Nature, Intelligibility and Metaphysics Hae Soo Pyun,1972-01-01 **John Dewey's Aesthetic Philosophy** Philip M. Zeltner,1975-01-01 **E.A. Burtt, Historian and Philosopher** D. Villemaire,2002-02-28 Here is a much needed study of the American historian and philosopher E A Burtt H Floris Cohen author of *The Scientific Revolution A Historiography* has described Burtt as an individual thinker beyond philosophical or historical currents or fashion Burtt s book *The Metaphysical Foundations of Modern Physical Science* is something of a puzzle within the context of twentieth century intellectual history especially American intellectual history Burtt s pioneering study of the scientific revolution has proved to prophetic in its rejection of both scientism and positivism Published in 1924 Burtt s book continues to be read in educated circles and remains both the rose and the thorn on university reading lists raising skeptical questions about science methods and science knowledge just as it did seventy five years ago This book examines Burtt s public academic and personal life From his politics of conscience after World War I on through the Cold War Burtt is shown to be a man of unparalleled integrity whose relentless search for philosophic understanding drove his more quixotic philosophical quests and steered his personal life including its tragic dimension toward simple virtue The many who have been affected by *The Metaphysical Foundations* will be especially interested in this new perspective on the life and thought of its author Those who have not read Burtt s books might be inspired to study this unusual American thinker **History of Mind: Studies in the Philosophy of Simo Knuuttila** Ritva Palmén,José Filipe Silva,2024-12-02 Simo Knuuttila was an influential philosopher theologian and historian of philosophy who conducted research on a variety of topics including modalities emotions perception and change in different historical periods from Ancient to Modern His contribution to the study of modalities and emotions was groundbreaking and trendsetting with a lasting impact on the area In this volume a group of international scholars all of whom worked directly with Knuuttila elaborate on some of those topics trying to understand the core interpretative ideas the polemical aspects and how to develop those interpretations in different authors and or conceptual frameworks The result is an unique volume that presents a broad range of perspectives on key topics in the history of philosophy in the last decades both influenced and challenging the interpretations advocated by Knuuttila *Indian Philosophy Since Independence* Dale Maurice Riepe,1979-01-01 This concludes the first volume of *Indian Philosophy Since Independence* the second volume includes the following chapters P iv v 1 *Explorations in Philosophy and Society* Charles Cunneen,1978-01-01 *The Phenomenology of Charles S.
