Private War An American Code Officer In The Belgian Congo

Blake Allmendinger

Private War An American Code Officer In The Belgian Congo:

A Private War Robert Laxalt, 1998 But Laxalt's war was an inward one as well Embittered by his country's rejection of his wish to serve it Laxalt left the U S hoping never to see it again but his tenure in the tropics helped him realize what his country meant to him

Spies in the Congo Susan Williams, 2018 Spies in the Congo is the untold story of one of the most tightly guarded secrets of the Second World War America's desperate struggle to secure enough uranium to build its atomic bomb The Shinkolobwe mine in the Belgian Congo was the most important deposit of uranium yet discovered anywhere on earth vital to the success of the Manhattan Project Given that Germany was also working on an atomic bomb it was an urgent priority for the US to prevent uranium from the Congo being diverted to the enemy a task entrusted to Washington's elite secret intelligence agents Sent undercover to colonial Africa to track the ore and to hunt Nazi collaborators their assignment was made even tougher by the complex political reality and by tensions with Belgian and British officials A gripping spy thriller Spies in the Congo is the true story of unsung heroism of the handful of good men and one woman in Africa who were determined to deny Hitler his bomb

The Troubled Heart of Africa Robert B. Edgerton, 2024-06-04 This book serves as a basic primer on how one of the world's most mineral rich countries was turned into one of its greatest tragedies Publishers Weekly Written over a century ago Joseph Conrad's Heart of Darkness continues to dominate our vision of the Congo unlikely as it might seem that a late Victorian novella could encapsulate a country roughly equal in size to the United States east of the Mississippi Conrad's Congo is hell itself a place where civilization won't take where literal and metaphor darkneses converge and where human conduct unmoored from social Western in other words norms turns barbaric As Robert Edgerton shows in this crisply narrated yet sweeping work of history the Congo is still trying to awaken from the nightmare of its past struggling to pull free from the grip of the heart of darkness cliché Plundered for centuries for its natural resources which remain Africa's most abundant the Congo was not always a place of horror Before the Portuguese landed on its shores at the end of the 15th century it was a prosperous and thriving region The Congo River the world's second longest as well as the deepest and one of the only routes to the continent's interior provided indigenous populations with ample means for living and trading What the Portuguese found first to exploit were people and with the slave trade began a dizzying downward spiral of conquest and degradation that continued for centuries By the 19th century the race to explore the full length of the legendary river masked a fight for territorial and moral control among the French Arabs British Germans as well as American missionaries all of whom dreamed of possessing Africa's very heart When King Leopold of Belgium managed to solidify control in 1885 the Congo question seemed solved His reign of course was almost pathological in its cruelty the true source of Conrad's horror and its grim legacy endures to this day Edgerton documents the Congo's long sad history with a sense of empathy with and admiration for the character of the land and its inhabitants Since independence in June 1960 the country has endured the machinations and disappointments of one dictator after another beginning with Patrice Lumumba and

continuing through Joseph Mobutu Laurent Kabila and today Kabila's son Joseph who assumed power after his father was assassinated in January 2001 Whether called the Congo Free State or Zaire or the Democratic Republic of the Congo the country remains perilously unstable The Troubled Heart of Africa is the only book to give a complete history of the Congo filling in the blanks in the country's history before the advent of Henry Stanley David Livingstone King Leopold and other figures and carrying us straight into today's headlines The Congo continues today to be the subject of intense speculation and concern and with good reason upon it hangs the fate of sub Sahara Africa as a whole Here is a book that helps us face the stark truths of the Congo's past and appreciate both the enormous potential and uncertainty of its future *In Mortal Hands* Stephanie Cooke,2009-04-28 A provocative history of nuclear power explores the pros and cons of nuclear energy as a power source that has given way to international tension and weapons development in a critical assessment that also considers nuclear energy's possible role in countering global warming Historical Dictionary of the Democratic Republic of the Congo Emizet Francois Kisangani,Scott F. Bobb,2009-10-01 The third edition of the Historical Dictionary of the Democratic Republic of the Congo looks back at the nearly 48 years of independence over a century of colonial rule and even earlier kingdoms and groups that shared the territory This is done through a chronology an introductory essay a bibliography and over 800 cross referenced dictionary entries on civil wars mutinies notable people places events and cultural practices

