When Media Goes to War Anthony DiMaggio, 2010-02-01 In this fresh and provocative book Anthony DiMaggio uses the war in Iraq and the United States confrontations with Iran as his touchstones to probe the sometimes fine line between news and propaganda Using Antonio Gramsci's concept of hegemony and drawing upon the seminal works of Noam Chomsky Edward Herman and Robert McChesney DiMaggio combines a rigorous empirical analysis and clear lucid prose to enlighten readers about issues essential to the struggle for a critical media and a functioning democracy If as DiMaggio shows our newspapers and television news programs play a decisive role in determining what we think and if as he demonstrates convincingly what the media give us is largely propaganda that supports an oppressive and undemocratic status quo then it is incumbent upon us to make sure that they are responsive to the majority and not just the powerful and privileged few
