

WHAT IS NCLEX-PN?

- To obtain a license as a Practical Nurse, you must pass the National Council Licensure Examination for Practical Nurses (NCLEX-PN).
- The purpose of the National Council Licensure Examination (NCLEX) is to determine if a candidate meets the requirements to provide safe and effective nursing care at the entry level.
- This exam is significantly different from tests taken in nursing school.
- Most nursing school exams are knowledge-based.
- The NCLEX-PN is application-based; you are tested on your critical thinking skills for making nursing judgments, organized according to a framework of "moving client needs"; consists of cognitive-level questions to test knowledge, comprehension, application, and analysis.
- Many nursing programs are based on the medical model where students take separate medical, surgical, pediatric, psychiatric, and obstetric classes. - With NCLEX-PN all content is integrated.

REGISTRATION INFORMATION

- Obtain the NCLEX Examination Candidate Bulletin (www.nclex.org) for directions.
- Submit application to board of nursing in state or territory you are to be licensed in; be sure to meet the board's deadline.
- Register using one of following methods:

For All Jurisdictions except Massachusetts:

| <p>By Mail</p> | <p>Address: NCLEX Examination Program
Pearson Professional Testing
5501 Green Valley Drive
Bloomington, MN 55417-1000</p> |

Note: You must enclose certified check, cashiers check, or money order (made payable to National Council of State Boards of Nursing) for \$200.00 U.S. - Credit card cannot be used when registering by mail.

For Massachusetts only:

- Follow registration procedures established by the jurisdiction.
- Register through your own jurisdiction.
- Do not send registration materials in the NCLEX envelope enclosed in the Candidate's Bulletin.
- You cannot register by telephone or on the Web; all present.

REGISTRATION FEE

- The fee is \$269.00 U.S.
- There may be other fees for the board of jurisdiction that you apply to; check your nursing board.
- Once the licensure application is approved, an "Authorization to Test" is mailed to the candidate.
- The candidate contacts the test center to schedule exam.

REGISTRATION TIME LIMIT

- All registrations are effective for 365 days.
- The time limit begins when the nursing board receives the candidate's registration from the test center.
- Candidates who are not made eligible by their board within 365 days forfeit that registration, including the registration fee.

ADMINISTRATION OF NCLEX-PN

- Test centers are located across the U.S. territories, including American Samoa, District of Columbia, Guam, Northern Mariana Islands, Puerto Rico, and Virgin Islands.
- Pearson Professional Testing provides test development and test administration services for the exam.
- Final competence is not determined by the number of questions answered.
- Since April 1994, the test has been administered using Computerized Adaptive Testing (CAT).

COMPUTERIZED ADAPTIVE TESTING (CAT)

- Test questions are classified by category and level of difficulty.
- Level of difficulty was previously determined by pre-testing thousands of NCLEX candidates.
- The mix of exam questions for each candidate is unique, based on the answer to the previous question; for example:
- The first question is cognitive map, and if answered correctly the next question is more difficult.
- If you continue to answer correctly, the questions become increasingly difficult.
- When you start answering incorrectly, the questions get easier until you start answering correctly again.
- This "zigzagging" process continues until enough questions are answered to determine a pass or a fail.
- NCLEX decisions are not based solely on how many questions are answered correctly, but also on the difficulty of the questions that the candidate answers correctly.
- After the minimum number of questions are answered (80), the computer compares the ability level with the standard required for passing.
- If level is below passing after a minimum number of questions, the computer continues to ask more questions (maximum 200) until ability level is a clear pass or fail, then the exam ends.
- Because the exam continues to the level where the candidate consistently answers 90% of the questions correctly, in the end, everyone answers 90% correctly.
- The difference is in the difficulty of the questions; the pass/fail decision is based on the ability level corresponding to difficulty, not on a percent of correct answers.
- Prior test computer experience is not required; all candidates receive the same training before taking the exam, including keyboard practice.
- Only two keyboard keys are needed to take the exam: space bar and enter key.
- The allowed time for the exam is a maximum of 5 hours.