Tongues of Settlement Blake Allmendinger,2025-05 Known for their cultural traditions celebrated cuisine and distinct language Basque peoples originated in a small area in the Pyrenees Mountains called Euskal Herria or the Basque Country Over the centuries large numbers of Basques have left their homeland to settle throughout Spain France North America Latin America and South Africa accompanied by their unique language and literature Tongues of Settlement traces how Basque emigrants and their descendants have adapted to the Americas by interacting with the land and people while inscribing their presence and producing a body of literature distinct from the literature of Euskal Herria Blake Allmendinger explores the evolving relationship between language and place analyzing forms of remembrance used to signify the Basque presence in numerous countries especially in the western United States where most immigrants settled and where their descendants currently reside Tongues of Settlement considers what eventually happens as assimilated Basques relinquish their native language yet maintain a connection to place It includes works by Basque authors translated into English recounting their experiences in the American West books by Basque American writers whose narratives are set at least in part in the Basque Country popular genres published by Basque American authors and recurrent themes in Basque American literature In this first comprehensive study Allmendinger traces the evolution of Basque American literature from its origins in medieval oral culture to the creation of a literary renaissance in the twenty first century American West *White Malice* Susan Williams,2021-08-10 A revelatory history of how postcolonial African Independence movements were systematically undermined by one nation above all the US In 1958 in Accra Ghana the Hands Off Africa conference brought together the

leading figures of African independence in a public show of political strength and purpose The charismatic Kwame Nkrumah who had just won Ghana's independence led a determined appeal for Pan Africanism Young idealistic leaders across the continent as well as African Americans seeking civil rights at home heeded his call Yet a moment that signified a new era of African freedom simultaneously marked a new era of foreign intervention and control In *White Malice* Susan Williams unearths the CIA's covert operations from Ghana to the Congo to the UN which frustrated the attempts of Africa's new generation of nationalist leaders to establish democratic governance These revelations dramatically upend the conventional wisdom that African nations failed to establish effective democratic states on their own accord As the old European powers moved out the US moved in Drawing on original research and recently declassified documents Williams introduces readers to idealistic African leaders and to the secret agents ambassadors and even presidents who deliberately worked against them forever altering the future of a continent

The Land of My Fathers Robert Laxalt, 2012-02-01 In 1960 renowned Nevada writer Robert Laxalt moved himself and his family to a small Basque village in the French Pyrenees The son of Basque emigrants Laxalt wanted to learn as much as he could about the ancient and mysterious people from which he was descended and about the country from which his parents came Thanks to his Basque surname and a wide network of family connections Laxalt was able to penetrate the traditional reserve of the Basques in a way that outsiders rarely can In the process he gained rare insight into the nature of the Basques and the isolated beautiful mountain world where they have lived for uncounted centuries Based on Laxalt's personal journals of this and a later sojourn in 1965 *The Land of My Fathers* is a moving record of a people and their homeland Through Laxalt's perceptive eyes and his wife Joyce's photographs we observe the Basques market days and festivals join their dove hunts and harvests share their humor and history their deep sense of nationalism their abiding pride in their culture and their homes and discover the profound sources of the Basques strength and their endurance as a people Photography by Joyce Laxalt

Historical Dictionary of World War II Anne Sharp Wells, 2013-12-24 This dictionary covers the complex and costly conflict that began when Germany ruled by Adolf Hitler and the Nazi Party invaded neighboring Poland on 1 September 1939 and concluded when Germany surrendered on 7 May 1945 leaving much of the European continent in ruins and its population devastated The war against Germany Italy and the other European Axis members was fought primarily in Europe the Mediterranean the Middle East East and North Africa and the Atlantic Ocean The Axis powers were defeated by the Allies led by the Grand Alliance of Great Britain the United States and the Union of Soviet Socialist Republics *The Historical Dictionary of World War II* The War against Germany and Italy relates the history of this war through a chronology an introductory essay maps and photos and an extensive bibliography The dictionary section has more than 300 cross referenced entries on the countries and geographical areas involved in the war as well as the nations remaining neutral wartime alliances and conferences significant civilian and military leaders and major ground naval and air operations This book is an excellent access point for students researchers

