination with the blind spots at the center of established ways of seeing and thinking about culture For Smithson New Jersey was such a blind spot and he returned there again and again alone and with fellow artists to make art that through its location alone undermined assumptions about what and more important where art should be For those who guarded the integrity of the established art world New Jersey was elsewhere but for Smithson elsewheres were the defining if often forgotten locations on the map of contemporary culture *Pnin* Galya Diment, 2013-05-01 In this wry judiciously balanced and thoroughly engaging book Galya Diment explores the complicated and fascinating relationship between Vladimir Nabokov and his Cornell colleague Marc Szeftel who in the estimate of many served as the prototype for the gentle protagonist of the novel Pnin She offers astute comments on Nabokov's fictional process in creating Timogey Pnin and

addresses hotly debated questions and long standing riddles in Pnin and its history Between the two of them Nabokov and Szeftel embodied much of the complexity and variety of the Russian postrevolution emigre experience in Europe and the United States Drawing on previously unpublished letters and diaries as well as on interview with family friends and colleagues Diment illuminates a fascinating cultural terrain Pnin the epic of Pnin begins with Szeftel's early life in Russia and ends with his years in Seattle at the University of Washington turning pivotally upon the time in Szeftel's and Nabokov's lives intersected at Cornell Nabokov apparently was both amused by and admiring of the innocence of his historian friend Szeftel's feelings towards Nabokov were also mixed ranging from intense disappointment over rebuffed attempts to collaborate with Nabokov to persistent envy of Nabokov's success and an increasing wistfulness over his own sense of failure

Conversations with Vladimir Nabokov Robert Golla, 2017-04-06 *Conversations with Vladimir Nabokov* brings together candid revealing interviews with one of the twentieth century's master prose writers Vladimir Nabokov 1899-1977 was a Russian American scientist poet translator and professor of literature Critics throughout the world celebrated him for developing the luminous and enigmatic style that advanced the boundaries of modern literature more than any author since James Joyce In a career that spanned over six decades he produced dozens of iconic works including *Lolita* *Pale Fire* *Invitation to a Beheading* and his classic autobiography *Invitation to a Beheading* The twenty eight interviews and profiles in this collection were drawn from Nabokov's numerous print and broadcast appearances over a period of nineteen years Beginning with the controversy surrounding the American publication of *Lolita* in 1958 he offers trenchant witty views on society literature education the role of the author and a range of other topics He discusses the numerous literary and symbolic allusions in his work his use of parody and satire as well as analyses of his own literary influences Nabokov also provided a detailed portrait of his life from his aristocratic childhood in prerevolutionary Russia education at Cambridge apprenticeship as an emigré writer in the capitals of Europe to his decision in 1940 to immigrate to the United States where he achieved renown and garnered an international readership The interviews in this collection are essential for seeking a clearer understanding of the life and work of an author who was pivotal in shaping the landscape of contemporary fiction Vladimir Nabokov Neil Cornwell, 1999 Vladimir Nabokov's extraordinary literary career as a master of Russian and English prose is unique Acclaimed in the limited Russian emigré world under the name of Sirin Nabokov switched to writing in English and settled in America a refugee from Hitler's Europe Exile memory lost love and the magic of childhood are among his themes stylistic and structural dexterity are his hallmarks *Lolita* ranked number 4 in the 1998 New York Modern Library list of 100 best novels of the century published in English enabled him to retire to a final and productive period of European residence Film versions of his most controversial novel keep Nabokov's name before the public while almost his entire oeuvre remains currently available in paperback Neil Cornwell's study published for the Nabokov centenary examines five of Nabokov's major novels plus his short stories and critical writings situating his work against the ever expanding mass of VN scholarship and noting his cultural debt to Russia

Europe America and the British Isles **Vladimir Nabokov** Alan Levy,2015-09-29 The Velvet Butterfly is the third in a series of introductions to some of our major literary figures by the noted cultural journalist and foreign correspondent Alan Levy The Models of Space, Time and Vision in V. Nabokov's Fiction Marina Grishakova,2006 Because of his rejection of socio political engagement Vladimir Nabokov is often regarded as a virtuoso artist of the ivory tower variety aloof from the contemporary march of the minds Marina Grishakova's book however points to the relationship between his narrative techniques and some of the scientific metaphysical and ethical ideas on the inner agenda of the twentieth century It connects Nabokov's handling of time space and perspective in his fiction with the philosophical models constructed by his contemporaries also showing in what ways he may have been ahead of his time **Vladimir Nabokov** Professor Norman Page,Norman Page,2013-11-05 This set comprises of 40 volumes covering nineteenth and twentieth century European and American authors These volumes will be available as a complete set mini boxed sets by theme or as individual volumes This second set compliments the first 68 volume set of Critical Heritage published by Routledge in October 1995 *Selected Letters, 1940-1977* Vladimir Nabokov,2018-06-01 Wonderful compulsively readable delicious personal correspondences spanning decades in the life and literary career of the author of Lolita The Washington Post Book World An icon of twentieth century literature Vladimir Nabokov was a novelist poet and playwright whose personal life was a fascinating story in itself This collection of more than four hundred letters chronicles the author's career recording his struggles in the publishing world the battles over Lolita and his relationship with his wife among other subjects and gives a surprising look at the personality behind the creator of such classics as Pale Fire and Invitation to a Beheading and delight follows John Updike