and anyone wanting to know more about World War II *Hiroshima* Andrew J. Rotter, 2008-02-28 The US decision to drop an atomic bomb on the Japanese city of Hiroshima on 6 August 1945 remains one of the most controversial events of the twentieth century However the controversy over the rights and wrongs of dropping the bomb has tended to obscure a number of fundamental and sobering truths about the development of this fearsome weapon The principle of killing thousands of enemy civilians from the air was already well established by 1945 and had been practised on numerous occasions by both sides during the Second World War Moreover the bomb dropped on Hiroshima was conceived and built by an international community of scientists not just by the Americans Other nations including Japan and Germany were also developing atomic bombs in the first half of the 1940s albeit haphazardly Indeed it is difficult to imagine any combatant nation foregoing the use of the bomb during the war had it been able to obtain one The international team of scientists organized by the Americans just got there first As this fascinating new history shows the bomb dropped by a US pilot that hot August morning in 1945 was in many ways the world's offspring in both a technological and a moral sense And it was the world that would have to face its consequences strategically diplomatically and culturally in the years ahead **Jaialdi** Nancy Zubiri, 2022-06-15 Jaialdi A Celebration of Basque Culture is a photographic showcase of the largest Basque festival in the United States held in Boise Idaho every five years Jaialdi is a celebration of the traditions of Basque food dancing music food and competitive feats of strength The photography of Jon C Hodgson combined with the writing of Basque American expert Nancy Zubiri captures the essence of the ancient Basque people who have adapted their culture to the Western American landscape *Sweet Promised Land, 50th ed.* Robert Laxalt, 2007-03-05 How long has it been since you fell in love with a book Dominique Laxalt was sixteen when he left the French Pyrenees for America He became a shepherd in the Nevada desert and nearby hills of the Sierra Like all his fellow Basque immigrants Dominique dreamed of someday returning to the land of his beginnings Most Basques never made the journey back but Dominique finally did return for a visit with family and friends Sweet Promised Land is the story of that trip told by his son Robert who accompanied him to the pastoral mountain village of Tardets in France Dominique came home victorious the adventurer who had conquered the unknown and found his fortune in the New World He told of his life in America the hardships and challenges and began to realize that he had changed since his departure from Tardets By the end of the visit he knew with certainty where he belonged During the past fifty years this book has become a classic in Western American literature still beloved by the Basque American community In celebration of the fiftieth anniversary of the book's publication western literature scholar Ann Ronald wrote a new foreword discussing the book in the context of American and Nevada literature Robert Laxalt David Río, 2007 Presents a study of the life and work of Basque American author Robert Laxalt This book analyzes the representation of the Basques throughout Laxalt's varied literary production with special attention to the different themes characters motives and settings present in fifteen of his novels *Homefront* Victoria Kelly, 2024-01-30 Inspired by Victoria Kelly's experiences as

the wife of a fighter pilot during three wartime deployments this collection follows women whose lives have been impacted by war and military service as they struggle with their fragile ideas of home In *Prayers of an American Wife* a Navy wife grapples with loneliness when she discovers that her neighbor also a Navy wife is having an affair while their husbands are deployed on the same aircraft carrier Tensions rise in *The Strangers of Dubai* as a soldier on leave tries to buy his wife a souvenir from an Afghan vendor After attending eight funerals with fellow military wives whose husbands died in the Iraq war the protagonist in *Finding the Good Light* divorces her Navy husband and tries to start a new life as a movie star These along with the eleven other stories in this collection explore the emotional landscape of the resilient women who remain on the homefront Kelly's stories offer readers an intimate eye opening look into the sacrifices and steadfastness of military family members

Uranium Chetan Bisaria,1982 *Uranium* Tom Zoellner,2009-03-05 The fascinating story of the most powerful source of energy the earth can yield Uranium is a common element in the earth's crust and the only naturally occurring mineral with the power to end all life on the planet After World War II it reshaped the global order whoever could master uranium could master the world Marie Curie gave us hope that uranium would be a miracle panacea but the Manhattan Project gave us reason to believe that civilization would end with apocalypse Slave labor camps in Africa and Eastern Europe were built around mine shafts and America would knowingly send more than six hundred uranium miners to their graves in the name of national security Fortunes have been made from this yellow dirt massive energy grids have been run from it Fear of it panicked the American people into supporting a questionable war with Iraq and its specter threatens to create another conflict in Iran Now some are hoping it can help avoid a global warming catastrophe In *Uranium* Tom Zoellner takes readers around the globe in this intriguing look at the mineral that can sustain life or destroy it Historical Dictionary of Democratic Republic of the Congo (Zaire) Scott F. Bobb,1999-08-28 Entries explain important concepts events figures and contributing factors to the history of the Democratic Republic of the Congo They look at 30 years of dictatorship almost 40 years of independence over a century of colonial rule and earlier groups and kingdoms that shared the territory Includes a guide to name changes a chronology a political map and a map of mines and infrastructure plus tables on trade production and the economy

Dulce tierra prometida Laxalt, Robert,2014-05-10 Esta narraci n que cuenta los avatares de un pastor emigrante de Zuberia en Nevada cuenta con una larga trayectoria hasta haberse traducido al castellano despu s de dos decadas de su publicaci n original en ingl s Este libro que fue y ha sido todo un best seller en Estados Unidos y en Europa viene a cubrir casi una deuda con este autor de origen vasco testimonio m s tangible de la literatura de la di spora vasca en Am rica

While this might not be the Private War An American Code Officer In The Belgian Congo full book, it can give you a taste of the authors writing style. Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of Private War An American Code Officer In The Belgian Congo eBooks, including some popular titles.

FAQs About Private War An American Code Officer In The Belgian Congo Books

What is a Private War An American Code Officer In The Belgian Congo PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Private War An American Code Officer In The Belgian Congo PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Private War An American Code Officer In The Belgian Congo PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Private War An American Code Officer In The Belgian Congo PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Private War An American Code Officer In The Belgian Congo PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, iLovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print

restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