Style is Matter Leland De la Durantaye,2007 How should we read Lolita The beginning of an answer is that we should read it the way all great works deserve to be read with attention and intelligence But what sort of attention should we pay and what sort of intelligence should we apply to a work of art that recounts so much love so much loss so much thoughtlessness and across which flashes something we might be tempted to call evil To begin with we should read with the attention and intelligence we call empathy A point on which all readers can agree is that great literature offers us a lesson in empathy it encourages us to feel with the strange and the familiar the strong and the weak the vulgar and the cultivated the young and the old the lover and the beloved It urges us to see our own fates as connected to those of others to link the starry sky we see above us with whatever moral laws we might sense within from Style is Matter Some of my characters are no doubt pretty beastly but I really don't care they are outside my inner self like the mournful monsters of a cathedral facade demons placed there merely to show that they have been booted out Vladimir Nabokov Strong Opinions With this quote Leland de la Durantaye launches his elegant and incisive exploration of the ethics of art in the fiction of Vladimir Nabokov Focusing on Lolita but also addressing other major works especially Speak Memory and Pale Fire the author asks whether the work of this writer whom many find cruel contains a moral message and if so why that message is so artfully concealed

Style is Matter places Nabokov's work once and for all into dialogue with some of the most basic issues concerning the ethics of writing and of reading itself De la Durantaye argues that Humbert's narrative confession artfully seduces the reader into complicity with his dark fantasies and even darker acts until the very end where he expresses his bitter regret for what he has done In this sense *Lolita* becomes a study in the danger of art the artist's responsibility to the real world and the perils and pitfalls of reading itself In addition to Nabokov's fictions de la Durantaye also draws on his nonfiction writings to explore Nabokov's belief that all genuine art is deceptive as is nature itself Through de la Durantaye's deft and compelling writing we see that Nabokov learned valuable lessons in mimicry and camouflage from the intricate patterns of the butterflies he adored

The Excitement of Verbal Adventure: A Study of Vladimir Nabokov's English Prose Jürgen Bodenstein, 1977 [Turgenev and Russian Culture](#), 2008-01-01 The present volume has as its central aim a reassessment of the works of Ivan Turgenev for the twenty-first century Against the background of a decline in interest in nineteenth-century literature the articles gathered here seek to argue that the period in general and his work in particular still have much to offer the modern sensibility The volume also offers a great variety of approaches Some of the contributors tackle major works by Turgenev including *Rudin* and *Smoke* while others address key themes that run through all his creative work Yet others address his influence as well as his broader relationship with Russian and other cultures A final group of articles examines other key figures in Russian literary culture including Belinskii Herzen and Tolstoi The work will therefore be of interest to students postgraduates and specialists in the field of Russian literary culture At the same time they will stand as a tribute to the life and work of Professor Richard Peace a long-standing specialist in nineteenth-century Russian literature in whose honour the volume has been compiled **Books Are Not Life But Then What Is?** Marvin Mudrick, 2017-06-14 *Books Are Not Life But Then What Is* demonstrates how much Marvin Mudrick loved life and celebrated the dignity of life in literature It's helpful to be reminded now and then he writes that while novelists persist in their noisy betrayals of human dignity living has a longer history than reading and truth than fiction Mudrick insists on seeing authors and their characters as people and he describes and judges them as frankly as if they were living among us In this collection we meet heroes monsters and every shade of character in between Chaucer Pepys Rochester Boswell Jane Austen and Anne Elliot Dickens and Pecksniff Pushkin Tolstoy Kafka Edmund Wilson and many other novelists scholars and critics We get to know each of them so vivid are Mudrick's quotations and commentary Essay after essay demonstrates that good criticism can amplify both life and literature

Nabokov's Invitation to a Beheading Julian W. Connolly, 1997 In an unnamed dream country Cincinnatus C is condemned to death by beheading for gnostical turpitude an imaginary crime that defies definition After spending his last days in jail he simply wills his executioners out of existence *Vladimir Nabokov* D. Rampton, 2012-11-13 A clearly written insightful study of Nabokov the novelist providing an expert analysis of the 17 novels he wrote during a career spanning more than 50 years one of the most impressive challenging and controversial literary achievements of our time
